Prominent Families of New York Lyman Horace Weeks,1898

At the Dark End of the Street Danielle L. McGuire, 2011-10-04 Here is the courageous groundbreaking story of Rosa Parks and Recy Taylor a story that reinterprets the history of America's civil rights movement in terms of the sexual violence committed against Black women by white men An important step to finally facing the terrible legacies of race and gender in this country The Washington Post Rosa Parks was often described as a sweet and reticent elderly woman whose tired feet caused her to defy segregation on Montgomery's city buses and whose supposedly solitary spontaneous act sparked the 1955 bus boycott that gave birth to the civil rights movement The truth of who Rosa Parks was and what really lay beneath the 1955 boycott is far different from anything previously written In this groundbreaking and important book Danielle McGuire writes about the rape in 1944 of a twenty four year old mother and sharecropper Recy Taylor who strolled toward home after an evening of singing and praying at the Rock Hill Holiness Church in Abbeville Alabama Seven white men armed with knives and shotguns ordered the young woman into their green Chevrolet raped her and left her for dead The president of the local NAACP branch office sent his best investigator and organizer Rosa Parks to Abbeville In taking on this case Parks launched a movement that exposed a ritualized history of sexual assault against Black women and added fire to the growing call for change

The Thirty Years War Peter H. Wilson, 2019-08-20 A deadly continental struggle the Thirty Years War devastated seventeenth century Europe killing nearly a quarter of all Germans and laying waste to towns and countryside alike Peter Wilson offers the first new history in a generation of a horrifying conflict that transformed the map of the modern world When defiant Bohemians tossed the Habsburg emperor's envoys from the castle windows in Prague in 1618 the Holy Roman Empire struck back with a vengeance Bohemia was ravaged by mercenary troops in the first battle of a conflagration that would engulf Europe from Spain to Sweden The sweeping narrative encompasses dramatic events and unforgettable individuals the sack of Magdeburg the Dutch revolt the Swedish militant king Gustavus Adolphus the imperial generals opportunistic Wallenstein and pious Tilly and crafty diplomat Cardinal Richelieu In a major reassessment Wilson argues that religion was not the catalyst but one element in a lethal stew of political social and dynastic forces that fed the conflict By war's end a recognizably modern Europe had been created but at what price The Thirty Years War condemned the Germans to two centuries of internal division and international impotence and became a benchmark of brutality for centuries As late as the 1960s Germans placed it ahead of both world wars and the Black Death as their country's greatest disaster An understanding of the Thirty Years War is essential to comprehending modern European history Wilson's masterful book will stand as the definitive account of this epic conflict For a map of Central Europe in 1618 referenced on page XVI please visit this book's page on the Harvard University Press website
