Facebook May 14 2024 One of the Best Technology Books of 2020—Financial Times “ Levy ’ s all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating. ” —San Francisco Chronicle “ [Levy ’ s] evenhanded conclusions are still damning. ” —Reason “ [He] doesn ’ t shy from asking the tough questions. ” —The Washington Post “ Reminds you the HBO show Silicon Valley did not have to reach far for its satire. ” —NPR.org The definitive history, packed with untold stories, of one of America ’ s most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing “ fake news ” accounts, the handling of its users ’ personal data, and growing discontent with the actions of its founder and CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on

hundreds of interviews from inside and outside Facebook, Levy ' s sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company that has changed the world and reaped the consequences.

Inside Story Aug 05 2023 Stories have persuasive powers: they can influence how a person thinks and acts. Inside Story explores the capacity of stories to direct our thinking, heighten our emotions, and thereby motivate people to do harm to others and to tolerate harm done by others. From terrorist violence to “ mere ” complacency with institutionalized harm, the book weds case study to cross-disciplinary theory. It builds upon timely work in the field of narrative criminology and provides a thorough analysis of how stories can promote or inhibit harmful action. By offering a sociological analysis of the emotional yet intersubjective experience of dangerous stories, the book fleshes out the perplexing mechanics of cultural influence on crime and other forms of harm.

Redress Feb 04 2021 The story of how nearly 100,000 Americans achieved reparations and an official apology for one of the most shameful episodes in US history. For decades the World War II incarceration of Japanese Americans remained hidden from the historical record, its shattering effects kept silent. But in the 1970s the Japanese American Citizens League began a campaign for an official government apology and monetary compensation. Redress is John Tateishi's firsthand account of this against-all-odds campaign. Tateishi, who led the JACL Redress Committee for many years, admits the task was herculean. The campaign sought an unprecedented admission of wrongdoing from Congress. It depended on a unified effort but began with an acutely divided community; for many, the shame of "camp" was so deep that they could not even speak of it. And Tateishi knew that the campaign would succeed only if the public learned that there had been concentration camps on US soil. Redress is the story of a community reckoning with what it means to be both culturally Japanese and American citizens, and what it means to prevent terrible harms from happening again. This edition features a new preface about the lessons Tateishi's story might have for reparations efforts today.

Power Failure May 22 2022 “ They ’ re still trying to hide the weenie, ” thought Sherron Watkins as she read a newspaper clipping about Enron two weeks before Christmas, 2001. . . It quoted [CFO] Jeff McMahon addressing the company ’ s creditors and cautioning them against a rash judgment. “ Don ’ t

assume that there is a smoking gun. ” Sherron knew Enron well enough to know that the company was in extreme spin mode... Power Failure is the electrifying behind-the-scenes story of the collapse of Enron, the high-flying gas and energy company touted as the poster child of the New Economy that, in its hubris, had aspired to be “ The World ’ s Leading Company, ” and had briefly been the seventh largest corporation in America. Written by prizewinning journalist Mimi Swartz, and substantially based on the never-before-published revelations of former Enron vice-president Sherron Watkins, as well as hundreds of other interviews, Power Failure shows the human face beyond the greed, arrogance, and raw ambition that fueled the company ’ s meteoric rise in the late 1990s. At the dawn of the new century, Ken Lay ’ s and Jeff Skilling's faces graced the covers of business magazines, and Enron ’ s money oiled the political machinery behind George W. Bush ’ s election campaign. But as Wall Street analysts sang Enron ’ s praises, and its stock spiraled dizzyingly into the stratosphere, the company ’ s leaders were madly scrambling to manufacture illusory profits, hide its ballooning debt, and bully Wall Street into buying its fictional accounting and off-balance-sheet investment vehicles. The story of Enron ’ s fall is a morality tale writ large, performed on a stage with an unforgettable array of props and side plots, from parking lots overflowing with Boxsters and BMWs to hot-house office affairs and executive tantrums. Among the cast of characters Mimi Swartz and Sherron Watkins observe with shrewd Texas eyes and an insider ’ s perspective are: CEO Ken Lay, Enron ’ s “ outside face, ” who was more interested in playing diplomat and paving the road to a political career than in managing Enron ’ s high-testosterone, anything-goes culture; Jeff Skilling, the mastermind behind Enron ’ s mercenary trading culture, who transformed himself from a nerdy executive into the personification of millennial cool; Rebecca Mark, the savvy and seductive head of Enron ’ s international division, who was Skilling ’ s sole rival to take over the company; and Andy Fastow, whose childish pranks early in his career gave way to something far more destructive. Desperate to be a player in Enron ’ s deal-making, trader-oriented culture, Fastow transformed Enron ’ s finance department into a “ profit center, ” creating a honeycomb of financial entities to bolster Enron ’ s “ profits, ” while diverting tens of millions of dollars into his own pockets An unprecedented chronicle of Enron ’ s shocking collapse, Power Failure should take its place alongside the classics of previous decades – Barbarians at the Gate and Liar ’ s Poker

– as one of the cautionary tales of our times.

