The Encyclopedia of Restaurant Training Apr 13 2024 Book & CD-ROM. Training is an investment for the future, the only foundation on which success can be built. Training delivers excellence in product and performance, elevating a good restaurant into a great one. Training will keep the skills of its employees and management sharp. But in no other industry is its absence or presence as obvious as it is in the food service industry. It is hard to find good, qualified employees, and even harder to keep them. In addition, unemployment levels are low, and competition for qualified workers is tough. What's the answer? Training! Constant training and re-enforcement keeps employees and management sharp and focused, and demonstrates the company cares enough to spend time and subsequently money on them. And that's precisely what this encyclopaedic book will do for you -- be your new training manager. The first part of the book will teach you how to develop training programs for food service employees, and how to train the trainer. The book is full of training tips, tactics and how-to's that will show you proper presentation, and how to keep learners motivated both during and after the training. The second part of the book details specific job descriptions and detailed job performance skills for

every position in a food service operation, from the general manager to dishwasher. There are study guides and tests for all positions. Some of the positions include General Manager, Kitchen Manager, Server, Dishwasher, Line Cook, Prep Cook, Bus Person, Host/Hostess, Bartender, Wine & Alcohol Service, Kitchen Steward, Food Safety, Employee Safety, Hotel Positions, etc. Specific instructions are provided for using equipment as well.

Restaurant Kitchen Manual Aug 05 2023 In this manual your employees will learn the basics in your restaurant kitchen. It is very important that your kitchen staff learn and understand everything outlined in this restaurant kitchen manual. In so many cases, most cooks don't know time and temperature, food safety, shelf life dates, basic position training and etc. During the interview process, you may run into an application that appears to be awesome. The applicant will say what they think you want to hear, they talk the talk, but can they walk the walk. After you conducted a reference check you can decide if the applicant is a good fit for your restaurant. The next step is kitchen training. Everyone goes through kitchen training, whether they are experienced or inexperienced. You truly don't know

if that applicant is on the up and up on their experience. Typically, experienced employees will learn faster than non-experienced employees and therefore will require less training days. Non-experienced employees will require more attention (TLC) and quite possibly extended training days.

SURE Food Safety Manager Manual for Food Service and Retail Establishments Feb 04 2021 Food safety is an essential part of any food service or retail operation. Understanding the risks and ways to prevent foodborne illness will protect customers and businesses from harm. The person-in-charge of a food service or retail establishment must know how and what food safety practices to monitor. This manual is written to provide the person-in-charge of a food service or retail establishment the knowledge and skills that they will need to keep food safe. Learning and applying food safety practices protects customers and businesses. This course is designed for every food service or retail operation. The manual is divided into three sections: Section 1 - Foundations of Food Safety: The person-in-charge will study an overview of the regulations, food safety basics, microorganisms, and core food safety features. This section will build the foundation that a person-in-charge will need in order to apply food safety practices. Section 2 - Addressing the Five CDC Risk Factors: The Centers for Disease Control and Prevention (CDC) has identified the five most common causes of foodborne illness. The person-in-charge will learn how to address these issues and control these risk factors in order to be able to serve

and sell safe food in their operation. Section 3 - Proactive Food Safety System: Once a food safety foundation is built and the risk factors have been addressed, a food safety management system can be applied. Hazard Analysis and Critical Control Point (HACCP) is a proactive system that assesses the food safety hazards in an operation and identifies ways to prevent, eliminate, or reduce each hazard to a safe level. The person-in-charge will learn to apply the seven HACCP principles in their operation. Upon completion of the SURE Food Safety Manager Manual, participants will have the knowledge to safely serve and sell food to their customers. Participants will also be prepared to take an ANSI-accredited Food Protection Manager Examination.
