*Operations Strategy* Nigel Slack, Michael Lewis, 2019

**Evaluation of the FAO response to the crisis in the Lake Chad Basin 2015–2018** Food and Agriculture Organization of the United Nations , 2021-01-28 Forty nine million people live in the Lake Chad region exploiting its rich natural resources and relatively constant supply of water fodder and fertile land all year round The area used to be a food production hub with local markets supplying produce to Cameroon Chad the Niger

and Nigeria However poor natural resource management poor coordination across the different countries of the region and the widespread impact of climate change have contributed to the significant deterioration of the Lake s natural ecosystem capacity Agricultural soils and pastures have been widely degraded leading to a huge reduction in food productivity and thus job opportunities especially for the youth living in rural areas who account for a high percentage of the population Conflicts and tensions have created a conducive context for young people in search of income and opportunities to join the Boko Haram terrorist movement originated in Nigeria This evaluation was conducted to address FAO s response to the Lake Chad Basin crisis including interventions conducted in 2015 2018 as FAO published the Lake Chad Basin Crisis Response Strategy 2017 2019 to address the needs of the identified 6 9 million people affected by soaring food insecurity in the Lake Chad Basin in early 2017 The objectives of this evaluation were to analyse FAO s responses to the crisis at operating level with a focus on efficiency effectiveness and sustainability while assessing the relevance and consistency of the regional approach from a strategic perspective The evaluation team visited many of the areas concerned and at the end of each visit they organized a debriefing session with the respective FAO country team to share information gathered and collect complementary data and analysis to inform its deliberations This helped to ensure transparency in the data collection process and to maximize the learning process For FAO to support the food security and nutrition of communities in the Lake Chad region effectively a regional strategy focused on supporting the resilience of communities is relevant and appropriate Complementary to FAO s country based programmes a regional strategy bears the potential to devise interventions that adapt to the cross border nature of issues that each country faces and would allow supporting a more cohesive and collaborative way of working Based on the Regional Response Strategy 2017 2019 FAO should revise its strategy and approach by incorporating governmental objectives and translate it into an operational action plan in line with other partners strategies in the region

**Public Expenditure Management and Financial Accountability in Niger**, 2005-01-01 The study also shows that enhancing the efficiency and transparency of public spending is as important as increasing spending for priority sectors It thoroughly assesses public management systems in Niger and presents an action plan jointly elaborated by the Government and its main external partners to address the main challenges in this area This action plan contains a priority set of measures to improve budget preparation execution as well as internal and external oversight Jacket

Cravens, Kenneth Le Meunier-FitzHugh, Nigel F. Piercy, 2012-11-22 The Oxford Handbook of Strategic Sales and Sales Management is an unrivalled overview by leading academics in the field of sales and marketing management Sales theory is experiencing a renaissance driven by a number of factors including building profitable relationships creating delivering brand value strategic customer management sales and marketing relationships global selling and the change from transactional to customer relationship marketing Escalating sales and selling costs require organisations to be more focused on results and highlight the shifting of resources from marketing to sales Further the growth in customer power now requires a strategic sales response and not just a tactical one The positioning of sales within the organisation the sales function and sales management are all discussed The Handbook is not a general sales management text about managing a sales force but will fill a gap in the existing literature through consolidating the current academic research in the sales area The Handbook is structured around four key topics The first section explores the strategic positioning of the sales function within the modern organisation The second considers sales management and recent developments The third section examines the sales relationship with the customer and highlights how sales is responding to the modern environment Finally the fourth section reviews the internal composition of sales within the organisation The Handbook will provide a comprehensive introduction to the latest research in sales management and is suitable for academics professionals and those taking professional qualifications in sales and marketing *Operations Management* Jay H. Heizer, Barry Render, 1999 A text CD ROM introduction to operations management organized around 10 critical decisions in practice Part I introduces concepts and Part II describes designing operations Part III describes managing operations in terms of performance and Part IV outlines analytical techniques for decision making Pedagogical features include margin notes worked examples critical thinking exercises and database application problems Also includes 46 case studies global company profiles boxed readings from newspapers and video cases The CD ROM contains slides of main points quizzes and simulation software Annotation copyrighted by Book News Inc Portland OR *Operations Management with Companion Website with GradeTracker Student Access Card* Nigel Slack, Stuart Chambers, Robert Johnston, 2006-12 Sheds light on the authors comprehensive practical and strategic view of operations management with over 100 contemporary and international examples of operations in practice as well as providing critical commentaries on areas of academic contention and professional debate Niger International Monetary Fund, 2007-07-31 Niger's Fourth Review Under the Poverty Reduction and Growth Facility and Request for Waiver and Modification of Performance Criteria are examined Economic growth in 2006 has been satisfactory at 4.8 percent owing to a good harvest for the second year in a row and strong mining telecommunications and construction activities Inflation has been low and food security improved partly

because of continued donor support The fiscal deficit in 2006 has been smaller than programmed because of underspending and exceptional mining receipts

**The Operations Advantage** Nigel Slack,2017-04-03 The study and practice of operations has shifted to reflect the new challenges and uncertainties of how to thrive in today s ever changing world The Operations Advantage identifies the most significant challenges to the practice of operations management and gives guidance on how businesses can respond Leaders need to link the strategic objectives of the business clearly and logically to its operations performance objectives The book presents a series of ten activities that will help them to do this and therefore make operations work better such as designing and configuring internal processes and resourcing the operations appropriately Based on the global teaching training and consultancy conducted by the author The Operations Advantage looks at the application of operations management across a range of sectors including finance healthcare professional services oil and gas industries Although these diverse sectors require operations practitioners to apply knowledge in different ways they essentially deal with the same set of processes The book is an indispensable and unique guide for anyone with an operational role in any organization as well as operations management students and academics

Service And Operations Management Cengiz Haksever,Barry Render,2017-12-26 The purpose of this book is to provide cutting edge information on service management such as the role services play in an economy service strategy ethical issues in services and service supply chains It also covers basic topics of operations management including linear and goal programming project management inventory management and forecasting This book takes a multidisciplinary approach to services and operational management challenges it draws upon the theory and practice in many fields of study such as economics management science statistics psychology sociology ethics and technology to name a few It contains chapters most textbooks do not include such as ethics management of public and non profit service organizations productivity and measurement of performance routing and scheduling of service vehicles An Instructor s Solutions Manual is available upon request for all instructors who adopt this book as a course text Please send your request to sales wspc com