Apple Feb 16 2022 Apple Computer was once a shining example of the American success story. Having launched the personal computer revolution in 1977 with the first all-purpose desktop PC, Apple became the darling of the national business press and Wall Street. Yet by 1995, the company's change-the-world idealism had all but disappeared in a bitter internal struggle between warring camps. Raging internal mistakes, petty infighting, and gross mismanagement became Apple's hallmark, and today the company clings to a mere 3.7 percent share of the market it helped to create. Apple is the spellbinding account of what really went on behind closed doors, revealing the forces that dismantled this once great icon of American business.

Livewired May 02 2023 "Eagleman renders the secrets of the brain ' s adaptability into a truly compelling page-turner. " —Khaled Hosseini, author of The Kite Runner " Livewired reads wonderfully like what a book would be if it were written by Oliver Sacks and William Gibson, sitting on Carl Sagan ' s front lawn. " —The Wall Street Journal What does drug withdrawal have in common with a broken heart? Why is the enemy of memory not time but other memories? How can a blind person learn to see with her tongue, or a deaf person learn to hear with his skin? Why did many people in the 1980s mistakenly perceive book pages to be slightly red in color? Why is the world ' s best archer armless? Might we someday control a robot with our thoughts, just as we do our fingers and toes? Why do we dream at night, and what does that have to do with the rotation of the Earth? The answers to these questions are right behind our eyes. The greatest technology we have ever discovered on our planet is the three-pound organ carried in the vault of the skull. This book is not simply about what the brain is; it is about what it does. The magic of the brain is not found in the parts it ' s made of but in the way those parts unceasingly reweave themselves in an electric, living fabric. In Livewired, you will surf the leading edge of neuroscience atop the anecdotes and metaphors that have made David Eagleman one of the best scientific translators of our generation. Covering decades of research to the present day, Livewired also presents new discoveries from Eagleman ' s own laboratory, from synesthesia to dreaming to wearable neurotech devices that revolutionize how we think about the senses.

Hubris Feb 11 2024 The real story behind the investigation of Iraq, and the basis for the MSNBC documentary of the same name hosted by Rachel

Maddow Filled with news-making revelations that made it a New York Times bestseller, *Hubris* takes us behind the scenes at the White House, CIA, Pentagon, State Department, and Congress to show how George W. Bush came to invade Iraq--and how his administration struggled with the devastating fallout. *Hubris* connects the dots between Bush's expletive-laden outbursts at Saddam Hussein, the bitter battles between the CIA and the White House, the fights within the intelligence community over Saddam's supposed weapons of mass destruction, the outing of an undercover CIA officer, and the Bush administration's misleading sales campaign for war. Written by veteran reporters Michael Isikoff and David Corn, this is an inside look at how a president took the nation to war using faulty and fraudulent intelligence. It's a dramatic page-turner and an intriguing account of conspiracy, backstabbing, bureaucratic ineptitude, journalistic malfeasance, and arrogance.

The Exile Dec 29 2022 Startling and scandalous, this is an intimate insider's story of Osama bin Laden's retinue in the ten years after 9/11, a family in flight and at war. From September 11, 2001 to May 2, 2011, Osama Bin Laden evaded intelligence services and special forces units, drones and hunter killer squads. *The Exile* tells the extraordinary inside story of that decade through the eyes of those who witnessed it: bin Laden's four wives and many children, his deputies and military strategists, his spiritual advisor, the CIA, Pakistan's ISI, and many others who have never before told their stories. Investigative journalists Cathy Scott-Clark and Adrian Levy gained unique access to Osama bin Laden's inner circle, and they recount the flight of Al Qaeda's forces and bin Laden's innocent family members, the gradual formation of ISIS by bin Laden's lieutenants, and bin Laden's rising paranoia and eroding control over his organization. They also reveal that the Bush White House knew the whereabouts of bin Laden's family and Al Qaeda's military and religious leaders, but rejected opportunities to capture them, pursuing war in the Persian Gulf instead, and offer insights into how Al Qaeda will attempt to regenerate itself in the coming years. While we think we know what happened in Abbottabad on May 2, 2011, we know little about the wilderness years that led to that shocking event. As authoritative in its scope and detail as it is propulsively readable, *The Exile* is a landmark work of investigation and reporting.

