[Independence Hall](#) Apr 21 2023 Some of the most important documents in American history were composed and debated within the Pennsylvania State House, now known as Independence Hall. In 1776, the Second

Continental Congress voted to approve the Declaration of Independence, which said that the American colonies would no longer be subject to the British rule. In 1787, Independence Hall hosted discussions for a new Constitution, which even today remains the foundation of government for the United States. The Liberty Bell, which once hung in the steeple of Independence Hall, has also become an important American symbol. Today, millions of people visit Independence Hall each year to celebrate the origins of America.

The Well of Loneliness Mar 28 2021 This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Ruth Hall and Other Writings May 30 2021 Fanny Fern was one of the most popular American writers of the mid-nineteenth century, the first woman newspaper columnist in the United States, and the most highly paid newspaper writer of her day. This volume gathers together for the first time almost one hundred selections of her best work as a journalist. Writing on such taboo subjects as prostitution, venereal disease, divorce,

and birth control, Fern stripped the façade of convention from some of society's most sacred institutions, targeting cant and hypocrisy, pretentiousness and pomp.

Warlock Jan 07 2022 Oakley Hall's legendary Warlock revisits and reworks the traditional conventions of the Western to present a raw, funny, hypnotic, ultimately devastating picture of American unreality. First published in the 1950s, at the height of the McCarthy era, Warlock is not only one of the most original and entertaining of modern American novels but a lasting contribution to American fiction. "Tombstone, Arizona, during the 1880's is, in ways, our national Camelot: a never-never land where American virtues are embodied in the Earps, and the opposite evils in the Clanton gang; where the confrontation at the OK Corral takes on some of the dry purity of the Arthurian joust. Oakley Hall, in his very fine novel Warlock has restored to the myth of Tombstone its full, mortal, blooded humanity. Wyatt Earp is transmogrified into a gunfighter named Blaisdell who . . . is summoned to the embattled town of Warlock by a committee of nervous citizens expressly to be a hero, but finds that he cannot, at last, live up to his image; that there is a flaw not only in him, but also, we feel, in the entire set of assumptions that have allowed the image to exist. . . . Before the agonized epic of Warlock is over with—the rebellion of the proto-Wobblies working in the mines, the struggling for political control of the area, the gunfighting, mob violence, the personal crises of those in power—the collective awareness that is Warlock must face its own inescapable Horror: that what is called society, with its law and order, is as frail, as precarious, as flesh and can be snuffed out and assimilated back into the desert as easily as a corpse can. It is the deep sensitivity to abysses that makes Warlock one of our best American novels. For we are a nation that can, many of us, toss with all aplomb our candy wrapper into the Grand Canyon itself, snap a color shot and drive away; and we need voices like Oakley Hall's to remind us how far that piece of paper, still fluttering brightly behind us, has to fall." —Thomas Pynchon

Tyranny Comes Home Dec 18 2022 Many Americans believe that foreign military intervention is central to protecting our domestic freedoms. But Christopher J. Coyne and Abigail R. Hall urge engaged citizens to think again. Overseas, our government takes actions in the name of defense that would not be permissible within national borders. Emboldened by the relative weakness of governance abroad, the U.S. government is able to experiment with a broader range of social controls. Under certain conditions, these policies, tactics, and technologies are then re-imported to America, changing the national landscape and increasing the extent to which we live in a police state. Coyne and Hall examine this pattern—which they dub "the boomerang effect"—considering a variety of rich cases that include the rise of state surveillance, the militarization of domestic law enforcement, the expanding use of drones, and torture in U.S. prisons. Synthesizing research and applying an economic lens, they develop a generalizable theory to predict and explain a startling trend. *Tyranny Comes Home* unveils a new aspect of the symbiotic relationship between foreign interventions and domestic politics. It gives us alarming insight into incidents like the shooting in Ferguson, Missouri and the Snowden case—which tell a common story about contemporary foreign policy and its impact on our civil liberties.

The Secret Destiny of America Nov 04 2021 From the author of the landmark *Secret Teachings of All Ages* comes two classic works on the mysterious origins and unique mission of America: *The Secret Destiny of America* and *America's Assignment with Destiny*. Focusing on often-forgotten moments in history, Manley P. Hall proposes that there was a Great Plan put forth one thousand years before our nation's founding: humanistic and mystical organizations wished for the continent to be the location for an experiment in self-government and religious freedom. As one of the leading esoteric scholars of the twentieth century, Hall offers an intriguing view of our past, discussing everything from the symbolism of the Great Seal of the U.S. to the prophecy announced at George Washington's birth.

Modern Data Science with R Jul 25 2023 From a review of the first edition: "Modern Data Science with R... is rich with examples and is guided by a strong narrative voice. What's more, it presents an organizing framework that makes a convincing argument that data science is a course distinct from applied statistics" (The American Statistician). Modern Data Science with R is a comprehensive data science textbook for undergraduates that incorporates statistical and computational thinking to solve real-world data problems. Rather than focus exclusively on case studies or programming syntax, this book illustrates how statistical programming in the state-of-the-art R/RStudio computing environment can be leveraged to extract meaningful information from a variety of data in the service of addressing compelling questions. The second edition is updated to reflect the growing influence of the tidyverse set of packages. All code in the book has been revised and styled to be more readable and easier to understand. New functionality from packages like sf, purrr, tidymodels, and tidytext is now integrated into the text. All chapters have been revised, and several have been split, re-organized, or re-imagined to meet the shifting landscape of best practice.

Conversations with Donald Hall Oct 04 2021 Conversations with Donald Hall offers a unique glimpse into the creative process of a major American poet, writer, editor, anthologist, and teacher. The volume probes in depth Hall's evolving views on poetry, poets, and the creative process over a period of more than sixty years. Donald Hall (1928-2018) reveals vivid, funny, and moving anecdotes about T. S. Eliot, Ezra Pound, and the sculptor Henry Moore; he talks about his excitement on his return to New Hampshire and the joys of his marriage with Jane Kenyon; and he candidly discusses his loss and grief when Kenyon died in 1995 at the age of forty-seven. The thirteen interviews range from a detailed exploration of the composition of "Ox Cart Man" to the poems that make up *Without*, an almost unbearable poetry of grief that was written following Jane Kenyon's death. The book also follows Hall into old age, when he turned to essay writing and the reflections on aging that make up *Essays after Eighty*. This moving and insightful collection of interviews is crucial for anyone interested in poetry and the creative process, the techniques and achievements of modern American poetry, and the elusive psychology of creativity and loss.

Did America Have a Christian Founding? Sep 14 2022 A distinguished professor debunks the assertion that America's Founders were deists who desired the strict separation of church and state and instead shows that their political ideas were profoundly influenced by their Christian convictions. In 2010, David Mark Hall gave a lecture at the Heritage Foundation entitled "Did America Have a Christian Founding?" His balanced and thoughtful approach to this controversial question caused a sensation. C-SPAN televised his talk, and an essay based on it has been downloaded more than 300,000 times. In this book, Hall expands upon this essay, making the airtight case that America's Founders were not deists. He explains why and how the Founders' views are absolutely relevant today, showing that they did not create a "godless" Constitution; that even Jefferson and Madison did not want a high wall separating church and state; that most Founders believed the government should encourage Christianity; and that they embraced a robust understanding of religious liberty for biblical and theological reasons. This compelling and utterly persuasive book will convince skeptics and equip believers and conservatives to defend the idea that Christian thought was crucial to the nation's founding--and that this benefits all of us, whatever our faith (or lack of faith).
