How did ancient scribes interpret their own reality by means of scriptural exegesis? The essays in this volume explore this question from various perspectives by examining the earliest known exegetical texts of Jewish origin, namely, the exegetical texts from the Qumran library. Scholars have debated the precise nature of the exegetical techniques used in the Qumran texts. To bring clarity to the discussion, this book analyzes the phenomenon of reading the present in the Qumran library and asks how far comparable phenomena can be observed in authoritative literature in ancient Israel and Judah, in the textual tradition of the Hebrew and Greek Bible, in ancient Judaism, and in early Christian literature. --From publisher's description. Julio and his friend, master carver Iluminado, find their ideas in the forest, where dragons, lizards, and angels hide in the wood of every twisted branch. At home, Julio can't wait to make sculptures for the annual wood-carving contest. But Iluminado, whose eyesight is failing him, is too humble to enter. When Julio opens his heart to help his friend, he learns that winning is not nearly as important as giving. Both the author and illustrator of Julio's Magic have traveled extensively in Mexico. Now they have translated the deep admiration they feel for the Mexican artisans they've met into a truly magical book which reminds us that inspiration, creativity, and friendship can be found everywhere. Education is a primary route to rewarding employment and economic security. It is particularly significant for the future prospects of children who are ethnic minorities, were born into disadvantaged economic circumstances, or are dealing with language barriers. For nearly a decade Julio Cammarota interviewed and observed Latino youth between the ages of seventeen and twenty-four who lived in a barrio in a city on the California coast. He conducted forty life interviews, selecting six people to investigate in depth. Twenty of the study participants worked at a fast-food restaurant, while the other twenty worked at a community cultural center. Focusing on the experiences of his subjects in the primary settings of family, work, and school, Cammarota structured his research to examine how Latino youth negotiate myriad social conditions and hostile economic and political pressures in their daily lives. His extensive interviews and incisive analyses illuminate the complex relationships among low-wage employment, cultural standards, education, class oppression, and gender expectations. Among other topics, Cammarota investigates how working affects Latino education; how gender influences social relationships and life choices; how Latinos and Latinas try to maintain their distinct ethnic identity while attempting to transcend marginalization; whether the Latino culture helps young people work hard for their families and for a better future; and how the connections and disconnections among work, family, and school constitute formative processes that shape the cultural identities of Latino youth. One of the most extensive studies of barrio youth available, Sueños Americanos concludes with a discussion of social justice education for Latino youth and how this educational approach meets their academic needs while providing opportunities for self-determination and community activism. The inspiring story of business success, family drama, and two brothers who built from scratch the world's greatest winery. Their life story reads like a great epic novel. Originally published: New York: Viking, 2015. Yard sales, ice-skating, and surprise parties are just a few of the things that make fourth grade fun. But Julio and his friends know it's time to get serious when the class begins preparing for the big statewide test at the end of the year. Just thinking about it is enough to give anybody a stomachache! Julio and his best friend, Lucas, are going to try every superstition in the book to make sure they pass. They'll wear their underwear inside out, use brand-new pencils, and

even—gulp—study. But when test day comes, Julio finds out there are some surprises no one can prepare for! Whether one has read about Julio and Lucas and their other classmates before in class clown and class president or this is the first meeting, here is a story that will strike a familiar chord. In this "thriller with literary merit" (Time Out New York), a stunning narrative combines the gritty rhythms of Junot Diaz with the noir genius of Walter Mosley. Bodega Dreams pulls us into Spanish Harlem, where the word is out: Willie Bodega is king. Need college tuition for your daughter? Start-up funds for your fruit stand? Bodega can help. He gives everyone a leg up, in exchange only for loyalty—and a steady income from the drugs he pushes. Lyrical, inspired, and darkly funny, this powerful debut novel brilliantly evokes the trial of Chino, a smart, promising young man to whom Bodega turns for a favor. Chino is drawn to Bodega's street-smart idealism, but soon finds himself over his head, navigating an underworld of switchblade tempers, turncoat morality, and murder. "Bodega is a fascinating character. . . . The story [Quiñonez] tells has energy and verve." —The New York Times Book Review