All the Pieces Matter Sep 06 2023 "An oral history of HBO's *The Wire*"--
The Wrecking Crew Apr 08 2021 Winner of the Oregon Book Award for

General Nonfiction and Los Angeles Times bestseller "It makes good music sound better."-Janet Maslin in The New York Times "A fascinating look into the West Coast recording studio scene of the '60s and the inside story of the music you heard on the radio. If you always assumed the musicians you listened to were the same people you saw onstage, you are in for a big surprise!"-Dusty Street, host of Classic Vinyl on Sirius XM Satellite Radio If you were a fan of popular music in the 1960s and early '70s, you were a fan of the Wrecking Crew-whether you knew it or not. On hit record after hit record by everyone from the Byrds, the Beach Boys, and the Monkees to the Grass Roots, the 5th Dimension, Sonny & Cher, and Simon & Garfunkel, this collection of West Coast studio musicians from diverse backgrounds established themselves in Los Angeles, California as the driving sound of pop music-sometimes over the objection of actual band members forced to make way for Wrecking Crew members. Industry insider Kent Hartman tells the dramatic, definitive story of the musicians who forged a reputation throughout the business as the secret weapons behind the top recording stars. Mining invaluable interviews, the author follows the careers of such session masters as drummer Hal Blaine and keyboardist Larry Knechtel, as well as trailblazing bassist Carol Kaye-the only female in the bunch-who went on to play in thousands of recording sessions in this rock history. Readers will discover the Wrecking Crew members who would forge careers in their own right, including Glen Campbell and Leon Russell, and learn of the relationship between the Crew and such legends as Phil Spector and Jimmy Webb. Hartman also takes us inside the studio for the legendary sessions that gave us Pet Sounds, Bridge Over Troubled Water, and the rock classic "Layla," which Wrecking Crew drummer Jim Gordon cowrote with Eric Clapton for Derek and the Dominos. And the author recounts priceless scenes such as Mike Nesmith of the Monkees facing off with studio head Don Kirshner, Grass Roots lead guitarist (and future star of The Office) Creed Bratton getting fired from the group, and Michel Rubini unseating Frank Sinatra's pianist for the session in which the iconic singer improvised the hit-making ending to "Strangers in the Night." The Wrecking Crew tells the collective, behind-the-scenes stories of the artists who dominated Top 40 radio during the most exciting time in American popular culture.

The Hospital Sep 25 2022 A STEM-rich nonfiction story by Dr. Christle Nwora showing what happens at a hospital all day, following doctors,

nurses, and patients—perfect for kids nervous about a trip to the hospital.

Inside Story Jun 03 2023 'Utterly compelling' Guardian Life...is shapeless, it does not point to and gather round anything, it does not cohere. Artistically, it's dead. Life's dead. So begins a love letter to life, a resuscitation of sorts, encountering vibrant characters from Saul Bellow, to Philip Larkin to Iris Murdoch and Elizabeth Jane Howard, and to the person who captivated Amis' twenties, the alluringly amoral Phoebe Phelps. Amis addresses our burning questions: how to live, how to grieve, and how to die?

How to Save a Life Oct 15 2021 THE NEW YORK TIMES BESTSELLER
The first inside story of one of TV's most popular and beloved dramas, Grey's Anatomy. More than fifteen years after its premiere, Grey ' s Anatomy remains one of the most beloved dramas on television and ABC's most important property. It typically wins its time slot and has ranked in the Top 20 most-watched shows in primetime for most of its seventeen-season run. It currently averages more than eight million viewers each week. Beyond that, it ' s been a cultural touchstone. It introduced the unique voice and vision of Shonda Rhimes; it made Ellen Pompeo, Sandra Oh and T.R. Knight household names; and injected words and phrases into the cultural lexicon, such as “ McDreamy, ” "seriously," and “ you ' re my person. ” And the behind-the-scenes drama has always been just as juicy as what was happening in front of the camera, from the controversial departure of Isaiah Washington to Katherine Heigl ' s fall from grace and Patrick Dempsey's shocking death episode. The show continued to hemorrhage key players, but the beloved hospital series never skipped a beat. Lynette Rice's How to Save A Life takes a totally unauthorized deep dive into the show ' s humble start, while offering exclusive intel on the behind-the-scenes culture, the most heartbreaking departures and the more polarizing plotlines. This exhaustively enthusiastic book is one that no Grey ' s Anatomy fan should be without.

Commodore the Inside Story Jul 04 2023 Commodore the Inside Story contains David's personal stories and experiences gathered from over a decade at the company in senior positions all over the globe. It also gather insights from other senior management and engineering employees, suppliers and fans of this former giant of home computing. Commodore the Inside Story exposes the naked truth of how mostly through gross mismanagement Commodore went from being a \$1 Billion company into bankruptcy. Forward by Trevor Dickinson - Co Founder of A-EON

Technology Ltd. Chapters from the Author David J. Pleasance and many significant Commodore employees, including Dave Haynie, RJ Mical, Gail Wellington, Beth Richard, Dr. Peter Kittel, Wim Meulders and many more.

