**Teaching in the Online Classroom** Doug Lemov, 2020-10-27 A timely guide to online teaching strategies from bestselling author Doug Lemov and the Teach Like a Champion team. School closures in response to the COVID-19 coronavirus pandemic resulted in an immediate and universal pivot to online teaching. More than 3.7 million teachers in the U.S. were suddenly asked to teach in an entirely new setting with little preparation and no advance notice. This has caused an unprecedented threat to children's education, giving rise to an urgent need for resources and guidance. *The New Normal* is a just-in-time response to educators' call for help. Teaching expert Doug Lemov and his colleagues spent weeks studying videos of online teaching and they now provide educators in the midst of this transition with a clear guide to engaging and educating their students online. Although the transition to online education is happening more abruptly than anyone anticipated, technology-supported teaching may be here to stay. This guide explores the challenges involved in online teaching and guides educators and administrators to identify and understand best practices. It is a valuable tool to help you and your students succeed in synchronous and asynchronous settings this school year and beyond. Learn strategies for engaging students more fully online. Find new techniques to assess student progress from afar. Discover tools for building online classroom culture, combating online distractions, and more. Watch videos of teachers building rigor and relationships during online instruction. *The New Normal* features real-world examples you can apply and adapt right away in your own online classroom to allow you to survive and thrive online.

**Total Participation Techniques** Pérsida Himmele, William Himmele, 2011 Yes, there are easy-to-use and incredibly effective alternatives to the stand-and-deliver approach to teaching that causes so many students to tune out or even drop out. Here's your opportunity to explore dozens of ways to engage K-12 students in active learning and allow them to demonstrate the depth of their knowledge and understanding. The authors explain why and how Total Participation Techniques (TPTs) get and hold attention, activate higher-order thinking, and provide formative assessments of academic progress. Learn how to implement field-tested techniques you can use right away, including: 1. Quick Draws, Quick Writes, Chalkboard Splash, and other TPTs that help you take the pulse of a class on the spot. 2. Various types of Hold-Up Cards, such as True/Not True and Selected Response, that are good for improving on-task participation and behavior. 3. Bounce Cards, Line-Ups, Simulations, and other TPTs that use movement to encourage students to interact and process their learning. 4. TPTs that guide note-taking and concept analysis, such as Picture Notes, 3-Sentence Wrap-Up, and Debate Team Carousel. Each TPT includes step-by-step instructions and suggestions for how to adapt the technique to specific contexts and content areas.

**Developing Assessment-Capable Visible Learners, Grades K-12** Nancy Frey, John Hattie, Douglas Fisher, 2018-01-11 When students know how to learn, they are able to become their own teachers. Nancy Frey, Douglas Fisher, and John Hattie imagine students who describe their learning in these terms: "I know where I'm going, I have the tools I need for the journey, and I monitor my own progress." Now imagine the extraordinary difference this

type of ownership makes in their progress over the course of a school year This illuminating book shows how to make this scenario an everyday reality With its foundation in principles introduced in the authors bestselling Visible Learning for Literacy this resource delves more deeply into the critical component of self assessment revealing the most effective types of assessment and how each can motivate students to higher levels of achievement
