vision of the science of Buddhism and a handbook for transforming our minds bodies and lives *Buddhism Plain and Simple* Steve Hagen,1999-04-29 A Zen priest strips Buddhist teachings of the embellishments they have accumulated over the centuries and presents the original way of the Buddha in everyday accessible language Line drawings **The Future Is Open** Chogyam Trungpa,2018-11-13 Renowned meditation master Ch gyam Trungpa challenges popular misconceptions of the Buddhist doctrines of karma and rebirth in the process showing how to step beyond karma on the path to awakening Karma has become a popular term in the West often connected with somewhat naive or deterministic ideas of rebirth and reincarnation or equated with views of morality and guilt Ch gyam Trungpa unpacks this intriguing but misunderstood topic He viewed an understanding of karma as good news showing us that liberation is possible and that the future is never predetermined His unique approach to presenting the Buddhist teachings lends itself to an insightful and profound view of karma its cause and effects and how to cut the root of karma itself Great Accomplishment Tulku Urgyen Rinpoche,Orgyen Topgyal Rinpoche,Lama Putsi,2013 The Vajrayana system of Tibetan Buddhism has many techniques few difficulties and is meant for people of higher capabilities Because each of us possesses the enlightened essence when many people participate in a great accomplishment practice then many enlightened essences are gathered together in one place Hence practice will be more effective If we have recognized and realized our enlightened essence then circumstances will be perfect Even if we have not if we participate in the practice and stay within the environment there will be great benefit The Vajrayana system has many techniques and skillful means for clearing away the impurities that prevent us from fully realizing our buddha nature If we weren t already endowed with this pure gold the buddha nature but instead possessed mere brass we could polish and clean as much as possible but the brass would never turn into gold Nevertheless since we already have a divine nature then if we engage in the development recitation and completion stage practices which act like a polish we can realize what we actually are The Great Accomplishment book offers detailed explanations of these practices and the underlying theories from which they derive It gives hands on advice on the meaning the application and the profound results of working together with other practitioners to accomplish the goal of taming our minds and benefiting others From the most esoteric to the subtlest of practical details these three masters Tulku Urgyen Rinpoche Orgyen Topgyal Rinpoche and Lama Putsi give a complete guidance manual on this hidden treasure Brilliant Moon Dilgo Khyentse,Jamgon Mipham,2010-01-12 Through lively anecdotes and stories this highly revered Buddhist meditation master and scholar tells about his life of study retreat and teaching The formative events of Dilgo Khyentse Rinpoche s life and those insights and experiences that caused him to mature into the warm brilliant and highly realized meditation master and teacher he was are deeply inspiring The second half of the book comprises recollections by his wife his grandson Shechen Rabjam Rinpoche Tenga Rinpoche the Queen Mother of Bhutan and many prominent teachers **The Power of Mind** Khentrul Lodrö T'hayé Rinpoche,2022-09-06 A modern guide to lojong ancient Buddhist techniques for transforming all circumstances including pain anxiety and stress into mental well

being that benefits us and the people around us We've all heard platitudes about cultivating love and compassion but how can we actually develop these qualities in ourselves and crucially share them in our world The Power of Mind provides the proven path of lojong or mind training for changing our experience from the inside out Regardless of what's happening in our lives Khentrul Rinpoche teaches that our route to freedom lies in our minds A thousand years ago the Indian saint Atisha risked his life to seek out lojong teachings in Indonesia and then brought them to Tibet where they flourished and spread to the rest of the world This book introduces those teachings the Seven Key Points of Mind Training which have been passed down from teacher to student for centuries Khentrul Rinpoche was inspired by his own teachers who like alchemists were able to follow these techniques during the Cultural Revolution and transform their immense suffering into something positive The Power of Mind guides the reader through these transformative practices one by one from recognizing the value of our human life to overcoming the sources of suffering together with meditation advice for incorporating these insights into our daily lives This wisdom is accessible to everyone whether Buddhist or not As Khentrul Rinpoche states Peace and happiness can be attained but not by searching for something in the outside world They start within us then extend out to the entire globe