Inside Story Jun 15 2024 An autobiographical novel that 's a tender, witty exploration of the hardest questions: how to live, how to grieve, and how to die—from “ the Mick Jagger of literature ... Amis is the most dazzling prose stylist in post-war British fiction ” (The Daily Telegraph). “ [A] charismatic compound of fact and fiction ... Martin Amis has retained the power to surprise. ” —Parul Sehgal, The New York Times This novel had its birth in the death of Martin Amis's closest friend, the incomparable Christopher Hitchens, and it is within that profound and sprawling friendship that Inside Story unfurls. From their early days as young magazine staffers in London, reviewing romantic entanglements and the latest literary gossip (not to mention ideas, books, and where to lunch), Hitch was Amis's wingman and adviser, especially in the matter of the alluringly amoral Phoebe Phelps—an obsession Amis must somehow put behind him if he is ever to find love, marriage, a plausible run at happiness. Other figures competing as Amis's main influencers are his literary fathers—Kingsley, of course; his hero Saul Bellow; the weirdly self-financing poet Philip Larkin—and his significant literary mothers, including Iris Murdoch and Elizabeth Jane Howard. Moving among these greats to set his own path, he winds up surveying the horrors of the twentieth century, and the still-unfolding impact of the 9/11 attacks on the twenty-first—and considers what all of this has taught him about how to live and how to be a writer. The result is a love letter to life—and to the people in his life—that achieves a new level of confidentiality with his readers, giving us the previously unseen portrait of his extraordinary world.

Galaxy Quest: The Inside Story Jun 10 2021 The essential guide to Galaxy Quest! Behind-the-scenes stories and cast interviews from the critically acclaimed science fiction comedy and all-time top fan favorite. By Grabthar ' s hammer! A witty, inventive, and heartfelt tribute to science fiction fans, Galaxy Quest has been making audiences laugh, cry, and cheer for over two decades. This authorized book examines the entire process of making the movie, from the initial spec script through to development, filming, and postproduction. Along the way, it takes an in-depth look into the film ' s visual effects. Artists at ILM and Stan Winston Studio reveal how they used a mixture of lovingly designed miniatures, puppets, prosthetics, and CGI to bring to life the Protector, the pig lizard, and the movie ' s other

incredible monsters and starships. Featuring over 60 new interviews with *Galaxy Quest*'s cast and crew, including Tim Allen, Sigourney Weaver, Sam Rockwell, and Dean Parisot, and unseen photos and concept art, this is the ultimate guide to the funniest movie in the Galaxy. Charting the story from concept to script, filming and release, with chapters looking at the casting, the sets, the costumes and makeup and the ship design and the visual effects, this guide is packed with hundreds of fascinating production photos, concept art and rare behind-the-scenes images. *Galaxy Quest* is a 1999 cult classic science fiction comedy film. A parody of, and homage to, science-fiction films and series, especially *Star Trek* and its fandom, the film stars Tim Allen, Sigourney Weaver, Alan Rickman, Tony Shalhoub, Sam Rockwell, and Daryl Mitchell. It depicts the cast of a fictional defunct cult television series, *Galaxy Quest*, who are visited by actual aliens who think the series is an accurate documentary, and become involved in a very real intergalactic conflict. The film was positively received by critics: it won the Hugo Award for Best Dramatic Presentation (an award won by the original *Star Trek* series in the 1960s) and the Nebula Award for Best Script. It was also nominated for 10 Saturn Awards, including Best Science Fiction Film and Best Director for Parisot, Best Actress for Weaver, and Best Supporting Actor for Rickman, with Allen winning Best Actor. Be sure to watch *Never Surrender: A Galaxy Quest Documentary* - now available on Netflix.

Ghostbusters: The Inside Story Apr 01 2023 The essential guide to *Ghostbusters* and *Ghostbusters II*! Exploring everything from the pioneering special effects to the set design and the unforgettable soundtrack. This authorized book tells the exhaustive behind-the-scenes story of how Dan Aykroyd's original concept evolved into a movie phenomenon. The perfect gift for the *Ghostbusters* fan in your life! The guide is packed with hundreds of fascinating production photos, concept art and rare behind-the-scenes images, while new interviews with the cast and crew, including Dan Aykroyd, Ivan Reitman, Annie Potts, Richard Edlund and many more, reveal how they overcame numerous challenges to create one of the best-loved movie franchises of the 1980s.

Mr. Pink Jul 24 2022 As the only member of the Transylvania Book Heist to previously decline all interviews, Chas Allen finally reveals the whole story. *The Thrilling True Story* follows Allen as he struggles to balance a party lifestyle on the campus of the University of Kentucky, the finances of his family, a dangerous high stakes game with an underground casino, and a

growing desperation to turn to crime.

Hidden World Sep 13 2021 Magic appears in moments we never thought we'd imagine. No amount of planning can recreate moments we experience so deeply - all thoughts are momentarily suspended. This is the great paradox - when we constantly plan to arrive at a fleeting moment, we never do. The conditioning of the human mind has hijacked the evolution of humankind. However, many are waking up from the epidemic of chronic thinking. We are realising the human soul is not simply an evolutionary experiment in survival. We see that we are here to share our gifts. Written in a way that speaks to the subconscious, Dr. Kaushik Ram's mix of observations and fictional stories brings poetry and magic into our modern reality. Learn what lies beyond the conventional approaches to mind and body and discover the dreams only you can imagine. It is then we realise... we have just begun.

Bre-X Jan 30 2023 For 2 years, BRE-X was the darling of the world's stock markets. Millionaires were created over night; until the scam was uncovered.

