Through My Eyes Jun 04 2024 The NFL legend reveals how his Christian faith, family values, and drive to succeed helped him realize his dreams in this inspiring sports memoir. Tim Tebow tells the story of his long and difficult path to becoming a quarterback, a path that at every stage was blocked by coaches telling him he'd never make it. Yet despite the critics, he believed—not just in himself but in the plan God had laid out for him. And time after time, his determination and dedication proved his detractors wrong. In *Through My Eyes*, he takes readers from his first week of Pop Warner practice to his record-setting career at University of Florida to his rookie season in Denver. Tebow goes inside the huddle on his biggest wins and most frustrating losses, showing how his triumphs and defeats helped him grow as a leader, as a person, and as a follower of Jesus Christ. What emerges is a captivating portrait of a man whose passions demand the best from teammates, whose words inspire faith in others, and whose heart leaves everything on the field.

Demonic Aug 02 2021 The demon is a mob, and the mob is demonic. The Democratic Party activates mobs, depends on mobs, coddles mobs, publicizes and celebrates mobs—it is the mob. Sweeping in its scope and relentless in its argument, *Demonic* explains the peculiarities of liberals as standard groupthink behavior. To understand mobs is to understand liberals. In her most provocative book to date, Ann Coulter argues that liberals exhibit all the psychological

offsite.creighton.edu

characteristics of a mob, for instance: Liberal Groupthink: “The same mob mentality that leads otherwise law-abiding people to hurl rocks at cops also leads otherwise intelligent people to refuse to believe anything they haven’t heard on NPR.” Liberal Schemes: “No matter how mad the plan is—Fraternité, the ‘New Soviet Man,’ the Master Race, the Great Leap Forward, the Cultural Revolution, Building a New Society, ObamaCare—a mob will believe it.” Liberal Enemies: “Instead of ‘counterrevolutionaries,’ liberals’ opponents are called ‘haters,’ ‘those who seek to divide us,’ ‘tea baggers,’ and ‘right-wing hate groups.’ Meanwhile, conservatives call liberals ‘liberals’—and that makes them testy.” Liberal Justice: “In the world of the liberal, as in the world of Robespierre, there are no crimes, only criminals.” Liberal Violence: “If Charles Manson’s followers hadn’t killed Roman Polanski’s wife, Sharon Tate, Clinton would have pardoned him, too, and he’d probably be teaching at Northwestern University.” Citing the father of mob psychology, Gustave Le Bon, Coulter catalogs the Left’s mob behaviors: the creation of messiahs, the fear of scientific innovation, the mythmaking, the preference for images over words, the lack of morals, and the casual embrace of contradictory ideas. Coulter traces the history of the liberal mob to the French Revolution and Robespierre’s revolutionaries (delineating a clear distinction from America’s founding fathers), who simply proclaimed that they were exercising the “general will” before slaughtering their fellow citizens “for the good of mankind.” Similarly, as Coulter demonstrates, liberal mobs, from student radicals to white-trash racists to anti-war and pro-ObamaCare fanatics today, have consistently used violence to implement their idea of the “general will.” This is not the American tradition; it is the tradition of Stalin, of Hitler, of the guillotine—and the tradition of the American Left. As the heirs of the French Revolution, Democrats have a history that consists of pandering to mobs, time and again, while Republicans, heirs to the American Revolution, have regularly stood for peaceable order. Hoping to

offsite.creighton.edu

muddy this horrifying truth, liberals slanderously accuse conservatives of their own crimes—assassination plots, conspiracy theorizing, political violence, embrace of the Ku Klux Klan. Coulter shows that the truth is the opposite: Political violence—mob violence—is always a Democratic affair. Surveying two centuries of mob movements, Coulter demonstrates that the mob is always destructive. And yet, she argues, beginning with the civil rights movement in the sixties, Americans have lost their natural, inherited aversion to mobs. Indeed, most Americans have no idea what they are even dealing with. Only by recognizing the mobs and their demonic nature can America begin to defend itself.