An unprecedented insight into the effect of drugs on life, politics and popular culture that's comprehensive and fantastical, informative and hallucinatory all at once, through one of the most comprehensive private collections. "Perhaps Cortaazar's most unconventional work, From the Observatory moves from descriptions of the life cycle of the Atlantic eel to glimpses of the unearthly structures of an observatory built in Jaipur by an 18th-century Indian prince. This architectural wonder is not merely a place dedicated to astronomical observation but also a space that bears witness to the dreams of those who enter it. Cortaazar's haunting photos of this enigmatic creation flow into other images--streets, oceans, night skies--which then flow into his verbal dance with a dream-logic all its own. Like fish unaware of why they are migrating, readers will be pulled into this fantastic current." --P. [2] of cover. Both an eye-opening account of the financial and personal scandals at the nation's number-one winery and a devastating portrait of patriarch Ernest Gallo, Blood and Wine tells the riveting saga of the ruthless Gallo family and the history of the business that dominates the American wine industry. Photographs. This book focuses on the current state of the art of the novel cold spray process. Cold spray is a solid state metal consolidation process, which allows engineers to tailor surface and shape properties by optimizing process parameters, powder characteristics and substrate conditions for a wide variety of applications that are difficult or impossible by other techniques. Readers will benefit from this book's coverage of the commercial evolution of cold spray since the 1980's and will gain a practical understanding of what the technology has to offer. The fifth-grade class election is shaping up as a close contest between class clown Lucas Cott and one time teacher's pet Cricket Kaufman. It's just possible that the student with the greatest leadership ability is Julio Sanchez, but Julio's too busy running Lucas's campaign to notice. Or is he? And how can Julio throw his hat into the ring without betraying his best friend? Johanna Hurwitz introduced Julio, Cricket, and Lucas in *Class Clown and Teacher's Pet*, earning a ringing vote of confidence from Publishers Weekly: "Hurwitz masterfully demonstrates why she is one of the premier practitioners of the humorous school story genre." In *Class President*, she has backed these delightful characters with a winning ticket of humor and insight. This book catalogs recent work by the Mexican painter Julio Galan (b.1958), and represents the most complete book to date on this important artist -- whose complex, dream-like work defies easy categorization, but who combines ornamental motifs with figurative depictions. Galan is one of the most celebrated painters in Mexico today, and this volume represents a detailed look into his aesthetic universe. A retrospective on the life and art of this renowned Cuban-American artist, acclaimed for his refined and thought-provoking paintings with fantastical, Surrealist overtones. One of the most important contemporary painters to emerge from Latin America, Julio Larraz (b. 1944, Havana) creates powerful, dreamlike paintings that reflect the influence of painters from Velázquez to Sargent and Hopper, and Surrealist artists like Dalí and Magritte. A unique visionary, Larraz produces work that has been described by some as mind-bending and playful, using a refreshingly wide range of subjects from still life to Cuban cultural imagery, such as bullfights, men in white linen suits, and maritime scenes. He reveals imaginary worlds, with deeply satirical, ambiguous, and multilayered themes, in which he often alludes to political corruption, class structure, and human foibles. This is the largest and most comprehensive book to date, with 200 paintings, 50 works on paper, and 10 sculptures, ranging from the 1960s to the present, accompanied by an essay by David Ebony that situates Larraz's work within the Latin American painting tradition. \*Notable Books For Children - Smithsonian\* \*Skipping Stones Book Award for Exceptional Multicultural and Nature/Ecology Books\* \*Wordcraft Circle Writer of the Year (Prose - Children's Literature)\* \*Wordcraft Circle Mentor of the Year\* Although Jeannie loves her lakeside neighborhood, her feelings are hurt by her schoolmates who live in fancier homes and call her a Lake Rat. Do you know in your heart that your