Students analyze The Outsiders using key skills for college and career readiness. Close reading of the text is required to answer text-dependent questions. Included are student pages with the text-dependent questions as well as suggested answers. Does your gender, ethnicity, sexual orientation, accent, mannerisms, quirky clothing, piercing, or outlook on life make you feel like a fish out of water in your workplace, from the moment your workday begins until you leave at the end of the day? Find out how to capitalize on your differences and become a successful outsider on the inside. Outsiders on the Inside provides specific guidance and simple but effective strategies to help outsiders recharge their careers. You will learn: Crucial marketing strategies to help match your unique professional qualities with employers and customers. A painless, step-by-step process for meeting new people. Unique strategies for resumes, cover letters, and other job-hunting tools. Coping strategies to confront and educate critics. Third Parties, Outsiders, and Renegades analyzes 10 third-party, outsider, or renegade presidential candidates and explores each one's impact on the political process. The list of modern outsider candidates who have attracted the public's attention is fairly long, but most of the time the candidates never garner enough support to become elected or they self-destruct somewhere along the way. A few, however, have taken votes away from more mainstream candidates and changed the course of political parties or election outcomes. This book provides readers with an analysis of how their rhetoric, political tactics, and issues have challenged the political status quo and impacted later campaigns. The future viability of outsider candidates is discussed in light of current political polarization and the legacy of Donald J. Trump, the first elected outsider president, and considers how outsider candidates might be able to compete in upcoming elections given the current political divisions within the nation. Scholars and students of communication, political science, and rhetoric will find this book particularly interesting. In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in his deep religious faith, these are strategies anyone can use. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world. Irwin Chusid profiles a number of "outsider" musicians - those who started as "outside" and eventually came "in" when the listening public caught up with their radical ideas. Included are The Shaggs, Tiny Tim, Syd Barrett, Joe Meek, Captain Beefheart, The Cherry Sisters, Daniel Johnston, Harry Partch, Wesley Willis, and others. Discover why

outsiders from Trump to Corbyn are succeeding like never before - and what this means for you. In recent years, voters have deserted the political centre like never before. Whether it's Trump, Brexit, Le Pen, or Corbyn, outsiders and populists are flourishing on the far left and far right. Celebrated political commentator Steve Richards explores factors from globalization and fake news to rising immigration and stagnant wages. Richards argues that the reasons for the success of the outsider also sows the seeds of their eventual demise. If they do gain power, they inevitably become insiders themselves - and fail to live up to their extravagant promises. This landmark book examines the rapidly shifting global political landscape of the last decade, and is essential reading for anyone who has been bothered by Brexit, troubled by Trump or confused by Corbyn. In this timely and insightful book, Andrew Busch examines the relationship of outsiders to the presidential nominating system since the late nineteenth century. Through a series of carefully selected case studies, Busch exposes the nominating apparatus, its changes over time, and its effects on American elections. He pays particular attention to the nominating "reforms" enacted in the early 1970s, and he studies in depth the campaigns of Estes Kefauver, Barry Goldwater, George Wallace, Eugene McCarthy, George McGovern, Jimmy Carter, Gary Hart, Paul Tsongas, Jerry Brown, David Duke, Pat Buchanan, Jesse Jackson, and Ross Perot. From NYT bestselling author Jennifer A. Nielsen comes a stunning thriller about a girl who must escape to freedom after the Berlin Wall divides her family between east and west. A Night Divided joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content!With the rise of the Berlin Wall, Gerta finds her family suddenly divided. She, her mother, and her brother Fritz live on the eastern side, controlled by the Soviets. Her father and middle brother, who had gone west in search of work, cannot return home. Gerta knows it is dangerous to watch the wall, yet she can't help herself. She sees the East German soldiers with their guns trained on their own citizens; she, her family, her neighbors and friends are prisoners in their own city. But one day on her way to school, Gerta spots her father on a viewing platform on the western side, pantomiming a peculiar dance. Gerta concludes that her father wants her and Fritz to tunnel beneath the wall, out