Destroying the Works of Witchcraft Through Fasting and Prayer Ruth Brown,1994-12-01 There are many forms of witchcraft In some cases it involves conjuring up demons from hell and dispatching them to churches or individuals to cause envy strife and confusion Spirits of delusion which will cause a false belief or opinion meant to mislead deceive or trick are a strong tool used in witchcraft I ve found in my fifteen years of ministry that a spirit of delusion can destroy a marriage For example it will cause suspicion and false accusations to be made by one spouse against the other In the church divisions between Pastors and members can result when this spirit is loosed to attack the pastor Many pastors have been hurt deceived misused and had their churches split as a result God gave me the assignment to write this book to enlighten the Church on the operation of witchcraft so the body of Christ would not have to suffer these attacks any longer We have the power through Christ Jesus to destroy these works and to stop them If one can put a thousand to flight and two can put ten thousand to flight just think what the whole body of Christ can do

Contested Spatialities, Lifestyle Migration and Residential Tourism Michael Janoschka, Heiko Haas, 2013-08-22 Lifestyle Migration and Residential Tourism represent a major trend in individualized societies worldwide which is attracting a rapidly growing interest from the academic community. This volume for the first time critically analyses the spatial, social and political consequences of such leisure-oriented mobilities and migrations. The book approaches the topic from a multidisciplinary and international perspective, unifying different branches of research such as lifestyle migration, amenity migration, retirement migration and second home tourism. By covering a variety of regions and landscapes such as mountain and coastal areas, rural and inland communities, this volume productively engages with the formal and analytical variations of the phenomenon, resulting in an enriching debate at the intersection of different areas of research. Amongst others, topics like political contest and civic participation of lifestyle migrants, their impacts on local communities, social tensions and inequalities induced by the phenomenon, as well as modes of transnational living, home and belonging will be thoroughly explored. This thought-provoking volume will provide deep analytical and conceptual insights into the contested geographies of lifestyle migration and further knowledge into the spatial, social and political consequences of leisure-oriented mobilities. It will be valuable reading for students, researchers and academics from a plethora of academic disciplines.