destiny and his were meant to merge In the cosmos? We can help you find him. When Romiette Cappelle and her best friend, Destiny, decide to order The Scientific Soul Mate System from the back of Heavy Hunks magazine, they're not sure what they're getting into. But Destiny, a self-proclaimed psychic, assures Romi that for \$44.99 plus shipping and handling, it's the only way they're ever going to find out who their soul mates really are. If nothing else, maybe Romi will get some insight into that recurring dream she's been having about fire and water. But they never expect that the scented candle and tube of dream ointment will live up to their promises and merge Romiette's destiny with that of Julio Montague, a boy she's just met in the "cosmos" of an Internet chat room. It turns out they go to the same high school, not to mention having almost the same names as Shakespeare's famous lovers! Sweet-scented dreams of Julio have almost overtaken Romi's nightmares... ..when suddenly they return, but this time in real life. It seems the Devildogs, a local gang, violently oppose the relationship of Romiette and Julio. Soon they find themselves haunted by the purple-clad shadows of the gang, and the fire and water of Romiette's dream merge in ways more terrifying -- and ultimately more affirming -- than even Destiny could have foreseen. The father of Peruvian archaeology, Julio Tello was the most distinguished Native American scholar ever to focus on archaeology. A Quechua speaker born in a small highland village in 1880, Tello did the impossible: he received a medical degree and convinced the Peruvian government to send him to Harvard and European universities to master archaeology and anthropology. He then returned home to shape modern Peruvian archaeology and the institutions through which it was carried out. Tello's vision remains unique, and his work has taken on additional interest as contemporary scholars have turned their attention to the relationship among nationalism, ethnicity, and archaeology. Unfortunately, many of his most important works were published in small journals or newspapers in Peru and have not been available even to those with a reading knowledge of Spanish. This volume thus makes available for the first time a broad sampling of Tello's writings as well as complementary essays that relate these writings to his life and contributions. Essays about Tello set the stage for the subsequent

translations. Editor Richard Burger assesses his intellectual legacy, Richard Daggett outlines his remarkable life and career, and John Murra places him in both national and international contexts. Tello's writings focus on such major discoveries as the Paracas mummies, the trepanation of skulls from Huaroachirí, Andean iconography and cosmology, the relation between archaeology and nationhood, archaeological policy and preservation, and the role of science and museums in archaeology. Finally, the bibliography gives the most complete and accurate listing of Tello's work ever compiled. With its abundance of coups, wars, political dramas, class struggle, racial discrimination, looters, skulls, mummies, landslides, earthquakes, accusations, and counteraccusations, *The Life and Writings of Julio C. Tello* will become an indispensable reference for Andeanists. One of Julio Cortázar's great early novels, "Anyone who doesn't read Cortázar is doomed."—Pablo Neruda Written in 1950 (just before the fall of Perón's government), *Final Exam* is Julio Cortázar's bitter and melancholy allegorical farewell to an Argentina from which he would soon be permanently self-exiled. In a surreal Buenos Aires, a strange fog has enveloped the city to everyone's bewilderment. Juan and Clara, two students at a college called "The House," meet up with their friends, and, instead of preparing for their final exam, wander the city, encountering strange happenings and pondering life in cafés. All the while, they are trailed by the mysterious Abel. With its daring typography, shifts in rhythm, as well as wildly veering directions of thought and speech, *Final Exam* breaks new ground in the territory of stream-of-consciousness writing. Darkly funny—and riddled with unresolved ambiguities—*Final Exam* is one of Cortázar's best works. Author of *Hopscotch* and *Blow-Up*, Julio Cortázar's (1914-1984) was a novelist, poet, essayist, and short-story writer. He was born in Brussels, lived in Argentina, but moved permanently to France in 1951, where he became one of the twentieth century's major experimental writers. In *The Vintage Book of Latin American Stories*, Julio Ortega and Carlos Fuentes present the most compelling short fiction from Mexico to Chile. Surreal, poetic, naturalistic, urbane, peasant-born: All styles intersect and play, often within a single piece. There is "The Handsomest Drown Man in the World," the García