of East Berlin. However, if they are caught, the consequences will be deadly. No one can be trusted. Will Gerta and her family find their way to freedom? This book argues that, despite Paul's often dramatic and critical descriptions of non-Christians, his letters reveal a deep concern for the presence of outsiders and for their opinion of Christians. Parker suggests that outsiders are enormously important to Paul: they determine whether Christian communities dwindle or thrive, while also playing a key role in helping such communities to understand and shape their purpose as missional disciples, develop their thinking and practice around normal daily events and relationships - and even shape how they understand God. Parker offers a careful exegesis of the main texts within the Pauline corpus, revealing a sensitivity to the outsider; including 1 Thessalonians, Romans, 1 Corinthians and the Pastoral Epistles. By using Social Identity Theory she explores key concepts of group boundaries, identity and inter-group relations, highlighting a theme which is significant in Paul's own thought: the importance of similarity between groups. Whilst not denying the counter-cultural identity of the new Christian communities, Parker concludes that Paul reveals the areas of overlap between insiders and outsiders, since these areas not only create opportunities for positive opinions and relationships but also point to a greater understanding of God. These leveled discussion questions about The Outsiders require students to read closely, make connections, and share their analyses. Included are leveled comprehension questions and suggested answers. It is the summer of 1868, and Sherlock Holmes is fourteen. On break from boarding school, he is staying with eccentric strangers—his uncle and aunt—in their vast house in Hampshire. When two local people die from symptoms that resemble the plague, Holmes begins to investigate what really killed them, helped by his new tutor, an American named Amyus Crowe. So begins Sherlock's true education in detection, as he discovers the dastardly crimes of a brilliantly sinister villain of exquisitely malign intent. The second book in the acclaimed horror series by Brandon Faircloth is finally here. Jason and his

grandfather Dr. Barron track down and destroy creatures they call the Outsiders--monsters that hide behind human forms and are supported by both a fanatical cult and an international corporation. But as their enemies gain the upper hand, they will find themselves facing forces they do not understand and learning dark truths that will change everything. Read the second book in a series that is being called "mindblowingly original horror" and "fast-paced, intricate and pulse-pounding". Did you enjoy the first book? Did you love the action, the characters, the connections and the plot twists? Then just wait until you finish this one. Think you're ready for how it ends? You're not. "How effective are civil rights organizations in lobbying Congress? They lack the resources of wealthier business-funded lobbying groups. And yet, these groups have been able to influence Congress in order to pass legislation and pressure agencies in the service of minority communities. In *No Longer Outsiders: Black and Latino Interest Group Advocacy on Capitol Hill*, Michael D. Minta explores the ways that civil rights groups representing a range of racial and ethnic minorities achieve success in Congress. Minta shows how increasing diversity in the House of Representatives plays an important role in the success of civil rights organizations. These organizations gain power and respect in part because they indeed represent the interests and views of their minority groups. The organizations from different ethnic and racial groups successfully cooperate on legislation and work closely with groups like the Congressional Black and Latino Caucuses to get a place at the legislative table"-- Delve deep into a world of socioeconomic differences and the tragic outcome of this conflict. A variety of activities keep students on their toes and practicing reading skills. Explore the themes of prejudice and social conventions and the part they play in a community. Explain Johnny's transformation through the eyes of Ponyboy. Answer multiple choice questions about Johnny and Ponyboy's time in the church. Match difficult vocabulary words to their meanings. Imagine interviewing Ponyboy about his actions while saving the trapped kids in the burning church. Explain how Cherry describes the duality of Bob. Imagine an alternate version of the story from the point of view of the Socs in which it was one of the Greasers who were killed in the fight. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: *The Outsiders* is the classic coming-of-age story about two social groups in 1960s Oklahoma. The Greasers and the Socs are rival social groups, who engage in petty fights around town. Ponyboy and his friends are Greasers and get jumped by the Socs regularly. One night, after leaving a local drive-in, Ponyboy and his friend Johnny get jumped from a group of Socs who have a score to settle. Things go too far and one of the Socs gets killed. Ponyboy and Johnny now find themselves running from the police. After a week hiding out, the pair decide to return and face the consequences of their actions. Things go from bad to worse as the story faces its climax with a final rumble between the Greasers and the Socs. These vocabulary activities for *The Outsiders* incorporate key skills for college and career readiness. The activities integrate vocabulary with a study of the text. Includes text-dependent questions, definitions, and text-based sentences. Another classic from the author of the internationally bestselling *The Outsiders* Continue celebrating 50 years of *The Outsiders* by reading this companion novel. *That Was Then, This is Now* is S. E. Hinton's moving portrait of the bond between best friends Bryon and Mark and the tensions that develop between them as they begin to grow up and grow apart. "A mature, disciplined novel which excites a response in the reader . . . Hard to forget."—*The New York Times* #1 NEW YORK TIMES BESTSELLER • The author of *The Devil in the White City* and *Dead Wake* delivers an intimate chronicle of Winston Churchill and London during the Blitz—an inspiring portrait of courage and leadership in a time of unprecedented crisis "One of [Erik Larson's] best books yet . . . perfectly timed for the moment."—*Time* • "A bravura performance by one of America's greatest storytellers."—NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The New York Times Book Review* • *Time* • *Vogue* • NPR • *The Washington Post* • *Chicago Tribune* • *The Globe & Mail* • *Fortune* • *Bloomberg* • *New York Post* • *The New York Public Library* • *Kirkus Reviews* • *LibraryReads* • *PopMatters* On Winston Churchill's first day as prime minister, Adolf Hitler invaded Holland and Belgium. Poland and Czechoslovakia had already fallen, and the Dunkirk evacuation was just two weeks away. For the next twelve months, Hitler would wage a relentless bombing campaign, killing 45,000 Britons. It was up to Churchill to hold his country together and persuade President Franklin Roosevelt that Britain was a worthy ally—and willing to fight to the end. In *The Splendid and the Vile*, Erik Larson shows, in cinematic detail, how Churchill taught the British people "the art of being

fearless." It is a story of political brinkmanship, but it's also an intimate domestic drama, set against the backdrop of Churchill's prime-ministerial country home, Chequers; his wartime retreat, Ditchley, where he and his entourage go when the moon is brightest and the bombing threat is highest; and of course 10 Downing Street in London. Drawing on diaries, original archival documents, and once-secret intelligence reports—some released only recently—Larson provides a new lens on London's darkest year through the day-to-day experience of Churchill and his family: his wife, Clementine; their youngest daughter, Mary, who chafes against her parents' wartime protectiveness; their son, Randolph, and his beautiful, unhappy wife, Pamela; Pamela's illicit lover, a dashing American emissary; and the advisers in Churchill's "Secret Circle," to whom he turns in the hardest moments. *The Splendid and the Vile* takes readers out of today's political dysfunction and back to a time of true leadership, when, in the face of unrelenting horror, Churchill's eloquence, courage, and perseverance bound a country, and a family, together. Eight-year-old Margaret Pokiak has set her sights on learning to read, even though it means leaving her village in the high Arctic. Faced with unceasing pressure, her father finally agrees to let her make the five-day journey to attend school, but he warns Margaret of the terrors of residential schools. At school Margaret soon encounters the Raven, a black-cloaked nun with a hooked nose and bony fingers that resemble claws. She immediately dislikes the strong-willed young Margaret. Intending to humiliate her, the heartless Raven gives gray stockings to all the girls — all except Margaret, who gets red ones. In an instant Margaret is the laughingstock of the entire school. In the face of such cruelty, Margaret refuses to be intimidated and bravely gets rid of the stockings. Although a sympathetic nun stands up for Margaret, in the end it is this brave young girl who gives the Raven a lesson in the power of human dignity. Complemented by archival photos from Margaret Pokiak-Fenton's collection and striking artworks from Liz Amini-Holmes, this inspiring first-person account of a plucky girl's determination to confront her tormentor will linger with young readers. Encourage students to make connections in history while becoming familiar with this well-known novel by implementing *The Outsiders: An Instructional Guide for Literature*. These engaging, rigorous lessons and activities work in conjunction with the text to teach students how to analyze and comprehend rich, complex literature. Students will learn how to analyze story elements in multiple ways, practice close reading and text-based vocabulary, determine meaning through