Bates,1978 **Parameters** ,2004 Risk and Resolution R. Greg Brown,2019-05-20 America repeatedly finds itself mired in military interventions long after public buy in to the national interest has waned Why is the timely disengagement of military forces so difficult to achieve Traditional international relations theories diminish the role of the individual leader in favor of the state or international institutions Behavioral science theories have in recent years experienced a resurgence However the dominant behavioral explanation of foreign policy decision making prospect theory while it focuses on how people tend to make decisions under risk still minimizes the influence of the individual president Decisions to disengage military forces are presidential decisions just like the decisions to

commit forces to foreign interventions If we accept this then it is important to understand if and if so why some presidents inherently are more or less acceptant of the risks disengagement presents This book operationalizes a competing personality based model of decision making under risk Referred to here as the trait based model it is assessed using disengagement opportunities in three varied levels of military intervention across four presidencies humanitarian relief turned nation building under George H W Bush and Bill Clinton in Somalia compelling air campaigns turned peace making keeping in Bosnia and Kosovo under Clinton and major combat operations turned irregular warfare in Iraq under George W Bush and Barack Obama Data for the model predominantly comes from existing presidential personality profiles based on the dominant model of personality theory the five factor model augmented by Myers Briggs Type Inventory data from public sources This study aims to explain the roughly 30 percent of cases which defy prospect theory s predictions and to better explain those cases where prospect theory might heretofore have sufficed The results suggest specific personality traits do in fact point to presidents predispositions toward risk which in turn help explain their disengagement decisions This work may be only the second to apply the five factor model to presidential foreign policy decision making and is the first to do so in the context of disengagement decisions Hopefully it will foster further work in both areas

Reconstructing Theological Ethics P. A. McGavin, 2024-02-19 Theological Ethics in the book title is intended to mark a departure from the manner of Catholic practice named Moral Theology This departure has two strands because the practice that the Second Vatican Council critically addressed was a manualist tradition while much of the practice following the Council has been represented as relativist This book is not manualist in that the focus is upon method rather than on codified specification of behaviours The work is not relativist in that the focus on method is firstly scriptural approaching scripture in a holistic or canonical manner and further is lawful in an approach of law that focuses less on precept and more on understandings of natural law that brings together phenomenological evidences and scriptural evidences The scriptural and natural law perspective present in the book also engages cross disciplinary and inter disciplinary learnings These streams of scripture natural law and inter cross disciplinary learnings have a confluence in discourse in the manner of dialogue a manner that is dialogical An essential aspect of dialogue under the banner of Reconstructing Theological Ethics is that it should engage contemporary culture not in a sense that contemporaneity or modernity should be determinative but in the sense that the reasoning argumentation and dialogue should have resonance with contemporary thinking and rethinking of issues that remain in contention for contemporary audiences Theological Ethics is a wide remit and the book provides a methodological focus on Selected Topics in Human Sexuality

Team Coaching: Artists at Work Helena Dolny, 2012-09-27 No company has ever succeeded simply because it has brilliant individuals in its ranks in fact many have failed because they have not succeeded in getting great talent to work together as a team Every single South African business lives or dies by its ability to get its people to work together in constantly changing teams towards achieving the common goals of the company Team Coaching Artists at Work