Sotheby's Nov 08 2023 alist Peter Watson exposes smuggling and the evasion of customs and national laws--and questions certain practices within and around the venerable art auction house. Using leads provided by the tip, and a huge cache of stolen documents, Watson details genuine experts, tomb robbers, as well as false names and claims, evaluations, despoilation of national treasures, and more. photos.

High Line Jan 10 2024 How two New Yorkers led the transformation of a derelict elevated railway into a grand--and beloved--open space The High Line, a new park atop an elevated rail structure on Manhattan's West Side, is among the most innovative urban reclamation projects in memory. The story of how it came to be is a remarkable one: two young citizens with no prior experience in planning and development collaborated with their neighbors, elected officials, artists, local business owners, and leaders of burgeoning movements in horticulture and landscape architecture to create a park celebrated worldwide as a model for creatively designed, socially vibrant, ecologically sound public space. Joshua David and Robert Hammond met in 1999 at a community board meeting to consider the fate of the High Line. Built in the 1930s, it carried freight trains to the West Side when the area was defined by factories and warehouses. But when trains were replaced by truck transport, the High Line became obsolete. By

century's end it was a rusty, forbidding ruin. Plants grew between the tracks, giving it a wild and striking beauty. David and Hammond loved the ruin and saw in it an opportunity to create a new way to experience their city. Over ten years, they did so. In this candid and inspiring book--lavishly illustrated--they tell how they relied on skill, luck, and good timing: a crucial court ruling, an inspiring design contest, the enthusiasm of Mayor Bloomberg, the concern for urban planning issues following 9/11. Now the High Line--a half-mile expanse of plants, paths, staircases, and framed vistas--runs through a transformed West Side and reminds us that extraordinary things are possible when creative people work together for the common good.

Comfortably Numb Dec 17 2021 Mark Blake draws on his own interviews with band members as well as the group's friends, road crew, musical contemporaries, former housemates, and university colleagues to produce a history of one of the biggest rock bands of all time. We follow Pink Floyd from the early psychedelic nights at UFO, to the stadium-rock and concept-album zenith of the seventies, to the acrimonious schisms of the late '80s and '90s.

Court Justice Feb 28 2023 “ Like Curt Flood and Oscar Robertson, who paved the way for free agency in sports, Ed O’ Bannon decided there was a principle at stake... O’ Bannon gave the movement to reform college sports...passion and purpose, animated by righteous indignation. ” —Jeremy Schaap, ESPN journalist and New York Times bestselling author In 2009, Ed O’ Bannon, once a star for the 1995 NCAA Champion UCLA Bruins and a first-round NBA draft pick, thought he ’ d made peace with the NCAA ’ s exploitive system of “ amateurism. ” College athletes generated huge profits, yet—training nearly full-time, forced to tailor coursework around sports, often pawns in corrupt investigations—they saw little from those riches other than revocable scholarships and miniscule chances of going pro. Still, that was all in O’ Bannon ’ s past...until he saw the video game NCAA Basketball 09. As avatars of their college selves—their likenesses, achievements, and playing styles—O’ Bannon and his teammates were still making money for the NCAA. So, when asked to fight the system for players past, present, and future—and seeking no personal financial reward, but rather the chance to make college sports more fair—he agreed to be the face of what became a landmark class-action lawsuit. Court Justice brings readers to the front lines of a critical battle in the long fight for

players' rights while also offering O'Bannon's unique perspective on today's NCAA recruiting scandals. From the basketball court to the court of law facing NCAA executives, athletic directors, and "expert" witnesses; and finally to his innovative ideas for reform, O'Bannon breaks down history's most important victory yet against the inequitable model of multi-billion-dollar "amateur" sports.

Indentured Nov 15 2021 "How can the NCAA blithely wreck careers without regard to due process or common fairness? How can it act so ruthlessly to enforce rules that are so petty? Why won't anybody stand up to these outrageous violations of American values and American justice?" In the four years since Joe Nocera asked those questions in a controversial New York Times column, the National Collegiate Athletic Association has come under fire. Fans have begun to realize that the athletes involved in the two biggest college sports, men's basketball and football, are little more than indentured servants. Millions of teenagers accept scholarships to chase their dreams of fame and fortune—at the price of absolute submission to the whims of an organization that puts their interests dead last. For about 5 percent of top-division players, college ends with a golden ticket to the NFL or the NBA. But what about the overwhelming majority who never turn pro? They don't earn a dime from the estimated \$13 billion generated annually by college sports—an ocean of cash that enriches schools, conferences, coaches, TV networks, and apparel companies . . . everyone except those who give their blood and sweat to entertain the fans. Indentured tells the dramatic story of a loose-knit group of rebels who decided to fight the hypocrisy of the NCAA, which blathers endlessly about the purity of its "student-athletes" while exploiting many of them: The ones who get injured and drop out because their scholarships have been revoked. The ones who will neither graduate nor go pro. The ones who live in terror of accidentally violating some obscure rule in the four-hundred-page NCAA rulebook. Joe Nocera and Ben Strauss take us into the inner circle of the NCAA's fiercest enemies. You'll meet, among others . . . -Sonny Vaccaro, the charismatic sports marketer who convinced Nike to sign Michael Jordan. Disgusted by how the NCAA treated athletes, Vaccaro used his intimate knowledge of its secrets to blow the whistle in a major legal case. -Ed O'Bannon, the former UCLA basketball star who realized, years after leaving college, that the NCAA was profiting from a video game using his image. His lawsuit led to an unprecedented antitrust ruling. -Ramogi Huma, the founder of the National

