While he works his nefarious plans, the crew itself is not without turmoil. Captain Mack, already having survived far more years in the hostile skies than he had any right to expect, is making plans for his golden years. The crew is gradually learning all that Nita can teach them, leaving her with the looming decision of whether or not she still has a place among the crew. Before the matter of the future can be settled, the crew has the problems at hand to solve. And in escaping the webs woven by the cunning and eccentric Alabaster, they may discover the darkest secrets the churning and toxic Fug has to hide.

**The Story of Sorrel** Joseph R. Lallo, 2019-04-09 For some creatures, running and hiding is the only way to stay alive. But no one can run forever. Sorrel and her twins are malthropes, creatures hated by the people of their world. Years of searching for a place where they can be safe has brought them to a mysterious new land. It would be a paradise if not for the terrible beast who casts its shadow over the people who call it home. The Story of Sorrel is a short novel in the Book of Deacon series, picking up the story of Sorrel and her children shortly after The Rise of the Red Shadow left off.

*Unstable Prototypes* Joseph R. Lallo, 2012-02-26 Following his last adventure, Trevor Lex Alexander's life has managed to return to normal. He's back to splitting his time between delivering packages and transporting passengers, along with the occasional foray into testing highly experimental equipment. He's even gotten back together with his girlfriend, Michella Modane, who has been launched to stardom by her coverage of the Bypass Gemini incident. Yes, things are going quite well for Lex. But in his life, luck like this never lasts long. Sure enough, while he is preparing for a rare visit from Michella, he receives word that the reclusive inventor Karter Dee has been kidnapped. The eccentric and slightly deranged inventor's checkered past has made getting the authorities involved out of the question. That has left Ma, the AI in charge of cooking his meals and reining in his insanity, with few options. She has reached out to Lex as one of the few people she can trust and needs him to help assemble a team of Karter's former allies to take him back before his latest contraptions can be put to work terrorizing the populace at the hands of his captors.

**The Battle of Verril** Joseph R. Lallo, 2011-03-05 In this, the finale of the Book of Deacon Trilogy, Myranda and the Chosen face their greatest challenges yet. Time is running out, and the Generals are growing desperate. Through victory and defeat, reunion and betrayal, neither the heroes nor their foes will rest until they have seen their task through to the end. The only question is: will it be the end of a war or the end of times?

**The Last Escape** Bobby Adair, T. W. Piperbrook, 2015-10-14 They were dead. All of them. In the wake of a massacre, Ella Bray and William flee into the wild, hoping to escape the brutal vengeance of an unforgiving leader. In Brighton, political and economic tensions boil. Famine is approaching. The monsters are amassing. And a costly decision must be made: one that will threaten the lives of humanity's last survivors.

**Six Figure Author** Chris Fox, 2017-07-04 Sell Books the Smart Way. Five years ago, releasing a book as an indie author meant uploading it then begging everyone you knew to buy it. That method simply doesn't work anymore. Fortunately, there's a better way. Amazon has

spent billions of dollars over the last decade building the world's best sales engine. They use machine learning to sell massive piles of books and that engine is just waiting for you to tap into it. This is the book that will teach you how. Ready to become a six-figure author? You'll learn why a sale isn't just a sale. Who you sell to is more important than how many. How to find your target audience. How to train Amazon to sell for you.