shows how the right coaching interventions can build skills in individuals so that they can become effective team players in a variety of work situations The book is not surprisingly a team effort A group of top South African coaches got together to share everything they had used individually when coaching teams This pooling of best practice was so exciting the outcome so much more than anticipated that they decided to write this book together This is not a DIY manual nor is it a bible Corporate teams are often temporary and shifting in nature with continuous restructuring promotions new people moving in others resigning Flexibility and creativity are critical That s precisely where team coaching interventions come in to increase individual self awareness enhance people s ability to adapt to the styles of others and create cohesion and commitment of how to work together That s when the real people power of an organisation starts to make itself felt when talented individuals become effective team members Coaches are artists who bring their facilitation talents and tools to the team to make this happen This is a book for business and team leaders who would like to turn a collection of outstanding individuals into an unbeatable team Coaching is one of the fastest growing professions and this book contributes to wider understanding of what potential coaching offers not only for business teams but also for societal transformation *Managing in the Middle* Robert Farrell, Kenneth Schlesinger, 2013 Fully a third of all library supervisors are managing in the middle reporting to top level managers while managing teams of peers or paraprofessional staff in some capacity This practical handbook is here to assist middle managers navigate their way through the challenges of multitasking and continual gear shifting The broad range of contributors from academic and public libraries in this volume help librarians face personal and professional challenges by Linking theoretical ideas about mid level management to real world situations Presenting ways to sharpen crucial skills such as communication productivity delegation and performance management Offering specific advice on everything from supervision to surviving layoffs Being a middle manager can be a difficult job but the range of perspectives in this book offer strategies and tips to make it easier [The Millionaire Code](#) Paul B. Myers, 2010-12-15 Like a thumbprint personality type provides an instant snapshot of a person's uniqueness Drawing on concepts originated by Carl Jung this book distinguishes four categories of personality styles and shows how these qualities determine the way you perceive the world and come to conclusions about what you've seen It then explains what they mean for your success in school at a job in a career and in your personal relationships For more than 60 years the Myers Briggs Type Indicator MBTI tool has been the most widely used instrument in the world for determining personality type and for more than 25 years Gifts Differing has been the preeminent source for understanding it **The Juice of Life** Tom Long, 2006-05-01 Want to suck the juice out of life The Juice of Life points to an abundant life in a manner

similar to The Purpose Driven Life by Rick Warren The author shares life s ten most important life lessons I loved The Juice of Life Tom Long has a unique ability to blend biblical teaching personal experience and practical application into a readable enjoyable narrative Rev Glenn Gunderson Pomona First Baptist Church Pomona California The Juice of Life is an amazing book What I have admired most is his knowledge of the holy scriptures His references to our Hawaiian and Christian culture accurately depict us The Rev Dr Henry Boshard the historic Mokuaikaua Church Kailua Kona Hawaii Each gem Tom Long shares in The Juice of Life plays a key role in releasing God s blessings and can take us as far as we are willing to run with them Dr Wayne Cordeiro New Hope Christian Fellowship Honolulu Hawaii Marriage at the Crossroads Aída Besançon Spencer,William David Spencer,Steven Tracy,Celestia Tracy,2010-02-04 Have you ever wondered how egalitarian and complementarian marriages play out differently on a day to day level In this unique book A da and William Spencer and Steve and Celestia Tracy two couples from the differing perspectives of egalitarianism and soft complementarianism share a constructive dialogue about marriage in practice They cover a variety of topics like marriage discipleship headship and submission roles and decision making and intimacy in marriage Also included are responses from three additional cultural frameworks North American Hispanic Korean American and African American Whether you re still working out your views on marriage or have found an approach you re comfortable with this book will help you better understand the two perspectives on the ground level While the theological starting points are different you may be surprised to see the degree of convergence on practical issues as the dialogue unfolds **How to Live the Good Life:** Arthur Jackson,2019-04-03 Preposterous challenging stimulating A note of caution this is not an easy read Nor is it for the detached uninvolved person The author invites readers to accompany him on a journey of self discovery and provides a road map to boot rarely presented in such a clear and comprehensive way The breadth and depth of Arthur Jackson s knowledge and experience become obvious early on as he presents a plethora of views from well known and lesser known philosophers psychiatrists psychologists mathematicians and others who influenced modern Western ideologies This is a compendium of knowledge and insight nonpareil truly a masterwork Adrienne Juliano member Foundation for Mind Being Research Arthur Jackson s book is the product of his lifelong struggle to find a naturalistic alternative to traditional folk religions like Christianity Judaism Hinduism capable of providing comparable emotional support This effort led to what is now recognized as a science of religion and ethics a religion of wisdom providing guidance to any person interested in making moral and ethical choices I believe that until a concrete science of religion and ethics exists and organizes to apply its findings humanity will continue to struggle to create these things How to Live the Good Life A User s Guide for Modern Humans is a fascinating and eye opening guide aimed at helping people experience more joy and achieving their full positive potential
