The Retrieving Experience Subjectivity And Recognition In Feminist Politics Pdf

Retrieving Experience Sonia Kruks, 2001 Situating the subject Panopticism and shame Foucault Beauvoir and feminism The politics of recognition Sartre Fanon and identity politics Identity politics and dialectical reason beyond an epistemology of provenance Going beyond discourse feminism phenomenology and women's experience Phenomenology and difference on the possibility of feminist world travelling *In a Classroom of Their Own* Keisha Lindsay, 2018-07-02 Many advocates of all black male schools ABMSs argue that these institutions counter black boys racist emasculation in white overly female classrooms This argument challenges racism and perpetuates antifeminism Keisha Lindsay explains the complex politics of ABMSs by situating these schools within broader efforts at neoliberal education reform and within specific conversations about both endangered black males and a boy crisis in education Lindsay also demonstrates that intersectionality long considered feminist is in fact a politically fluid framework As such it represents a potent tool for advancing many political agendas including those of ABMSs supporters who champion antiracist education for black boys while obscuring black girls own race and gender based oppression in school Finally Lindsay theorizes a particular means by which black men and other groups can form antiracist and feminist coalitions even when they make claims about their experiences that threaten bridge building The way forward Lindsay shows allows disadvantaged groups to navigate the racial and gendered politics that divide them in pursuit of productive and progressive solutions Far thinking and boldly argued *In a Classroom of Their Own* explores the dilemmas faced by professionals and parents in search of equitable schooling for all students black boys and otherwise

Handbook of Equality of Opportunity Mitja Sardoč, **Judith Butler's Precarious Politics** Terrell Carver, Samuel A. Chambers, 2008-01-25 Judith Butler has been arguably the most important gender theorist of the past twenty years This edited volume draws leading international political theorists into dialogue with her political theory Each chapter is written by an acclaimed political theorist and concentrates on a particular aspect of Butler's work The book is divided into five sections which reflect the interdisciplinary nature of Butler's work and activism Butler and Philosophy explores Butler's unique relationship to the discipline of philosophy considering her work in light of its philosophical contributions Butler and Subjectivity covers the vexed question of subjectivity with which Butler has engaged throughout her published history Butler and Gender considers the most problematic area gender taken by many to be primary to Butler's work Butler and Democracy engages with Butler's significant contribution to the literature of radical democracy and to the central political issues faced by our post cold war Butler and Action focuses directly on the question of political agency and political action in Butler's work Along with its companion volume *Judith Butler and Political Theory* it marks an intellectual event for political theory

with major implications for feminism women s studies gender studies cultural studies lesbian and gay studies queer theory and anyone with a critical interest in contemporary American great power politics **The Combahee River Collective**

Statement Combahee River Collective,1986 *Philosophical Reflections on Mothering in Trauma* Melissa Burchard,2018-07-20 *Philosophical Reflections on Mothering in Trauma* examines the lived experience of mothering children who have been seriously harmed by others Using an interdisciplinary approach that employs a feminist phenomenology and an emphasis on narrative theory this ground breaking work gives voice to experiences of trauma and of mothering not ordinarily heard in philosophical discourses With a philosophical lens Melissa Burchard examines the challenges faced by families during the adoption and parenting of abused children In doing so Burchard argues that the investigation of traumatic experience poses questions that philosophers must address if we are to improve collective understanding of the human condition These questions centre around the epistemological implications of traumatic experience the role of power and privilege in abusive relationships and the interconnected issues of morality and moral agency in trauma problematic desires engendered in traumatic circumstances and therapeutic responses to trauma The book expresses ways in which mothering wounded children can if we are deeply engaged and reflective shift our understandings of what it means to be parents to be children to love to know to construct a self to feel desire to nurture to coerce and to live in the ambiguity of not knowing which decisions are right and which are wrong **A Good Night Out for the Girls** E. Aston,G. Harris,2012-11-29 Moving across the boundaries of mainstream and experimental circuits from the affective pleasures of commercially successful shows such as *Calendar Girls* and *Mamma Mia* to the feminist possibilities of new burlesque and stand up this book offers a lucid and accessible account of popular feminisms in contemporary theatre and performance *Hypercrime* Michael McGuire,2007-12-06 *Hypercrime* offers a radical critique of the narrow conceptions of cybercrime offered by current justice systems and challenges the governing presumptions about the nature of the threat posed by it **Pragmatic Humanism** Marcus Morgan,2016-01-29 Is sociology best understood as simply chipping away at our ignorance about society or does it have broader roles and responsibilities If so to what or perhaps to whom are these responsibilities Installing humanity as its epistemological and normative start and endpoint this book shows how humanism recasts sociology as an activity that does not merely do things or effect things but is also self consciously for something Rather than resurrecting problematic classical conceptions of humanism the book instead constructs its arguments on pragmatic grounds showing how a pragmatic humanism presents an improved picture of both the nature and value of the discipline This picture is based less around the claim that sociology is capable of providing authoritative revelations about society and more upon its capacity to offer representations of the social in epistemologically open transformative ethical and hopeful ways Ultimately it argues that sociology s real value can only be disclosed by replacing its image as a discipline aimed towards disinterested social enlightenment with one of itself as a practice both dependent upon and at its best self consciously aimed towards human

