

# Short Answer Questions (S.A.Q.)

- Short Answer Questions are an opportunity for you, the student, to strut your intellectual stuff through **the selection of prime text evidence and weaving that textual support with your own commentary.**

**Part A** - Like all short answer questions, the first step is to answer the question in your own words simply and directly.

**Part B** - The next important step is to find **two** direct quotes from the text that directly support your answer and embed them in your own writing.

**Part C** - The final, ultimate step is to use your own words to explain how the direct text quotes support your answer.