College Players Association, who dared to think that college players should have the same collective bargaining rights as other Americans. -Andy Schwarz, the controversial economist who looked behind the façade of the NCAA and saw it for what it is: a cartel that violates our core values of free enterprise. Indentured reveals how these and other renegades, working sometimes in concert and sometimes alone, are fighting for justice in the bare-knuckles world of college sports.

12 Nov 27 2022 The thrilling behind-the-scenes account of how the NFL's most sensational scandal culminated in sports history's greatest comeback, featuring dozens of exclusive interviews with Patriots players -- including Tom Brady himself. In January 2015, rumors circulated that the New England Patriots -- a team long suspected of abiding by the "if you ain't cheating you ain't trying" philosophy -- had used under-inflated footballs in their playoff victory against the Indianapolis Colts. As evidence began to build, however, a full on NFL investigation was launched, exploding an unsubstantiated rumor into an intense scandal that would lead news coverage for weeks. As shockwaves rippled throughout the NFL system, the very legitimacy of one of the league's most popular teams and their star quarterback began to erode, even as the Patriots and Brady went on to win that year's Super Bowl. But as the celebrations gave way to the offseason, the investigation only intensified, reopening old wounds between the Patriots' powerful owner, Robert Kraft, and the NFL commissioner, Roger Goodell. Brady was devastated and seemingly more nervous in front of a judge than on a game-winning drive. When the dust settled, Brady would be able to play again - but only after watching the first four games of the 2016 season from his couch. The pressure couldn't have been more intense: Brady's legacy was at stake. If he failed to return to his usual self, all the critics and even the history books would have to put a giant asterisk next to his name, signifying one thing: he was a cheater. 12 is the propulsive story of this gritty comeback. It's a drama that unfolds in the locker room, the court room, and under the brightest lights in all of sports -- the Super Bowl. Now for the first time, readers will have an exclusive look into Tom Brady's experience and the NFL's shocking strangle-hold on their players. With unprecedented access to Brady himself, his teammates, and his lawyers, we will see just how a football legend went up against one of the largest corporations in the world to stage the greatest comeback in NFL history and emerge a god of the gridiron.

Experience Jun 22 2022 NATIONAL BESTSELLER • One of the most gifted and innovative writers of our time discloses a private life every bit as unique and fascinating as his bestselling novels. “ Superb memoir...a moving account of [Amis ’ s] coming of age as an artist and a man. ” —San Francisco Chronicle The son of the great comic novelist Kingsley Amis, Martin Amis explores his relationship with this father and writes about the various crises of Kingsley's life. He also examines the life and legacy of his cousin, Lucy Partington, who was abducted and murdered by one of Britain ’ s most notorious serial killers. Experience also deconstructs the changing literary scene, including Amis' portraits of Saul Bellow, Salman Rushdie, Allan Bloom, Philip Larkin, and Robert Graves, among others. Not since Nabokov's *Invitation of a Beheading*, *Memory* has such an implausible life been recorded by such an inimitable talent. Profound, witty, and ruthlessly honest, Experience is a literary event.

Yamani Aug 13 2021

An Inside Story Apr 13 2024 As Alex experiences a fear of being teased, she learns to listen to her body and her heart and discover the unmet need prompting her to feel as she does. This helps her to understand herself better without getting stuck in judgments about who and what triggered her to feel as she does. The process Alex goes through is at the core of an approach called Nonviolent Communication (NVC). NVC assumes that behind every human action there is an attempt to meet a need. Connecting with this need helps people to share what they want (with themselves and/or others) more directly, and in a way more likely to get them what they need and want. Sadly, many people bypass these bodily messages and get stuck in thoughts -blaming themselves or others for how they feel, which only makes things worse, and keeps them from connecting to themselves, to life, and to others. With powerful simplicity and relatable images, *An Inside Story*, has what is needed for parents to start a new and different kind of conversation with their children about how they are affected by what happens to them in their everyday lives - a conversation which is more likely to support the child in sharing what's going on with them, and support the parent who wants to be truly helpful. "An Inside Story uses simple, accessible language and adorable art to call attention to the importance of what goes on inside us that we often hide. In an age of polarization it serves as a reminder of our human commonality despite our many differences." Miki Kashtan, Co-founder, Bay Area Nonviolent Communication

