Virtual Reality Headsets - A Theoretical and Pragmatic Approach Jun 08 2023 The purpose of virtual reality is to make possible a sensorimotor and cognitive activity for a user in a digitally created artificial world. Recent advances in computer technology have led to a new generation of VR devices such as VR headsets. Accordingly, virtual reality poses many new scientific challenges for researchers and professionals. The aim of this book, a manual meant for both designers and users of virtual reality, is to present the current state of knowledge on the use of VR headsets in the most complete way possible. The book is divided into 13 chapters. The objective of the first chapter is to give an introduction to VR and clarify its scope. The next chapter presents a theoretical approach to virtual reality through our Immersion and Interaction methodology also known as "3I2 model". Then, a chapter about human senses is necessary to understand the sensorimotor immersion, especially vision. These chapters are followed by several chapters which present the different visual interfaces and the VR headsets currently available on the market. These devices can impart comfort and health problems due to sensorimotor discrepancies. A chapter is devoted to these problems, followed by a chapter that gives a detailed discussion of methods and 32 solutions to dispel, or at least to decrease, VR sickness. The following three chapters present different VR applications that use VR headsets (behavioural sciences, industrial uses and Digital Art) and the final chapter provides conclusions and discusses future VR challenges.

Hail Regina - Season One (Episodes 1-8) Jan 15 2024 Hail Regina (A Satire of Political & Religious Romp) SEASON ONE

–EPISODES 1-8 This is the first of five novellas in this series. Hail Regina is a classic, theatrical-styled satire, created in a dystopian setting. It is serialized and set in the near future (2025-30). It is family-friendly with mature themes. The novella opens in 2027. There has been a great economic crash that has devastated citizen's lives throughout the Congregation of States. In the wake of recovery, the Secular Party has devised an inspiration for the citizens. It will reclaim the dilapidated docklands, spread along the waterfront of the Capital. Whilst the atomic test program is on track, the State-leader, Royston Bustwick and his Secular Party, will bring hope to the citizens, as they are called upon to make their state—great again. Atop of Constitution Hill, the statue of the Holy Mother Regina—presides within the sacred waters of the rooftop fountain of the Vivatrium. Angelic beings are sighted gravitating around Her, whilst inexplicable horn-like sounds are heard—up in the skies, beyond the Mt. Liberty Control-Tower and out to the atomic wastelands. Stylistic influences include, 'The Iron Heel' by Jack London (1907), 'We' by Yevgeny Zamyatin (1920), 'Brave New World' (1932), 'Fahrenheit 451' (1953), Player Piano by Kurt Vonnegut (1952) and 'The Children of Men' by P.D. James (1992). This irreverent work has a more light-hearted flavour than the former works mentioned. Its theatrical flamboyance makes this a different offering to the traditional novels in the genre. Hail Regina is written to entertain above all else.
