The Social Construction of Technological Systems Wiebe E. Bijker,Thomas Parke Hughes,Trevor J. Pinch,Trevor Pinch,1989 The impact of technology on society is clear and unmistakable The influence of society on technology is more subtle The 13 essays in this book have been written by a diverse group of scholars united by a common

interest in creating a new field the sociology of technology They draw on a wide array of case studies from cooking stoves to missile systems from 15th century Portugal to today s AI labs to outline an original research program based on a synthesis of ideas from the social studies of science and the history of technology Together they affirm the need for a study of technology that gives equal weight to technical social economic and political questions Back cover

**Scientific Knowledge and Its Social Problems** Jerome R. Ravetz, 2020-09-10 Science is continually confronted by new and difficult social and ethical problems Some of these problems have arisen from the transformation of the academic science of the prewar period into the industrialized science of the present Traditional theories of science are now widely recognized as obsolete In *Scientific Knowledge and Its Social Problems* originally published in 1971 Jerome R Ravetz analyzes the work of science as the creation and investigation of problems He demonstrates the role of choice and value judgment and the inevitability of error in scientific research Ravetz s new introductory essay is a masterful statement of how our understanding of science has evolved over the last two decades American Book Publishing Record ,2006