Ftse Apr 20 2022 A RINGSIDE SEAT ON SOME OF THE BIGGEST DEALS AND BIGGEST PERSONALITIES IN BUSINESS AND GLOBAL POLITICS. FTSE is an account of how a small start-up created by the Financial Times and the London Stock Exchange launched in the mid 1980s to provide financial information, became a world leader and one of the UK's most trusted and famous brands. It chronicles how the FTSE 100 was born and details the ferocious dealmaking that followed over 35 years of market boom and bust. It provides a ringside seat on some of the biggest deals and biggest personalities in business and global politics. There have been behind-the-scenes rows with chief executives of some of the world's largest companies, political in-fighting, diplomatic incidents, and even controversy over a pioneering push into responsible investing that began life as a conversation with James Bond actor Roger Moore. FTSE is a modern British brand recognised the world over, like the Royal Family, the BBC or Sir Richard Branson's Virgin empire. They are just four letters on an electronic ticker tape, but FTSE has become a byword for money, power, influence and - crucially after numerous financial crises - trust. How this organisation, FTSE International, brought order to the financial system over several decades is a story of how capitalism globalised and a data revolution transformed the investment industry. It is a story of how a team of British innovators seized an opportunity to build a business that today leads its field and guides the fortunes of an astonishing \$16 trillion of funds. It is a story that Mark Makepeace, as the founding Chief Executive of FTSE International, knows better than anybody.

Unleashing Demons Mar 12 2024 As David Cameron's director of Politics and communications, Craig Oliver was in the room at every key moment during the EU referendum - the biggest political event in the UK since World War 2. Craig Oliver worked with all the players, including David Cameron, George Osborne, Barack Obama, Angela Merkel, Jeremy Corbyn, Boris Johnson, Michael Gove, Theresa May and Peter Mandelson. *Unleashing Demons* is based on his extensive notes, detailing everything from the decision to call a referendum, to the subsequent civil war in the Conservative Party and the aftermath of the shocking result. This is raw history at its very best, packed with enthralling detail and colourful anecdotes from behind the closed doors of the campaign that changed British history.

CNN, the Inside Story Oct 07 2023 The inside story of Turner's battles with

the Big Three networks, from his near-bankruptcy to CNN's nearly 50,000,000 home television viewers.

Christian Bale Oct 27 2022 The darkest Batman is unmasked. During the London press junket for *The Dark Knight* in the summer of 2008, Christian Bale was infamously accused of assaulting his mother and sister at the five-star Dorchester Hotel. Six months later, a recording of Bale's rant on the set of *Terminator Salvation* was leaked, and the star's anger began to define him. But beyond his notorious temper, Bale, an Academy Award-winning actor for his role in *The Fighter*, is known for his ability to physically transform himself for roles in *American Psycho*, *The Machinist*, and as one of Hollywood's most revered and bankable characters—Batman. In *Christian Bale: The Inside Story of the Darkest Batman*, Best Biography winner in the 2013 Indie Excellence Awards and finalist in the 2013 Indie Book Awards, a 2013 Indie Book Awards Finalist for Best Biography, Bale's former publicist and assistant Harrison Cheung—his real-life Alfred—shares an inside look into the little-known personal life of the intensely private and reclusive actor. In the first biography of the Batman star, Cheung, who lived and worked with Christian and his father for 10 years, shares firsthand accounts of the Bales' familial dysfunction, Christian's morbid fascinations and dark humor, and his extreme dedication to his craft. Aware that Bale hated his traditional publicity duties, Cheung launched an extensive Internet marketing campaign for the actor, built the first official actor website for him, and cultivated the Baleheads, an online fan community that was used to garner editorial coverage and ultimately help Bale secure the role of the Caped Crusader. Written with veteran Hollywood and entertainment reporter Nicola Pittam, *Christian Bale: The Inside Story of the Darkest Batman* uncovers Bale's transformation from shy, English child actor to Internet sensation to Hollywood bad boy. *FOR DISTRIBUTION IN THE U.S. AND CANADA ONLY*

The Zone of Interest Aug 25 2022 NOW A MAJOR MOTION PICTURE • AN NPR BEST BOOK OF THE YEAR • From one the most virtuosic authors in the English language: a powerful novel, written with urgency and moral force, that explores life—and love—among the Nazi bureaucrats of Auschwitz. "A masterpiece.... Profound, powerful and morally urgent.... A benchmark for what serious literature can achieve." —San Francisco Chronicle Martin Amis first tackled the Holocaust in 1991 with his bestselling novel *Time's Arrow*. He returns again to the Shoah with this

astonishing portrayal of life in "the zone of interest," or "kat zet"—the Nazis' euphemism for Auschwitz. The narrative rotates among three main characters: Paul Doll, the crass, drunken camp commandant; Thomsen, nephew of Hitler's private secretary, in love with Doll's wife; and Szmul, one of the Jewish prisoners charged with disposing of the bodies. Through these three narrative threads, Amis summons a searing, profound, darkly funny portrait of the most infamous place in history. An epilogue by the author elucidates Amis's reasons and method for undertaking this extraordinary project.