Win Forever Sep 02 2021 "I know that I'll be evaluated in Seattle with wins and losses, as that is the nature of my profession for the last thirty-five years. But our record will not be what motivates me. Years ago I was asked, 'Pete, which is better: winning or competing?' My response was instantaneous: 'Competing. . . because it lasts longer.'" Pete Carroll is one of the most successful coaches in football today. As the head coach at USC, he brought the Trojans back to national prominence, amassing a 97-19 record over nine seasons. Now he shares the championship-winning philosophy that led USC to seven straight Pac-10 titles. This same mind-set and culture will shape

his program as he returns to the NFL to coach the Seattle Seahawks. Carroll developed his unique coaching style by trial and error over his career. He learned that you get better results by teaching instead of screaming, and by helping players grow as people, not just on the field. He learned that an upbeat, energetic atmosphere in the locker room can coexist with an unstoppable competitive drive. He learned why you should stop worrying about your opponents, why you should always act as if the whole world is watching, and many other contrarian insights. Carroll shows us how the Win Forever philosophy really works, both in NCAA Division I competition and in the NFL. He reveals how his recruiting strategies, training routines, and game-day rituals preserve a team's culture year after year, during championship seasons and disappointing seasons alike. Win Forever is about more than winning football games; it's about maximizing your potential in every aspect of your life. Carroll has taught business leaders facing tough challenges. He has helped troubled kids on the streets of Los Angeles through his foundation A Better LA. His words are true in any situation: "If you want to win forever, always compete."

The Lost City of the Monkey God Dec 06 2021 NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017 #1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others

found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, THE LOST CITY OF THE MONKEY GOD is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

In the Blink of an Eye Apr 09 2022 There was one lap to go in the 2001 Daytona 500, NASCAR's most celebrated event. Michael Waltrip and Dale Earnhardt Jr. were running one-two. He'd been a race-car driver all his adult life, following in the footsteps of his brother Darrell, a three-time NASCAR champion. And his losing streak was getting more painful every race. Yet as his car roared toward the finish line, ending that losing streak once and for all, Waltrip had no clue that the greatest triumph of his life could get mired in terrible tragedy. This is the story of that fateful afternoon in Daytona, a day whose echoes are still heard today. But the story begins years earlier in a small town in Kentucky, with a boy who dreamed of racing cars, a boy who was determined to go from go-karts to the highest levels of NASCAR. For the first time ever, Michael Waltrip tells the full, revealing story of how he got to Daytona, what happened there, and the huge impact it had on so many in the racing world. He reveals for the first time how his own life changed as he dealt with guilt, faced his grief, and searched for the fortitude to climb into a race car again. It's an inspiring and powerful story, told with Michael's trademark humor, honesty, and irreverence. It's a story of family, fulfillment, and redemption -- and well-earned victory in the end.

The QB Jul 01 2021 With unparalleled access to Heisman Trophy-winning phenom Johnny Manziel, Bruce Feldman has written a modern-day tale about the making of the next superstars in football's most important position: the quarterback. In the world of modern football, with NFL teams worth more than a billion dollars, no position defines a franchise like the quarterback. The QB is the story of a year in the making of those star players, and of the most significant year in QB development in sport's history... with the meteoric rise of various quarterback gurus finally coming to light. George Whitfield, profiled in the New Yorker and called the "Quarterback Whisperer," gets a regular spot on ESPN's College GameDay, Trent Dilfer, former Super Bowl quarterback, starts his own qb business, Steve Clarkson, another qb maker, gets profiled on 60 minutes, among many others. It is also the year 5'10" Russell Wilson wins the Super Bowl and for the first time in over 60 years a sub-6-foot QB, Johnny Manziel, gets drafted in the first round, forcing NFL power brokers to re-examine how they look at the position—and the game. To tell the story of all that goes on to create the perfect quarterback, bestselling author Bruce Feldman gained unique access to "Johnny Football" (that's Johnny Manziel), George Whitfield and many other players in what has become a specialized and high-stakes business. Ripple Effects Aug 26 2023 Discover the God-inspired difference only you can make in the world . . . using the key you never knew you had. Tim Tebow credits his mom with being the key to his success--but Pam never expected that she would be known on a national stage. For most of her life, she was serving quietly and faithfully as a wife and a mom--choosing life for her child in the face of medical risks, answering the Lord's call to mission work in the Philippines, and homeschooling before anyone knew what the word meant. But all along the way, her experiences--and her consistent, everyday choices to follow the Lord and to serve wherever He placed her--were creating unexpected ripples of influence throughout her family, her community, and her world. And they would end up extending far beyond anything she ever imagined. Pam believes that every one of us can be influential--and that deep within a woman's heart is the desire to use her influence for good. In *Ripple Effects*, Pam uncovers and explores the miraculous motivating power of influence we can have on this generation and the next, no matter where we are planted in life. Whether we are in the midst of endless diaper changes, climbing up the corporate ladder, or simply doing our best to live, love, and serve well each day, Pam will encourage us to maximize our God-given opportunities for influence--and watch how far the ripples will spread.