text-dependent questions, and more. "An outstanding book about CEOs who excelled at capital allocation." — Warren Buffett #1 on Warren Buffett's Recommended Reading List, Berkshire Hathaway Annual Shareholder Letter, 2012 Named one of "19 Books Billionaire Charlie Munger Thinks You Should Read" in *Business Insider*. "A book that details the extraordinary success of CEOs who took a radically different approach to corporate management." — Charlie Munger, Vice-Chairman of Berkshire Hathaway Corporation "Thorndike explores the importance of thoughtful capital allocation through the stories of eight successful CEOs. A good read for any business leader but especially those willing to chart their own course." — Michael Dell, chairman of the board of directors and chief executive officer of Dell What makes a successful CEO? Most people call to mind a familiar definition: "a seasoned manager with deep industry expertise." Others might point to the qualities of today's so-called celebrity CEOs—charisma, virtuoso communication skills, and a confident management style. But what really matters when you run an organization? What is the hallmark of exceptional CEO performance? Quite simply, it is the returns for the shareholders of that company over the long term. In this refreshing, counterintuitive book, author Will Thorndike brings to bear the analytical wisdom of a successful career in investing, closely evaluating the performance of companies and their leaders. You will meet eight individualistic CEOs whose firms' average returns outperformed the S&P 500 by a factor of twenty—in other words, an investment of \$10,000 with each of these CEOs, on average, would have been worth over \$1.5 million twenty-five years later. You may not know all their names, but you will recognize their companies: General Cinema, Ralston Purina, The Washington Post Company, Berkshire Hathaway, General Dynamics, Capital Cities Broadcasting, TCI, and Teledyne. In *The Outsiders*, you'll learn the traits and methods—striking for their consistency and relentless rationality—that helped these unique leaders achieve such exceptional performance. Humble, unassuming, and often frugal, these "outsiders" shunned Wall Street and the press, and shied away from the hottest new management trends. Instead, they shared specific traits that put them and the companies they led on winning trajectories: a laser-sharp focus on per share value as opposed to earnings or sales growth; an exceptional talent for allocating capital and

human resources; and the belief that cash flow, not reported earnings, determines a company's long-term value. Drawing on years of research and experience, Thorndike tells eye-opening stories, extracting lessons and revealing a compelling alternative model for anyone interested in leading a company or investing in one—and reaping extraordinary returns. *Insiders/Outsiders*, published to accompany a UK-wide arts festival of the same name in 2019, examines the extraordinarily rich and pervasive contribution of refugees from Nazi-dominated Europe to the visual culture, art education and art-world structures of the United Kingdom. In every field, emigres arriving from Europe in the 1930s - supported by a small number of like-minded individuals already resident in the UK - introduced a professionalism, internationalism and bold avant-gardism to a British art world not known for these attributes. At a time when the issue of immigration is much debated, the book serves as a reminder of the importance of cultural cross-fertilization and of the deep, long-lasting and wide-ranging contribution that refugees make to British life. Exhibition: Arts festival throughout Britain (May 2019 - May 2020). "A powerful story" of a boy leaving the city streets for a summer at a horse farm—and discovering the possibility of a different life (Kirkus Reviews). An ALA Best Book for Young Adults An ALA Quick Pick With an absent mother and a domineering stepfather, Travis uses his tough-guy exterior to hide his true passion: writing. After a violent confrontation with his stepfather, Travis is sent to live on his uncle's horse ranch—exile to a born-and-bred city kid. Angry and yearning for a connection, Travis befriends Casey, the horse-riding instructor at the ranch, and the untamable horse in her stable: the Star Runner. When a friend from the city visits with stories of other kids from the neighborhood facing jail time, Travis is more determined than ever that he needs to escape the life of juvenile delinquency he seems destined for. When the offer of a book deal comes through, Travis is hopeful that this is his chance to escape—if only his stepfather will stop standing in the way of his dreams. In this novel, the acclaimed author of *The Outsiders* "portrays her characters with sympathy and yet commendably refuses to gloss over rough edges or gritty truths" (Publishers Weekly). "Hinton continues to grow more reflective in her books, but her great understanding, not of what teenagers are but of what they can hope to be, is undiminished."