Death Dec 09 2023 Whether a believer or not, a devotee or an agnostic, an accomplished seeker or a simpleton, this is truly a book for all those who shall die!

Confidential Confidential Mar 08 2021 In the 1950s, Confidential magazine, America's first celebrity scandal magazine, revealed Hollywood stars' secrets, misdeeds, and transgressions in gritty, unvarnished detail. Deploying a vast network of tipsters to root out scandalous facts about the stars, including their sexual affairs, drug use, and sexuality, publisher Robert Harrison destroyed celebrities' carefully constructed images and built a media empire. Confidential became the bestselling magazine on American newsstands, surpassing Time, Life, and the Saturday Evening Post. Confidential's spectacular rise was followed by an equally spectacular fall. Stars filed multimillion dollar libel suits against the magazine, and the state of California, prodded by the film studios, prosecuted its publisher for obscenity, culminating in a famous, star-studded Los Angeles trial in 1957. The lawsuits forced Confidential to end its scandalmongering, and it stopped printing its sleazy gossip in 1958. However, the magazine's legacy lives on in our culture's obsession with gossip and celebrity scandal. Confidential's success marked the end of an era of hush-hush—of secrets, closets, and sexual taboos—and the beginning of our age of tell-all exposure.

Intuition May 10 2021 First Published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.

The Firm Jul 12 2021 Based on previously classified documents and on interviews with former secret police officers and ordinary citizens, The Firm is the first comprehensive history of East Germany's secret police, the Stasi, at the grassroots level. Focusing on Gransee and Perleberg, two East German districts located north of Berlin, Gary Bruce reveals how the Stasi

monitored small-town East Germany. He paints an eminently human portrait of those involved with this repressive arm of the government, featuring interviews with former officers that uncover a wide array of personalities, from devoted ideologues to reluctant opportunists, most of whom talked frankly about East Germany's obsession with surveillance. Their paths after the collapse of Communism are gripping stories of resurrection and despair, of renewal and demise, of remorse and continued adherence to the movement. The book also sheds much light on the role of the informant, the Stasi's most important tool in these out-of-the-way areas. Providing on-the-ground empirical evidence of how the Stasi operated on a day-to-day basis with ordinary people, this remarkable volume offers an unparalleled picture of life in a totalitarian state.

What Spot? Jan 18 2022 Although his friend tries to discourage him, a walrus is determined to identify a small black spot he spies in the snow.

Very Bad People Mar 20 2022 ***** 'Reads like a John le Carré novel but is, in fact, very real.' - The Big Issue 'Very Bad People would be a hugely enjoyable thriller if it wasn't all true.' - Isabella Tree, author of Wilding 'Global Witness are fearless.' - Gordon Roddick, Campaigner and Co-Founder of the Body Shop 'Part true crime tale, part investigative procedural, this is the account of the brilliant and necessary superheroes of Global Witness, whose superpower is the truth.' - Edward Zwick, Director of Blood Diamond 'Very Bad People reads like a non-stop high-speed chase as our fighters against corruption hunt down a litany of criminals and con-men, some on the fringes of our society, some embedded high up within it. It's a great story and an important one.' - David Farr, Screenwriter, The Night Manager 'The story told in this book of three youthful idealists who go from eating cold baked beans in a drafty London flat to the Thai-Cambodian border where they posed as traders in illegally felled timber is simply riveting. Don't miss it.' - Misha Glenny, author of McMafia 'Alley has produced a clear-eyed account of a world poisoned by dark money, and a welcome reminder that resistance is possible. As it turns out, his book is even more timely than he could have hoped.' - Irish Times 'This book is inspirational. It shows how young people with sufficient passion and intelligence have the capacity to go after some of the most powerful governments and corporations and shame, humiliate and just push governments to support important reforms that can make this a more decent world.' - Frank Vogel, Co-Founder of Transparency International

Arms trafficking, offshore accounts and luxury property deals. Super-yachts, private jets and super-car collections. Blood diamonds, suspect oil deals, deforestation and murder. This is the world of Global Witness, the award-winning organisation dedicated to rooting out worldwide corruption. And this is co-founder Patrick Alley's revealing inside track on a breath-taking catalogue of modern super-crimes - and the 'shadow network' that enables them. VERY BAD PEOPLE is about following the money, going undercover in the world's most dangerous places, and bringing down the people behind the crimes. Case by case we see maverick investigators pitched against warlords, grifters and super-villains who bear every resemblance to The Night Manager's Richard Roper. One dictator's son spent \$700 million in just four years on his luxury lifestyle. As they unravel crooked deals of labyrinthine complexity, the team encounter well-known corporations whose operations are no less criminal than the Mafia. This network of lawyers, bankers and real estate agents help park dirty money in London, New York, or in offshore accounts, safe from prying eyes. Patrick Alley's book is a brilliant, authoritative and fearless investigation into the darkest workings of our world - and an inspiration to all of us who want to fight back.
