Written by a young human rights worker, "Silence on the Mountain" is a virtuoso work of reporting and a masterfully plotted narrative tracing the history of Guatemala's 36-year internal war, a conflict that claimed the lives of more than 200,000 people. This activity book is designed around one of the best loved songs of the Christmas season. With a new verse that connects the song directly to a child's experience with God, full-color illustrations, and related activities, this book makes learning and singing great fun for the entire family. "Should appeal to all rugged individualists who dream of escape to the forest."—The New York Times Book Review Sam Gribley is terribly unhappy living in New York City with his family, so he runs away to the Catskill Mountains to live in the woods—all by himself. With only a penknife, a ball of cord, forty dollars, and some flint and steel, he intends to survive on his own. Sam learns about courage, danger, and independence during his year in the wilderness, a year that changes his life forever. "An extraordinary book . . . It will be read year after year." —The Horn Book Dashrath Manjhi used a hammer and chisel, grit, determination, and twenty years to carve a path through the mountain separating his poor village from the nearby village with schools, markets, and a hospital. *Manjhi Moves a Mountain* shows how everyone can make a difference if their heart is big enough. Author and former literary agent Nathan Bransford shares his secrets for creating killer plots, fleshing out your first ideas, crafting compelling characters, and staying sane in the process. Read the guide that New York Times bestselling author Ransom Riggs called "The best how-to-write-a-novel book I've read." The story of a grizzly bear named Millie: her life, death, and cubs, and what they reveal about the changing character of the American West. An "ode to

wildness and wilderness" (Outside Magazine), *Down from the Mountain* tells the story of one grizzly in the changing Montana landscape. Millie was cunning, a fiercely protective mother to her cubs. But raising those cubs in the mountains was hard, as the climate warmed and people crowded the valleys. There were obvious dangers, like poachers, and subtle ones, like the corn field that drew her into sure trouble. That trouble is where award-winning writer, farmer, and conservationist Bryce Andrews's story intersects with Millie's. In this "welcome and impressive work" he shows how this drama is "the core of a major problem in the rural American West—the disagreement between large predatory animals and invasive modern settlers"—an entangled collision where the shrinking wilds force human and bear into ever closer proximity (Barry Lopez). "Andrews's wonderful *Down from the Mountain* is deeply informed by personal experience and made all the stronger by his compassion and measured thoughts . . . Welcome and impressive work."—Barry Lopez

When she was a girl, Lisa See spent summers in the cool, dark recesses of her family's antiques store in Los Angeles' Chinatown. There, her grandmother and great-aunt told her intriguing, colourful stories about their family's past - stories of missionaries, concubines, tong wars, glamorous nightclubs, and the determined struggle to triumph over racist laws and discrimination. They spoke of how Lisa's great-great-grandfather emigrated from his Chinese village to the United States, and how his son followed him. As an adult, See spent five years collecting the details of her family's remarkable history. She interviewed nearly one hundred relatives and pored over documents at the National Archives, the immigration office, and in countless attics, basements, and closets for the intimate nuances of her ancestors' lives. The result is a vivid, sweeping family portrait that is at once particular and universal, telling the story not only of one family, but of the Chinese people in America - and of America itself, a country that both welcomes and reviles its immigrants like no other culture in the world. A Time Magazine 100 Best Fantasy Books of All Time selection! A Reader's Digest Best Children's Book of All Time?! Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. In one of the greatest American classics, Baldwin

chronicles a fourteen-year-old boy's discovery of the terms of his identity. Baldwin's rendering of his protagonist's spiritual, sexual, and moral struggle of self-invention opened new possibilities in the American language and in the way Americans understand themselves. With lyrical precision, psychological directness, resonating symbolic power, and a rage that is at once unrelenting and compassionate, Baldwin tells the story of the stepson of the minister of a storefront Pentecostal church in Harlem one Saturday in March of 1935. Originally published in 1953, Baldwin said of his first novel, "Mountain is the book I had to write if I was ever going to write anything else." "With vivid imagery, with lavish attention to details ... [a] feverish story." —The New York Times

As she grows through the first years of her life in the Catskill Mountains of New York, a peregrine falcon called Frightful interacts with various humans, including the boy who raised her, a falconer who rescues her, and several unscrupulous poachers, as well as with many animals that are part of the area's ecological balance. God Has a Name is a simple yet profound guide to understanding God in a new light--focusing on what God says about himself. This one shift has the potential to radically alter how you relate to God, not as a doctrine, but as a relational being who responds to you in an elastic, back-and-forth way. In God Has a Name, John Mark Comer takes you line by line through Exodus 34:6-8--Yahweh's self-revelation on Mount Sinai, one of the most quoted passages in the Bible. Along the way, Comer addresses some of the most profound questions he came across as he studied these noted lines in Exodus, including: Why do we feel this gap between us and God? Could it be that a lot of what we think about God is wrong? Not all wrong, but wrong enough to mess up how we relate to him? What if our "God" is really a projection of our own identity, ideas, and desires? What if the real God is different, but far better than we could ever imagine? No matter where you are in your spiritual journey, the act of learning who God is just might surprise you--and change everything. The powerful, unforgettable new novel from the bestselling author of *The Boy in the Striped Pajamas*, for ages 12+.