—Kirkus Reviews Told in short, gripping chapters, this is an unforgettable true story of survival. The author was featured in Steven Spielberg's *Survivors of the Shoah Visual History Foundation*. At just 15, her mother, and brother were taken from their Romanian town to the Auschwitz-II/Birkenau concentration camp. When they arrived at Auschwitz, a soldier waved Elly to the right; her mother and brother to the left. She never saw her family alive again. Thanks to a series of miracles, Elly survived the Holocaust. Today she is dedicated to keeping alive the stories of those who did not. Elly appeared on CBS's *60 Minutes* for her involvement in bringing an important lawsuit against Volkswagen, whose German factory used her and other Jews as slave laborers. Drawing on her own long-term research and extensive work experience, Janice Klein reveals how the power of people (insiders who are able to see problems from outsider's perspective), approach ("pulling change"), and system (support infrastructure) combine to turn new ideas and concepts into institutionalized practices. In particular, certain people inside organizations "outsiders on the inside" are key to driving innovation, adaptation, and real change. Using examples from leading companies in MIT's *Leaders for Manufacturing (LFM)* and *System Design and Management (SDM) Partnership* -- such as Boeing, Intel, Motorola, Alcoa, Ford, Kodak, and others -- she shows how employees at all levels can learn how to become "an outsider on the inside," and be in the right place at the right time to discover opportunities to "pull" into their organization. Throughout, we grow to understand the perspectives of numerous "outsiders on the inside," by hearing their voices and observing their actions. The strategy Klein provides is relevant for any company that hopes to build a change capability, rather than attempt only to manage change. From the best-selling author of *The Outsiders*, S.E. Hinton's *Tex* explores friendships, conflict, depression, self-destructive behavior, and truth and acceptance. This edition includes a new and exclusive Author's Note. Easygoing and reckless, Tex, likes everyone and everything, especially his horse, Negrito, and Johnny Collins' blue-eyed sister, Jamie. Life with his older brother, Mason, would be just about perfect if only he would stop complaining about Pop, who hasn't been home in five months. While Mason worries about paying the bills and getting a basketball scholarship--his ticket out of Oklahoma--Tex just seems to attract trouble. When everything seems to be falling apart, how can Tex find a way to keep things together? *Models of Immigrant Political Incorporation* brings together a multidisciplinary group of researchers. Each develops a systematic model permitting the study of who is an

immigrant, what is politics, and how incorporation occurs or is blocked. Ranging across North America and Western Europe, it is indispensable for analysts and activists alike. In honor of the bicentennial of Abraham Lincoln's birth comes this sequel to the enormously successful "Lincoln: An Illustrated Biography." This work picks up where the previous book left off, and examines how the 16th president's legend came into being. It's time to redefine the CEO success story. Meet eight iconoclastic leaders who helmed firms where returns on average outperformed the S&P 500 by more than 20 times. Products, brands, and ideas that capture the evolving ethos of today's outdoor and lifestyle entrepreneurs. EXTENDED SUMMARY: THE OUTSIDERS BASED ON THE BOOK BY S. E. HINTON Are you ready to boost your knowledge about THE OUTSIDERS? Do you want to quickly and concisely learn the key lessons of this book? Are you ready to process the information of an entire book in just one reading of approximately 20 minutes? Would you like to have a deeper understanding of the techniques and exercises in the original book? Then this book is for you! BOOK CONTENT: Introduction to Greaser Life The Soc-Rumble Divide Ponyboy's Perspective: Life as an Outsider Johnny's Journey: From Invisibility to Heroism Greasers vs. Socs: A Clash of Cultures The Curtis Brothers: Sibling Bonds and Struggles Cherry Valance: Bridging the Gap Ponyboy's Literary Exploration The Tragic Tale of Johnny and Dally The Outsiders' Code: Loyalty and Friendship Greasers on the Run: The Tension Escalates The Church Fire: Breaking Points and Redemption Ponyboy's English Assignment: Finding Identity Dally's Demise: A Shocking Turn of Events The Legacy of The Outsiders: Lessons for Generations When it was first published in 1967, *The Outsiders* defied convention with its immediate, deeply sympathetic portrayal of Ponyboy and his struggle to find a place for himself in a difficult world. Thirty years later, it speaks to teenagers as powerfully as ever. What do the London Science Museum, California Shakespeare Theater, and ShaNaNa have in common? They are all fighting for relevance in an often indifferent world. *The Art of Relevance* is your guide to mattering more to more people. You'll find inspiring examples, rags-to-relevance case studies, research-based frameworks, and practical advice on how your