Black Ants And Buddhists Thinking Critically And Teaching Differently In The Primary Grades

Black Ants and Buddhists Mary Cowhey,2006 What would a classroom look like if understanding and respecting differences in race culture beliefs and opinions were at its heart Welcome to Mary Cowhey s Peace Class in Northampton MA where first and second graders view the entire curriculum through the framework of understanding the world and trying to do their part to make it a better place Woven through the book is Mary s unflinching and humorous account of her own roots in a struggling large Irish Catholic family and her early career as a community activist Mary s teaching is infused with lessons of her heroes Gandhi Eleanor Roosevelt Helen Keller Martin Luther King and others Her students learn to make connections between their lives the books they read the community leaders they meet and the larger world If you were inspired to become a teacher because you wanted to change the world and instead find yourself limited by teach to the test pressures this is the book that will make you think hard about how you spend your time with students It offers no easy answers just a wealth of insight into the challenges of helping students think critically about the world and starting points for conversations about diversity and controversy in your classroom as well as in the larger community

Black Ants and Buddhists Mary Cowhey,2023-10-10 What would a classroom look like if understanding and respecting differences in race culture beliefs and opinions were at its heart If you were inspired to become a teacher because you wanted to develop young minds but now find yourself limited by teach to the test pressures and state standards Mary Cowhey s book *Black Ants and Buddhists Thinking Critically and Teaching Differently in the Primary Grades* will reignite the passion and remind you that educators provide more than test prep Starting her career as a community activist Cowhey shares her roots and how they influenced her Peace Class where she asks her students to think critically learn through activism and discussion and view the entire curriculum through the framework of understanding the world and what they can do to make it a better place Woven through the book is Mary s unflinching and humorous account of her own roots as well as lessons from her heroes Gandhi Eleanor Roosevelt Helen Keller Martin Luther King Jr and others Her students learn to make connections between their lives the books they read the community leaders they meet and the larger world *Black Ants and Buddhists* offers no easy answers but it does include starting points for conversations about diversity and controversy in your classroom as well as in the larger community Students and teachers investigate problems and issues together in a multicultural antiracist classroom

The Subaltern Speak Michael W. Apple,Kristen L. Buras,2013-01-11 The question of whose perspective experience and history is privileged in educational institutions has shaped curriculum debates for decades In this insightful collection Michael W Apple and Kristen L Buras interrogate the notion that some knowledge is worth more than others *The Subaltern Speak* combines an analysis of the ways in which various forms of power now operate with a specific focus on spaces in which subaltern groups act to reassert their own perceived identities cultures and histories

Seen and Heard Ellen Lynn Hall, Jennifer Kofkin Rudkin, 2011-01-13 Using examples from a Reggio inspired school with children from ages 6 weeks to 6 years the authors emphasize the importance of children s rights and our responsibility as adults to hear their voices Seen and Heard summarizes research and theory pertaining to young children s rights in the United States and offers strategies educators can use to ensure the inclusion of children s perspectives in everyday decisions Real life classroom vignettes illustrate how young children perceive the idea of rights through observation and discussion The authors work is based on these essential ideas 1 the one hundred languages children use for exploring discovering constructing representing and conveying their ideas 2 the pedagogy of listening in which children and adults carefully attend to the world and to one another 3 the notion that all children have the right to participate in the communities in which they reside

Sophie's World Jostein Gaarder, 2007-03-20 A page turning novel that is also an exploration of the great philosophical concepts of Western thought Jostein Gaarder's Sophie's World has fired the imagination of readers all over the world with more than twenty million copies in print One day fourteen year old Sophie Amundsen comes home from school to find in her mailbox two notes with one question on each Who are you and Where does the world come from From that irresistible beginning Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village Through those letters she enrolls in a kind of correspondence course covering Socrates to Sartre with a mysterious philosopher while receiving letters addressed to another girl Who is Hilde And why does her mail keep turning up To unravel this riddle Sophie must use the philosophy she is learning but the truth turns out to be far more complicated than she could have imagined

Mastering the Core Teachings of the Buddha Daniel Ingram, 2020-01-20 The very idea that the teachings can be mastered will arouse controversy within Buddhist circles Even so Ingram insists that enlightenment is an attainable goal once our fanciful notions of it are stripped away and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self absorbed mind noise Ingram sets out concisely the difference between concentration based and insight vipassana meditation he provides example practices and most importantly he presents detailed maps of the states of mind we are likely to encounter and the stages we must negotiate as we move through clearly defined cycles of insight Its easy to feel overawed at first by Ingram's assurance and ease in the higher levels of consciousness but consistently he writes as a down to earth and compassionate guide and to the practitioner willing to commit themselves this is a glittering gift of a book In this new edition of the bestselling book the author rearranges revises and expands upon the original material as well as adding new sections that bring further clarity to his ideas

Living Is Dying Dzongsar Jamyang Khyentse, 2020-03-31 An insightful collection of teachings about death and dying to help face life's greatest mystery calmly and with equanimity Lifetimes of effort go into organizing designing and structuring every aspect of our lives but how many people are willing to contemplate the inevitability of death Although dying is an essential part of life it is an uncomfortable topic that most people avoid With no idea what will happen when we die and a strong desire to sidestep the conversation we make all kinds of assumptions Living Is Dying collects teachings about death and the bardos that have been passed down through a long lineage of brilliant Buddhist masters each of whom went to great lengths to examine the process in minute detail Renowned author and teacher Dzongsar Jamyang Khyentse responds to the most common questions he's been asked about death and dying exploring how one prepares for death what to say to a loved one who is dying and prayers and practices to use as a handhold when approaching the unknown territory of death Whether you are facing death today or decades from now preparing for it can help to allay your worst fears and help you appreciate what it means to be truly alive