When Pierrot becomes an orphan, he must leave his home in Paris for a new life with his Aunt Beatrix, a servant in a wealthy household at the top of the German mountains. But this is no ordinary time, for it is 1935 and the Second World War is fast approaching; and this is no ordinary house, for this is the Berghof, the home of Adolf Hitler. Quickly, Pierrot is taken under Hitler's wing, and is thrown into an increasingly dangerous new world: a world of terror, secrets and betrayal, from which he may never be able to escape. A family, separated by duty and distance, waits for a loved one to return home in this lyrical picture book celebrating the bonds of a Cherokee family and the bravery of history-making women pilots. At the mountain's base sits a cabin under an old hickory tree. And in that cabin lives a family -- loving, weaving, cooking, and singing. The strength in their song sustains them through trials on the ground and in the sky, as they wait for their loved one, a pilot, to return from war. With an author's note that pays homage to the true history of Native American U.S. service members like WWII pilot Ola Mildred "Millie" Rexroat, this is a

story that reveals the roots that ground us, the dreams that help us soar, and the people and traditions that hold us up. A NEW YORK TIMES BESTSELLER One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award "Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." – Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring. The stories and lyrics of Jeffrey Lee Pierce *Go Tell It on the Mountain* (fiction): James Baldwin's portrayal of black people in Harlem caught up in a dramatic struggle, and of a society confronting inevitable change. *The Fire Next Time* (non-fiction): The powerful evocation of a childhood in Harlem that helped to galvanize the early days of the civil rights movement examines the deep consequences of racial injustice to both the individual and the body politic. *If Beale Street Could Talk* (fiction): A love story about two badly frightened but intensely brave, black young people. This controversial, eye-opening book by Elizabeth McGreevy suggests a different perception of *Mountain Cedars* (also called *Ashe Junipers*). It digs into the politics, history, economics, culture, and ecology surrounding these trees in the Hill Country of Texas from the 1700s to the present. Since the 1920s, reporters, writers, scientists, landowners, politicians, and cedar fever victims have characterized the trees as a non-native, water-hogging, grass-killing, toxic, useless species to justify its removal. The result has been a glut of *Mountain Cedar* tall tales. Yet before the 1890s, people highly respected *Mountain Cedars*. The *Mountain Cedars* they reported were large timber trees with strong, decay-resistant heartwood. Most were cut down and sold to boost the young Hill Country economy. The clearcutting of old-growth forests and dense woodlands and the continuous overgrazing of prairies that followed led to mass soil degradation and erosion. Acting as nature's bandage, *Mountain Cedars* morphed into pioneering bushes and spread across degraded soils. This book tracks down the

origins of the tall tales to determine what is true, what is false, and what is somewhere in between. Through a series of revelations, the author replaces anti-cedar sentiments with a more constructive, less emotional approach to Hill Country land management.

This portrait of Sandia, the mountain backdrop that dwarfs Albuquerque's sprawl, offers a sense of place through the eyes of a photographer and the words of a writer.

Jesus' Son is a visionary chronicle of dreamers, addicts, and lost souls. These stories tell of spiraling grief and transcendence, of rock bottom and redemption, of getting lost and found and lost again. The raw beauty and careening energy of Denis Johnson's prose has earned this book a place among the classics of twentieth-century American literature.

One night, after an unsatisfying evening at a party, the author sat down and wrote her heartfelt poem 'The Invitation'. It travelled by word-of-mouth and the Internet across the globe. In this book, she expands on the ideas behind the poem and has created a guidebook for living a life full of integrity, commitment and passion.

