Storming Heaven Lsd And The American Dream Jay Stevens

Acid Dreams Martin A. Lee, Bruce Shlain, 1992 Provides a social history of how the CIA used the psychedelic drug LSD as a tool of espionage during the early 1950s and tested it on U S citizens before it spread into popular culture in particular the counterculture as represented by Timothy Leary Allen Ginsberg Ken Kesey and others who helped spawn political and social upheaval

Storming Heaven Dale Brown, 1995 Terrorists use commercial aircrafts to deploy bombs in both San Francisco and Memphis resulting in an enormous loss of life and property When military sources learn the next terrorist target is Washington D C Coast Guard Rear Admiral Ian Hardcastle and Air Force Lieutenant Colonel Al Vicenti are assigned to restore safety to the skies product description

Storming Heaven: A Novel Denise Giardina, 2010-07-05 This is the story of the miners and the union they wanted of the people who loved them and the people who wanted to kill their dreams Annadel West Virginia was a small town rich in coal farms and close knit families all destroyed when the coal company came in It stole everything it hadn't bothered to buy land deeds private homes and ultimately the souls of its men and women Four people tell this powerful deeply moving tale Activist Mayor C J Marcum Fierce loveless union man Rondal Lloyd Gutsy nurse Carrie Bishop who loved Rondal And lonely Sicilian immigrant Rosa Angelelli who lost four sons to the deadly mines They all bear witness to nearly forgotten events of history culminating in the final tragic Battle of Blair Mountain when the United States Army greeted ten thousand unemployed pro union miners with airplanes bombs and poison gas It was the first crucial battle of a war that has yet to be won

Can't Find My Way Home Martin Torgoff, 2004-05-13 Can't Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience It's the remarkable story of how America got high the epic tale of how the American Century transformed into the Great Stoned Age Martin Torgoff begins with the avant garde worlds of bebop jazz and the emerging Beat writers who embraced the consciousness altering properties of marijuana and other underground drugs These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert later Ram Dass discovered the power of LSD ushering in the psychedelic era While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon millions of young Americans began discovering their own new frontiers on a voyage to inner space What had been the province of a fringe avant garde only a decade earlier became a mass movement that affected and altered mainstream America And so America sped through the century dropping acid and eating magic mushrooms at home shooting heroin and ingesting amphetamines in Vietnam snorting cocaine in the disco era smoking crack cocaine in the devastated inner cities of the 1980s discovering MDMA Ecstasy in the rave culture of the 1990s Can't Find My Way Home tells this extraordinary story by weaving together first person accounts and historical background into a narrative vast in scope yet rich in intimate detail Among those who describe their experiments with consciousness are Allen Ginsberg Timothy Leary Robert Stone Wavy Gravy

Grace Slick Oliver Stone Peter Coyote David Crosby and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses But Can't Find My Way Home does not neglect the recovery movement the war on drugs and the ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened **Aquarius Revisited** Peter O. Whitmer, Bruce VanWyngarden, 1991 Examines America in the sixties through the works of Burroughs Ginsberg Mailer Kesey Hunter S Thompson Leary and Robins **American Trip** Ido Hartogsohn, 2020-07-14 How historical social and cultural forces shaped the psychedelic experience in midcentury America from CIA experiments with LSD to Timothy Leary's Harvard Psilocybin Project Are psychedelics invaluable therapeutic medicines or dangerously unpredictable drugs that precipitate psychosis Tools for spiritual communion or cognitive enhancers that spark innovation Activators for one's private muse or part of a political movement In the 1950s and 1960s researchers studied psychedelics in all these incarnations often arriving at contradictory results In American Trip Ido Hartogsohn examines how the psychedelic experience in midcentury America was shaped by historical social and cultural forces by set the mindset of the user and setting the environments in which the experience takes place *Higher Wisdom* Roger N. Walsh, Charles S. Grob, 2005-09-01 From the Back Cover Psychedelics have been a part often a central and sacred part of most societies throughout history and for half a century psychedelics have rumbled through the Western world seeding a subculture titillating the media fascinating youth terrifying parents enraging politicians and intriguing researchers Not surprisingly these curious chemicals fascinated some of the foremost thinkers of the twentieth century fourteen of whom were interviewed for this book Because no further human research can be done these researchers constitute an irreplaceable resource Higher Wisdom offers their fascinating anecdotes invaluable knowledge and hard won wisdom the culmination of fifty years of research and reflection on one of the most intriguing and challenging topics of our time **We are the People Our Parents Warned Us Against** Nicholas Von Hoffman, 1989 **Psychedelia and Other Colours** Rob Chapman, 2015-09-01 In Psychedelia and Other Colours acclaimed author Rob Chapman explores in crystalline detail the history precedents and cultural impact of LSD from the earliest experiments in painting with light and immersive environments to the thriving avant garde scene that existed in San Francisco even before the Grateful Dead and the Fillmore Auditorium In the UK he documents an entirely different history and one that has never been told before It has its roots in fairy tales and fairgrounds the music hall and the dead of Flanders fields in the Festival of Britain and that peculiarly British strand of surrealism that culminated in the Magical Mystery Tour Sitars and Sergeant Pepper surfadelica and the Soft Machine light shows and love ins the mind expanding effects of acid were to redefine popular culture as we know it

Psychedelia and Other Colours documents these utopian reverberations and the dark side of their moon in a perfect portrait

Psychedelics Reimagined Thomas Lyttle, 1999 Cultural Writing Introduced by Timothy Leary this collection of essays photographs and research seeks to establish the scientific legitimacy of psychedelic studies Important very informative and an additional valuable contribution to the psychedelic movement Dr Albert Hoffman inventor of LSD 25 As Hakim Bey writes in the Foreword The doors of perception that s the first step The second step is opening the doors of perception Then going through Next learning that there are no doors of perception Then going back outside and alerting everyone else to the wonders beyond the doors

Zig Zag Zen Allan Hunt Badiner, Alex Grey, 2002-04 Buddhism and psychedelic experimentation share a common concern the liberation of the mind Zig Zag Zen launches the first serious inquiry into the moral ethical doctrinal and transcendental considerations created by the intersection of Buddhism and psychedelics With a foreword by renowned Buddhist scholar Stephen Batchelor and a preface by historian of religion Huston Smith along with numerous essays and interviews Zig Zag Zen is a provocative and thoughtful exploration of altered states of consciousness and the potential for transformation Accompanying each essay is a work of visionary art selected by artist Alex Grey such as a vividly graphic work by Robert Venosa a contemporary thangka painting by Robert Beer and an exercise in emptiness in the form of an enso by a 17th century Zen abbot Packed with enlightening entries and art that lie outside the scope of mainstream anthologies Zig Zag Zen offers eye opening insights into alternate methods of inner exploration
