Futuring Edward Cornish, 2004 The River of Lost Footsteps Than Myint-U, 2007-05-15 For nearly two decades Western governments and a growing activist community have been frustrated in their attempts to bring about a freer and more democratic Burma through sanctions and tourist boycotts only to see an

apparent slide toward even harsher dictatorship But what do we really know about Burma and its history And what can Burma s past tell us about the present and even its future In *The River of Lost Footsteps* Thant Myint U tells the story of modern Burma in part through a telling of his own family s history in an interwoven narrative that is by turns lyrical dramatic and appalling His maternal grandfather U Thant rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary general in the 1960s And on his father s side the author is descended from a long line of courtiers who served at Burma s Court of Ava for nearly two centuries Through their stories and others he portrays Burma s rise and decline in the modern world from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism the devastation of World War II and a sixty year civil war that continues today and is the longest running war anywhere in the world *The River of Lost Footsteps* is a work both personal and global a distinctive contribution that makes Burma accessible and enthralling

Sexual Conflict Göran Arnqvist,Locke Rowe,2013-11-28 The past decade has seen a profound change in the scientific understanding of reproduction The traditional view of reproduction as a joint venture undertaken by two individuals aimed at replicating their common genome is being challenged by a growing body of evidence showing that the evolutionary interests of interacting males and females diverge This book demonstrates that despite a shared genome conflicts between interacting males and females are ubiquitous and that selection in the two sexes is continuously pulling this genome in opposite directions These conflicts drive the evolution of a great variety of those traits that distinguish the sexes and also contribute to the diversification of lineages G ran Arnqvist and Locke Rowe present an array of evidence for sexual conflict throughout nature and they set these conflicts into the well established theoretical framework of sexual selection The recognition of conflict between the sexes is transforming our theories for the evolution of mating systems and the sexes themselves Written by two top researchers in the field *Sexual Conflict* is the first book to describe this transformation It is a must read for all scholars and students interested in the evolutionary biology of reproduction

Marilyn Waring Marilyn Waring,2019-05-10 In 1975 Marilyn Waring was elected to the New Zealand Parliament as the MP for Raglan Aged just twenty three she was one of only a few female MPs who served through the turbulent years of Muldoon s government For nine years Waring was at the centre of major political decisions until her parliamentary career culminated during the debate over nuclear arms When Waring informed Muldoon that she intended to cross the floor and vote for the opposition bill which would make New Zealand nuclear free he called a snap election And the government fell This is an autobiographical account of Waring s extraordinary years in parliament She tells the story of her journey from being elected as a new National Party MP in a conservative rural seat to being publicly decried by the Prime Minister for her feminist anti nuclear stance that threatened to bring down his government Her tale of life in a male dominated and relentlessly demanding political world is both uniquely of its time and still of pressing relevance today