ends and imperatives It will appeal to scholars and students across the social sciences and to those working in social theory sociology and philosophy of the social sciences in particular *Capitalism, Democracy, Socialism: Critical Debates* Albenazmanova, James Chamberlain, 2022-09-07 This book critically analyzes the current historical conjuncture of neoliberal capitalism with an eye to its emergent alternatives Can democracy and capitalism thrive together Is socialism a viable and a desirable alternative What are the forms of emancipatory action and critical thought that can effectively chart a way forward Focusing on nine critical debates it provides a uniquely comprehensive overview of the tensions contradictions and latent emancipatory potential of contemporary global capitalism The specific debates are as follows capitalism s relationship with democracy privatization and governance of the commons the financialization of capitalism technology and the future of work varieties of neoliberal capitalism cosmopolitanism international development and human rights feminist theory and social solidarity sustainability and climate change and theories of capitalist crisis

Women Phenomenologists on Social Ontology Sebastian Luft, Ruth Hagengruber, 2018-10-24 This edited volume examines women s voices in phenomenology many of which had a formative impact on the movement but have been kept relatively silent for many years It features papers that truly extend the canonical scope of phenomenological research Readers will discover the rich philosophical output of such scholars as Edith Stein Hedwig Conrad Martius and Gerda Walther They will also come to see how the phenomenological movement allowed its female proponents to achieve a position in the academic world few women could enjoy at the time The book explores the intersection of social ontology phenomenology and women scholars in phenomenology The papers offer a fresh look at such topics as the nature of communities shared values feelings and other mental content In addition coverage examines the contributions of Jewish women to the science who were present at the beginning of the phenomenological movement This remarkable anthology also features a paper on Gerda Walther written by Linda Lopez McAlister former editor of the feminist journal *Hypatia* who had met Walther in 1976 This book features work from the conference *Women Phenomenologists on Social Ontology* held at the University of Paderborn Overall it collects profiles and analysis that unveil a hidden history of phenomenology

Feminist Theory bell hooks, 2014-10-03 When *Feminist Theory From Margin to Center* was first published in 1984 it was welcomed and praised by feminist thinkers who wanted a new vision Even so individual readers frequently found the theory unsettling or provocative Today the blueprint for feminist movement presented in the book remains as provocative and relevant as ever Written in hooks s characteristic direct style *Feminist Theory* embodies the hope that feminists can find a common language to spread the word and create a mass global feminist movement

The Oxford Handbook of Feminist Theory Lisa Disch, Mary Hawkesworth, 2018-02-01 The *Oxford Handbook of Feminist Theory* provides a rich overview of the analytical frameworks and theoretical concepts that feminist theorists have developed to analyze the known world Featuring leading feminist theorists from diverse regions of the globe this collection delves into forty nine subject areas demonstrating the complexity of feminist challenges to established

knowledge while also engaging areas of contestation within feminist theory Demonstrating the interdisciplinary nature of feminist theory the chapters offer innovative analyses of topics central to social and political science cultural studies and humanities discourses associated with medicine and science and issues in contemporary critical theory that have been transformed through feminist theorization The handbook identifies limitations of key epistemic assumptions that inform traditional scholarship and shows how theorizing from women s and men s lives has profound effects on the conceptualization of central categories whether the field of analysis is aesthetics biology cultural studies development economics film studies health history literature politics religion science studies sexualities violence or war

Nationalism and Ethnic Conflict in Nepal Mahendra Lawoti, Susan Hangen, 2013 Ethnic and nationalist movements surged forward in Nepal after restoration of democracy in 1990 This book analyses the rise in ethnic mobilization the dynamics and trajectories of these movements and their consequences for Nepal

Pilgrimages/Peregrinajes María Lugones, 2003-04-28 Mar a Lugones one of the premiere figures in feminist philosophy has at last collected some of her most famous essays as well as some lesser known gems into her first book *Pilgrimages Peregrinajes* A deeply original essayist Lugones writes from her own perspective as an inhabitant of a number of different worlds Born in Argentina but living for a number of years in the United States she sees herself as neither quite a U S citizen nor quite an Argentine An activist against the oppression of Latino a people by the dominant U S culture she is also an academic participating in the privileges of that culture A lesbian she experiences homophobia in both Anglo and Latino world A woman she moves uneasily in the world of patriarchy Lugones writes out of multiple and conflicting subjectivities that shape her sense of who she is resisting the demand for a unified self in light of her necessary ambiguities *Pilgrimages Peregrinajes* explores the possibility of deep coalition with other women of color based on multiple understandings of oppressions and resistances understandings whose logic she subjects to philosophical investigation

