Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that’s perfect for fans of John Green’s The Fault in Our Stars, two teens fall in love with just one minor complication—they can’t get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn’t care less about his treatments, or a fancy new clinical drug trial. Soon, he’ll turn eighteen and then he’ll be able to unplug all these machines and actually go see the world, not just its hospitals. Will’s exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn’t feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? *Twirled Paper* Jun 01 2024 Turn simple paper strips into super paper art In 2006, we introduced a book on the venerable art of quilling. Being Klutz, we gave the topic a fresh, friendly spin, with plenty of kid-appealing projects and bright, juicy color. But, even so, we were a little concerned about the response such an old-fashioned craft would receive. We shouldn't have worried. More than 400,000 copies later, Twirled Paper is still going strong. Turns out kids (and -- surprise! -- grown-ups) love creating quirky, curly artwork out of strips of colored paper. So now we're thrilled to introduce a whole new generation to the craft. We've updated the package to our sturdy new easy-to-wrap, easy-to-stack, open-flat box. Along with plenty of space to store all the paper strips, glue, googly eyes and custom twirling wand, we've added a new built-in pinboard work surface. Of course, the book itself is still a cornucopia of ideas for using these supplies to make aliens, alphabets, bugs, birds, cats, cows, flowers, frogs, food, moons, monkeys, and more. Enough to make a whole twirled world!