work can be more vital to your community. Whether you work in museums or libraries, parks or theaters, churches or afterschool programs, relevance can work for you. Break through shallow connection. Unlock meaning for yourself and others. Find true relevance and shine. Encourage students to make connections in history while becoming familiar with this well-known novel by implementing *The Outsiders: An Instructional Guide for Literature*. These engaging, rigorous lessons and activities work in conjunction with the text to teach students how to analyze and comprehend rich, complex literature. Students will learn how to analyze story elements in multiple ways, practice close reading and text-based vocabulary, determine meaning through text-dependent questions, and more. Individet på den forkerte hylde søger at hævde sig gennem overkreativitet An instruction manual for life, love, and relationships by a brilliant young scientist whose Asperger's syndrome allows her--and us--to see ourselves in a different way...and to be better at being human Diagnosed with Autism Spectrum Disorder at the age of eight, Camilla Pang struggled to understand the world around her. Desperate for a solution, she asked her mother if there was an instruction manual for humans that she could consult. With no blueprint to life, Pang began to create her own, using the language she understands best: science. That lifelong project eventually resulted in *An Outsider's Guide to Humans*, an original and incisive exploration of human nature and the strangeness of social norms, written from the outside looking in--which is helpful to even the most neurotypical thinker. Camilla Pang uses a set of scientific principles to examine life's everyday interactions: - How machine learning can help us sift through data and make more rational decisions - How proteins form strong bonds, and what they teach us about embracing individual differences to form diverse groups - Why understanding thermodynamics is the key to seeking balance over seeking perfection - How prisms refracting light can keep us from getting overwhelmed by our fears and anxieties, breaking them into manageable and separate "wavelengths" Pang's unique perspective of the world tells us so much about ourselves--who we are and why we do the things we do--and is a fascinating guide to living a happier and more connected life. The *No Outsiders* programme promotes an ethos of inclusion and tolerance, and aims to prepare children for life in modern Britain. Expanding the scheme published in the 2015 book, *No Outsiders in Our Schools*, this book is designed to further support educators as they make the *No Outsiders* ethos part of their school culture at a time when messages of fear and division are rife. Written by a practising teacher whose work to promote equality has been globally celebrated, this book provides lesson plans for use in classes from EYFS to Year

6. Key features of the resource include: • plans for delivering the No Outsiders message through assemblies and classes, allowing for a flexible approach • recommendations for picture books that can be used to support messages of diversity and inclusion • a scheme of work designed to meet the requirements of the Equalities Act (2010) and support teachers as they prepare to implement the new Relationships Education curriculum (2020). It is the responsibility of primary schools to promote equality and diversity. This is a vital resource for all teachers and trainee teachers as they prepare children for a life where diversity is embraced and there is no fear of difference. "The authors have done a commendable and impressive job of addressing a topic of long-lasting and increasing significance in U.S. politics." ---F. Chris Garcia, University of New Mexico "This is a path-breaking book that will be read across disciplines beyond political science." ---James Jennings, Tufts University Over the past four decades, the United States has experienced the largest influx of immigrants in its history. Not only has the ratio of European to non-European newcomers changed, but recent arrivals are coming from the Asian subcontinent, Southeast Asia, South America, and other regions which have not previously supplied many immigrants to the United States. In this timely study, a team of political scientists examines how the arrival of these newcomers has affected the efforts of long-standing minority groups---Blacks, Latinos, and Asian Pacific Americans---to gain equality through greater political representation and power. The authors predict that, for some time to come, the United States will function as a complex multiracial hierarchy, rather than as a genuine democracy. Ronald Schmidt, Sr. is Professor of Political Science at California State University, Long Beach. Yvette M. Alex-Assensoh is Associate Professor of Political Science and Dean of the Office for Women's Affairs (OWA) at Indiana University, Bloomington. Andrew L. Aoki is Professor of Political Science at Augsburg College. Rodney E. Hero is the Packey J. Dee Professor of American Democracy at the University of Notre Dame.
