Welcome to Tucker Springs, Colorado. Population, 70-something-thousand. Home to beautiful mountain views, two respected universities, and a ridiculously high cost of living. Jason Davis can handle a breakup. And an overwhelming mortgage. And a struggling business. And the excruciating pain that keeps him up at night thanks to a shoulder injury. But handling all of it at once? No, not so much. When his shoulder finally pushes him to a breaking point, he takes a friend's advice and gives acupuncture a try. Acupuncturist Michael Whitman is a single dad struggling to make ends meet. When a mutual friend refers Jason as a patient, and Jason suggests a roommate arrangement to alleviate their respective financial strains, Michael jumps at the opportunity. Living together should be easy, and it would be if not for Jason's undeniable attraction to his new roommate. The temptation to act on those feelings is strong, but Michael is straight. Or at least, that's what their mutual friend claims... Tucker Springs is a shared world series written by Marie Sexton, L.A. Witt, and Heidi Cullinan. Where Nerves End is book 1 in the series, but can be read as a standalone. Where Nerves End will appeal to fans of hurt comfort, single dads, bisexual awakening, and roommates to lovers. After ten years together, Ethan Mallory and Rhett Solomon are calling it quits and are ready to move on. Thanks to Seattle's depressed real estate market, though, they're stuck living as roommates with a hefty mortgage hanging over their heads. In an effort to speed things along, they decide to bring in some extra money by renting out the spare bedroom. Wilde's bartender Kieran Frost moves in, and suddenly, the only thing Ethan and Rhett both want more than getting away from each other is getting close to their single, young, hot roommate. Kieran doesn't mind the attention from both, and he certainly doesn't mind sharing. Their combined chemistry ignites something else that Ethan and Rhett had thought was long dead—the mutual attraction that drew them together in the first place. Except bitter jealousy over Kieran could push them even farther apart... The Distance Between Us is a steamy, sexy second chances romance... with a little help from their hot roommate. Casey Olson has always known he was destined to be a Navy SEAL, and the best day of his life was when he was accepted into training. The worst day was when a snapping bone ended his dream. After three combat tours in five years, Logan Carter left the Marines and self-destructed. Now he's sober and, thanks to a forgiving ex with friends in high places, has a promising job as a civilian contractor. All he has to do is stay on the rails and out of a bottle, even when his demons won't leave him alone. Logan likes his job, and he really likes the gorgeous man at the next desk. Casey tries not to check Logan out, but who is he kidding? From the start, despite their best efforts, neither man can resist the other. Sizzling chemistry leads to sex so hot they can both almost forget why they're stuck in this office to begin with. It would be perfect, except Logan can't stop reliving wars he'll never forget and Casey can't stop grieving the SEAL he'll never be. And they'll never have a future together until they can make peace with their pasts. Wash Out is the seventh book in the Anchor Point M/M military series. Fans of Annabeth Albert, S.E. Jakes, and redemption and hurt comfort will fall for Logan and Casey as they navigate injuries, PTSD, broken dreams... and unexpected love. His marriage is over, but he's determined to do right by his kids, starting with fewer hours at work and more with them. Except it's no longer the kids competing with his job for his attention. It's Holden competing for their attention... with their new live-in nanny. Their very hot male live-in nanny. Porter Blake never saw himself becoming a nanny, but okay. After burnout and PTSD drove him from his job as a paramedic, he's desperate for something new, and it turns out the nanny gig isn't so bad. This standalone novel is approximately 115,000 words long. Mortal-enemies-turned-furniture-breaking-lovers August Morrison and Ricardo Torralba have found a groove that suits them both. They've teamed up as hired guns, they live together, and by some miracle, they haven't killed each other. It's the closest to normal they'll ever have, and they love it. But their guns-and-roses future is thrown into chaos when Ricardo's past comes crashing into their present. What begins as a favor for an old friend—well, "friend," but don't tell August—quickly spirals into something far bigger than they anticipated. Now they're in way over their heads with powerful people on both sides of the law, and it's going to take more than snark and explosions to see them through. Nevertheless, there will be plenty of snark and explosions, because this is August and Ricardo, and no one would expect any less. In between the smoke and sarcasm, though, they are determined to bring an evil operation crashing down... no matter who they have to work with to get the job done. And no matter who they have to kill. Sniper vs Spotter is the sequel to the apparently-it-doesn't-want-to-be-a-standalone Hitman vs Hitman, which absolutely was supposed to be a standalone, but