Márquez fable of a village overcome by the power of human beauty; "The Aleph," Borges' classic tale of a man who discovers, in a colleague's cellar, the Universe. Here is the haunting shades of Juan Rulfo, the astonishing anxiety puzzles of Julio Cortázar, the disquieted domesticity of Clarice Lispector. Provocative, powerful, immensely engaging, *The Vintage Book of Latin American Stories* showcases the ingenuity, diversity, and continuing excellence of a vast and vivid literary tradition. *Augmented and Virtual Reality in Libraries* is written for librarians, by librarians: understanding that diverse communities use libraries, museums, and archives for a variety of different reasons. Many current books on this topic have a very technological focus on augmentation and are aimed towards computer programmers with advanced technology skills. This book makes augmented reality, virtual reality, and mixed reality applications much more accessible to professionals without extensive technology backgrounds. This innovative title touches on possible implementation, projects, and assessment needs for both academic and public libraries, museums, and archives. When Mimi Wallingford, the great-granddaughter of a legendary stage actress, is transported into Shakespeare's Verona, she experiences the feud between the Capulets and Montagues firsthand and is determined to give this famous tragedy a happily-ever-after ending. What's the difference between a teen book club and an adult one? Too often, the answer is Not much. Like so many programs for teens, traditional book clubs tend to be scaled-down versions of adult clubs. If book selection, taboo topics, and logistical details are the most important things that set your teen book club apart from an adult one, you could be missing a huge opportunity. Vibrant, dynamic teen book clubs—the kind teens eagerly anticipate and attend session after session—are teen-centered. They're not merely by, for and about teens, but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books (!) but is all about teens—their interests and needs, their social habits and styles, their initiative. Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders. Furthermore, the teen-centered book club has huge potential to further a whole range of library goals, from bringing more teen patrons through the door, to building community-wide awareness and support for the library itself. What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries—budgeting, impact on the facility and the collection, and potential attempts at censorship, to name just a few. It's also the only guide that takes a teen-centered approach, putting front-and-center the idea that, as with so many other things, book clubs for teens are not merely scaled-back versions of adult clubs. Whether you are starting a club, attempting to revive a flagging program, or building on past success, this manual offers you innovative, pragmatic ideas that will attract and retain teen readers. Features the lives and careers of former soccer player-turned-romantic Latin singer Julio Iglesias, and his son, Enrique, a singer and actor. Julio, a ten year old bright boy, is the only survivor of his family when the flood of the century killed about five thousand people on Saturday, December 7, 1941 at the northern part of Huaras, Ancash, Peru. His cousin, Esperanza, takes charge of him. Together they go to Lima, suffer hardships to earn their secondary diplomas in order to enter the United States of America as immigrants and become worthy, naturalized citizens. "Transatlantic Translations refigures Latin American narratives outside of the current paradigm of 'victimization' and 'resistance'. Julio Ortega is more concerned to examine how what was different is constructed in terms of what was already known, and to explore what he terms 'the radical principle of the new intermixing. Tracing Latin American representations from the early modern era to our own in the work of Shakespeare, Inca Garcilaso de la Vega, Guaman Poma de Ayala, Juan Rulfo and Gabriel Garcia Marquez, among others, Ortega reveals that language was not solely a way for colonizers to indoctrinate and 'civilize, but also a means that enabled Latin Americans to argue and negotiate their versions and appropriations, and eventually to tell their own history. The coordinated essays in Transatlantic Translations enable the Old World and the New to meet and debate together in a new language.'"--BOOK JACKET. When Cricket Kaufman breaks her ankle just before her spring-break vacation trip to Washington, D.C., she's stuck at home with prankster Lucas Cott instead of sightseeing with her best friend, Zoe. But when Cricket stirs up some mischief of her own, she learns that good friends can remain true even at the most unexpected times. Another winning installment in the 'Class Clown' series.