'You empower yourself and then you reach out to others.' Uplifting life lessons from one of

the greatest leaders the world has ever known... through the eyes of the grandson whose life he changed forever. In his book *Going to the Mountain*, Ndaba Mandela shares the story of his coming-of-age alongside South Africa's rebirth. It is a remarkable journey, and one that took him from the violent, segregated Soweto ghettos to his grandfather's presidential home. As a young boy, Ndaba was constantly shunted from place to place. But at eleven years old he was unexpectedly invited to live with his grandfather, Nelson Mandela, even though he had met him only once before, during a prison visit. And, slowly, they built a relationship that would affect both of them profoundly. Ndaba's teenage years were complicated, but as he approached his twenty-first birthday, Mandela decided that Ndaba was finally ready to 'go to the mountain' – a test of courage during which you become a man. At the end of this gruelling ritual journey, the elders of the Mandelas' tribe gathered and Ndaba's grandfather was there, as ever, to share his greatest life lessons. From Nelson Mandela, Ndaba learned the spirit of endurance, the triumph of forgiveness, the power of resistance and the beauty of reconciliation. And as Mandela grew older, Ndaba had the chance to repay his grandfather's love and support by demonstrating the ways in which he'd understood all that he had taught him. Intimate and inspirational, *Going to the Mountain* is a powerful reminder of how one person can impact profoundly on another, and a testament to the awesome power within us to change ourselves and our world.

Award-winning author Charles Johnson “Ralph Ellison’s generosity, humor and nimble language are, of course, on display in *Juneteenth*, but it is his vigorous intellect that rules the novel. . . . A majestic narrative concept.”—Toni Morrison

In Washington, D.C., in the 1950s, Adam Sunraider, a race-baiting senator from New England, is mortally wounded by an assassin’s bullet while making a speech on the Senate floor. To the shock of all who think they know him, Sunraider calls out from his deathbed for Alonzo Hickman, an old black minister, to be brought to his side. The reverend is summoned; the two are left alone. “Tell me what happened while there’s still time,” demands the dying Sunraider. Out of their conversation, and the inner rhythms of memories whose weight has been borne in silence for many long years, a story emerges. Senator Sunraider, once known as Bliss, was raised by Reverend Hickman in a black community steeped in religion and music (not unlike Ralph Ellison’s own childhood home) and was brought up to be a preaching prodigy in a joyful black Baptist ministry that traveled throughout the South and the Southwest. Together one last time, the two men retrace the course of their shared life in an “anguished attempt,” Ellison once put it, “to arrive at the true shape and substance of a sundered past and its meaning.” In the end, the two men confront their most painful memories, memories that hold the key to understanding the mysteries of kinship and race that bind them, and to the senator’s confronting how deeply estranged he had become from his true identity. In *Juneteenth*, Ralph Ellison evokes the rhythms of jazz and gospel and ordinary speech to tell a powerful tale of a prodigal son in the twentieth century. At the time of his death in 1994, Ellison was still expanding his novel in other directions, envisioning a grand, perhaps multivolume, story cycle. Always, in his mind, the character Hickman and the story of Sunraider’s life from birth to death were the dramatic heart of the narrative. And so, with the aid of Ellison’s widow, Fanny, his literary executor, John Callahan, has edited this magnificent novel at the center of Ralph Ellison’s forty-year work in progress—its author’s abiding testament to the country he so loved and to its many unfinished tasks.

**NATIONAL BESTSELLER** • In his final years, Baldwin envisioned a book about his three assassinated friends, Medgar Evers, Malcolm X, and Martin Luther King. His deeply personal notes for the project had never been published before acclaimed filmmaker Raoul Peck mined Baldwin’s oeuvre to compose his stunning documentary film *I Am Not Your Negro*. Peck weaves these texts together, brilliantly imagining the book that Baldwin never wrote with selected published and unpublished passages, essays, letters, notes, and interviews that are every bit as incisive and pertinent now as they have ever been. Peck’s film uses them to jump through time, juxtaposing Baldwin’s private words with his public statements, in a blazing examination of the tragic history of race in America. This edition contains more than 40 black-and-white images from the film, which was nominated for the Academy Award for Best Documentary. A new version of the traditional American folk song, in which the expected guest will be wearing frilly pink pajamas and juggling with jelly when she comes. author of the beloved #1 New York Times bestseller *Reading Lolita in Tehran* returns with the next chapter of her life in books—a passionate and deeply moving hymn to America. Ten years ago, Azar Nafisi electrified readers with her multimillion-copy bestseller *Reading Lolita in Tehran*, which told the story of how, against the backdrop of morality squads and executions, she taught *The Great Gatsby* and other classics of English and American literature to her eager students in Iran. In this electrifying follow-up, she argues that fiction is just as threatened—and just as invaluable—in America today. Blending memoir and polemic with close readings of her favorite novels, she describes the unexpected journey that led her to become an American citizen after first dreaming of America as a young girl in Tehran and coming to know the country through its fiction. She urges us to rediscover the America of *The Wonderful Wizard of Oz* and *Adventures of Huckleberry Finn* and challenges us to be truer to the words and spirit of the Founding Fathers, who understood that their democratic experiment would never thrive or survive unless they could foster a democratic imagination. Nafisi invites committed readers everywhere to join her as citizens of what she calls the Republic of Imagination, a country with no borders and few restrictions, where the only passport to entry is a free mind and a willingness to dream.