Feminist Methodology Caroline Ramazanoglu, Janet Holland, 2002-02-20 An accessible clearly explained review of difficult concepts within this arena as well as relevant debates Its strengths are in outlining possible considerations that need to be taken into account when making methodological choices It also clearly explains how these choices impact knowledge production This book would undoubtedly be of considerable use to anyone seeking to understand and get to grips with feminist methodological issues *Feminism and Psychology* Who would be a feminist now Contemporary political realism suggests that the essentials of the battle have already been won and the current generation of women entering University is used to seeing feminism presented as old fashioned extreme and unrealistic Challenging such assumptions this important new book argues for the value of empirical investigations of gendered life and brings together the theoretical political and practical aspects of feminist methodology *Feminist Methodology* demonstrates how feminist approaches to methodology engage with debates in western philosophy to raise critical questions about knowledge production shows that feminist methodology has a distinctive place in social research guides the reader through the terrain

of feminist methodology and clarifies how feminists can claim knowledge of gendered social existence connects abstract issues of theory with issues in fieldwork practice This timely and accessible book will be an essential resource for students in women s studies gender studies sociology cultural studies social anthropology and feminist psychology *Getting Respect* Michèle Lamont, Graziella Moraes Silva, Jessica Welburn, Joshua Guetzkow, Nissim Mizrachi, Hanna Herzog, Elisa Reis, 2018-11-27 A comparative look at how discrimination is experienced by stigmatized groups in the United States Brazil and Israel Racism is a common occurrence for members of marginalized groups around the world *Getting Respect* illuminates their experiences by comparing three countries with enduring group boundaries the United States Brazil and Israel The authors delve into what kinds of stigmatizing or discriminatory incidents individuals encounter in each country how they respond to these occurrences and what they view as the best strategy whether individually collectively through confrontation or through self improvement for dealing with such events This deeply collaborative and integrated study draws on more than four hundred in depth interviews with middle and working class men and women residing in and around multiethnic cities New York City Rio de Janeiro and Tel Aviv to compare the discriminatory experiences of African Americans black Brazilians and Arab Palestinian citizens of Israel as well as Israeli Ethiopian Jews and Mizrahi Sephardic Jews Detailed analysis reveals significant differences in group behavior Arab Palestinians frequently remain silent due to resignation and cynicism while black Brazilians see more stigmatization by class than by race and African Americans confront situations with less hesitation than do Ethiopian Jews and Mizrahim who tend to downplay their exclusion The authors account for these patterns by considering the extent to which each group is actually a group the sociohistorical context of intergroup conflict and the national ideologies and other cultural repertoires that group members rely on *Getting Respect* is a rich and daring book that opens many new perspectives into and sets a new global agenda for the comparative analysis of race and ethnicity

Feminism and the Contradictions of Oppression Caroline Ramazanoglu, 2012-10-12 *Feminism and the Contradictions of Oppression* is a penetrating and comprehensive study of the development of feminism over the last thirty years The first part of this major new textbook examines feminist theory and feminist political strategy The second section examines how contradictions of class race subculture and sexuality divide women The final part explores ways out of the impasse This level headed and challenging book is one of the most notable contributions to feminism in recent years **Identity** Francis Fukuyama, 2018-09-11 The New York Times bestselling author of *The Origins of Political Order* offers a provocative examination of modern identity politics its origins its effects and what it means for domestic and international affairs of state In 2014 Francis Fukuyama wrote that American institutions were in decay as the state was progressively captured by powerful interest groups Two years later his predictions were borne out by the rise to power of a series of political outsiders whose economic nationalism and authoritarian tendencies threatened to destabilize the entire international order These populist nationalists seek direct charismatic connection to the people who are usually defined in narrow identity terms that

offer an irresistible call to an in group and exclude large parts of the population as a whole Demand for recognition of one s identity is a master concept that unifies much of what is going on in world politics today The universal recognition on which liberal democracy is based has been increasingly challenged by narrower forms of recognition based on nation religion sect race ethnicity or gender which have resulted in anti immigrant populism the upsurge of politicized Islam the fractious identity liberalism of college campuses and the emergence of white nationalism Populist nationalism said to be rooted in economic motivation actually springs from the demand for recognition and therefore cannot simply be satisfied by economic means The demand for identity cannot be transcended we must begin to shape identity in a way that supports rather than undermines democracy Identity is an urgent and necessary book a sharp warning that unless we forge a universal understanding of human dignity we will doom ourselves to continuing conflict **Radical Feminism Today** Denise Thompson,2001-06-01 Radical Feminism Today offers a timely and engaging account of exactly what feminism is and what it is not Author Denise Thompson questions much of what has come to be taken for granted as feminism and points to the limitations of implicitly defining feminism in terms of women gender difference or race gender class She challenges some of the most widely accepted ideas about feminism and in doing so opens up a number of hitherto closed debates allowing for the possibility of moving those debates further
