**Unmistakable** Srinivas Rao,2016 Stop trying to beat everyone else True success is playing by your own rules creating work that no one can replicate Don t be the best be the only You re on the conventional path checking off accomplishments You might be doing okay by normal standards but you still feel restless bored and limited Srinivas Rao gets it As a new business school graduate Srinivas s dreams were crushed by a soulless job that demanded only conformity Sick of struggling to keep his head above water Srinivas quit his job and took to the waves pursuing his dream of learning to surf He also found the freedom to chart his own course Interviewing more than five hundred creative people on his Unmistakable Creative podcast was the ultimate education He heard how guests including Seth Godin Elle Luna Tim Ferriss Simon Sinek and Danielle LaPorte blazed their own trails Srinivas blends his own story with theirs to tell you You can find that courage too Don t be just one among many be the only Be unmistakable Trying to be the best will chain you to others definition of success Unmistakable work on the other hand could only have been created by one person so competition is irrelevant Like Banksy s art or Tim Burton s films unmistakable work needs no

Badaracco Jr.,2016-08-16 When Business and Personal Values Collide Defining moments occur when managers face business decisions that trigger conflicts with their personal values These moments test a person s commitment to those values and ultimately shape their character But these are also the decisions that can make or break a career Is there a thoughtful yet pragmatic way to make the right choice Bestselling author Joseph Badaracco shows how to approach these dilemmas using three case examples that when taken together represent the escalating responsibilities and personal tests managers face as they advance in their careers The first story presents a young manager whose choice will affect him only as an individual the second a department head whose decision will influence his organization the third a corporate executive whose actions will have much larger societal ramifications To guide the decision making process the book draws on the insights of four philosophers Aristotle Machiavelli Nietzsche and James who offer distinctly practical rather than theoretical advice Defining Moments is the ultimate manager s guide for resolving issues of conflicting responsibility in practical ways