August and Ricardo (predictably) refused to be contained. Our audiobook narrator also shares some of the blame, Michael. So here we are. Fans of L.J. Hayward and Alice Winters will love this assassin duo featuring a grumpy special forces veteran and the irreverently sunshine billionaire who drives him up a wall. Come for the enemies to lovers, stay for the feels. And explosions. "Opposites attract, but heaven help these two." Tattoo artist Seth Wheeler thinks he's struck gold when Darren Romero rents the apartment across the hall. The new guy is gorgeous, witty, and single, plus he's just the right blend of bold and flirtatious. Perfect. Except then Darren reveals that he moved to Tucker Springs to take a job as the youth pastor at the New Light Church. Seth is not only an atheist, but was thrown out by his ultra-religious family when he came out. He tends to avoid believers, not out of judgment but out of self-preservation. But Darren doesn't give up easily, and he steadily chips away at Seth's defenses. Darren is everything Seth wants in a man . . . except for that one massive detail he just can't overlook. Is Darren's religion the real problem, or is it just a convenient smoke screen to keep him from facing deeper fears? It's either see the light, or risk pushing Darren away forever. CW: COVID-19 A note from the author: As the events of 2020 have unfolded, in particular the COVID-19 pandemic, I've debated when and how to incorporate that reality into my work. It's not something I want to make light of or capitalize on, but it has become a part of our lives, and one that doesn't look to be going anywhere any time soon. There comes a point when—if I'm to write about life—I need to write about the ugly parts too. For that matter, writing is how I process the world around me, and as time has gone on, I've found myself needing the catharsis of looking this reality in the eye and putting it into words as best I can. Most importantly, however, this is a time when we all need hope and even moments of peace. While pure escapism is important to me, so too is finding that hope and peace when everything feels so bleak. So it's with that in mind that I give you a couple of guys finding a little bit of light when all the world feels dark. 2015 EPIC Award Winner Bravery is being the only one who knows you're afraid. Ricardo Torralba and August Morrison don't agree on much besides the fact that they hate each other. According to Ricardo, August is a spoiled brat who really needs to knock off the sass once in a while. August insists that Ricardo needs a sense of humor, a good lay, or a well-placed bullet. Maybe all three. Fortunately, the assassin's profession is a solitary one, and they can go about their lives without getting in each other's way. Usually. When a contracted hit turns out to be a setup for both of them, they narrowly escape with their lives. Now, even if they don't like it (spoiler: they don't), August and Ricardo have to work together if they want a shot at survival. In between firefights and questionable interrogation methods as they hunt down their would-be killer, the cranky assassins discover that under all that mutual loathing is a spark of chemistry they can't ignore. They want to ignore it, they probably should ignore it, but August can't help flirting to annoy Ricardo, and Ricardo can think of at least one way to shut him up for a while. But they need to focus, damn it, and figure out who's gunning for them and why. Assuming they don't kill each other first.

*Hitman vs Hitman* is a standalone\* gay romantic suspense featuring two men who'd rather chew glass than fall for each other, a whole lot of inappropriate comments, and some buttons that will need resewing. \* Okay, it was supposed to be a standalone, but August and Ricardo refused to be contained, so now they have a sequel, *Sniper vs Spotter*. Fans of L.J. Hayward and Alice Winters will love this assassin duo featuring a grumpy special forces veteran and the irreverently sunshine billionaire who drives him up a wall. Come for the enemies to lovers, stay for the feels. And explosions.

What begins as fencing lessons becomes something much hotter, and before they know it, Misha is giving Ryan an entirely different kind of education. Dominance, submission, pain, pleasure—at the hands of an older, experienced man, a whole new world is opening up for Ryan.
