The Sword in the Tree Apr 15 2024 In the days of King Arthur there stood a mighty oak tree within the walls of a castle. Peace reigned in the castle until the fearsome night when Lionel, longlost brother of Lord Weldon, returned to cause trouble and unhappiness. It was then that Shan, the son of Lord Weldon, took on the duties of a knight and hid the sword in the hollow of the giant oak. The days that followed were filled with adventures that tried the courage of the young boy. Shan was surprised by bearded robbers in the woods. He met noble knights in plumed helmets, and eventually he even made a trip to high-towered Camelot. His story is filled with the pageantry and color of England in King Arthur's time. It creates a vivid picture of the Knights of the Round Table and the wisdom of King Arthur himself. Mr. Bulla captures the spirit of those romantic days in a straightforward, exciting manner. The result is another delightful book for his wide audience of young readers. Paul Galdone's vigorous illustrations are as evocative as the text.

Uncle Tungsten Feb 18 2022 Long before Oliver Sacks became a distinguished neurologist and bestselling writer, he was a small English boy fascinated by metals—also by chemical reactions (the louder and smellier the better), photography, squids and cuttlefish, H.G. Wells, and the periodic table. In this endlessly charming and eloquent memoir, the author of The Man Who Mistook His Wife for a Hat and Awakenings chronicles his love affair with science and the magnificently odd and sometimes harrowing childhood in which that love affair unfolded. In Uncle Tungsten we meet Sacks' extraordinary family, from his surgeon mother (who introduces the fourteen-year-old Oliver to the art of human dissection) and his father, a family doctor who imbues in his son an early enthusiasm for housecalls, to his "Uncle Tungsten," whose factory produces tungsten-filament lightbulbs. We follow the young Oliver as he is exiled at the age of six to a grim, sadistic boarding school to escape the London Blitz, and later watch as he sets about passionately reliving the exploits of his chemical heroes—in his own home laboratory. Uncle Tungsten is a crystalline view of a brilliant young mind springing to life, a story of growing up which is by turns elegiac, comic, and wistful, full of the electrifying joy of discovery.

Three Hens and a Peacock Nov 10 2023 A hilarious read-aloud favorite about some foolish farm animals who decide to trade roles—and discover just how hard it is to do someone else's job, from award-winning author Lester L. Laminack and celebrated illustrator Henry Cole. The Tuckers' farm is a peaceful place where everyone has a job and no one complains. That is, until a hapless peacock falls off the back of a passing truck and stirs things up. Soon, customers are flocking to the farm to see what all the fuss is about. But the hens don't like the newcomer getting attention while they do all the hard work. When a wise old hound sees the problem, he helps orchestrate a job swap. What follows is the riotous tale of three hens who get in way over their feathered heads, and one very distressed peacock who just can't figure out how to lay an egg. Lester L. Laminack has created a comical look at envy, finding your strength, and what happens when we underestimate the value of others' work. Henry Cole's delightful illustrations heighten the story's humor and will have readers of all ages laughing out loud.

The River of Consciousness May 04 2023 From the best-selling author of Gratitude, On the Move, and Musicophilia, a collection of essays that displays Oliver Sacks's passionate engagement with the most compelling and seminal ideas of human endeavor: evolution, creativity, memory, time, consciousness, and experience. Oliver Sacks, a scientist and a storyteller, is beloved by readers for the extraordinary neurological case histories (Awakenings, An Anthropologist on Mars) in which he introduced and explored many now familiar disorders--autism, Tourette's syndrome, face blindness, savant syndrome. He was also a memoirist who wrote with honesty and humor about the remarkable and strange encounters and experiences that shaped him (Uncle Tungsten, On the Move, Gratitude). Sacks, an Oxford-educated polymath, had a deep familiarity not only with literature and medicine but with botany, animal anatomy, chemistry, the history of science, philosophy, and psychology. The River of Consciousness is one of two books Sacks was working on up to his death, and it reveals his ability to make unexpected connections, his sheer joy in knowledge, and his unceasing, timeless project to understand what makes us human.

The Rooster's Egg Jan 12 2024 "Jamaica is the land where the rooster lays an egg...When a Jamaican is born of a black woman and some English or Scotsman, the black mother is literally and figuratively kept out of sight as far as possible, but no one is allowed to forget that white father, however questionable the circumstances of birth...You get the impression that these virile Englishmen do not require women to reproduce. They just come out to Jamaica, scratch out a nest and lay eggs that hatch out into 'pink' Jamaicans." --Zora Neale Hurston We may no longer issue scarlet letters, but from the way we talk, we might as well: W for welfare, S for single, B for black, CC for children having children, WT for white trash. To a culture speaking with barely masked hysteria, in which branding is done with words and those branded are outcasts, this book brings a voice of reason and a warm reminder of the decency and mutual respect that are missing from so much of our public debate. Patricia J. Williams, whose acclaimed book The Alchemy of Race and Rights offered a vision for healing the ailing spirit of the law, here broadens her focus to address the wounds in America's public soul, the sense of community that rhetoric so subtly but surely makes and unmakes. In these pages we encounter figures and images plucked from headlines--from Tonya Harding to Lani Guinier, Rush Limbaugh to Hillary Clinton, Clarence Thomas to Dan Quayle--and see how their portrayal, encoding certain stereotypes, often reveals more about us than about them. What are we really talking about when we talk about welfare mothers, for instance? Why is calling someone a "redneck" okay, and what does that say about our society? When young women appear on Phil Donahue to represent themselves as Jewish American Princesses, what else are they doing? These are among the questions Williams considers as she uncovers the shifting, often covert rules of conversation that determine who "we" are as a nation.

Bon Appétit Jun 12 2021 When Amelia Morris saw a towering, beautiful chocolate cake in *Bon Appétit* and took the recipe home to recreate it for a Christmas day brunch she was hosting, it resulted in a terrible (but tasty) mess that had to be served in an oversize bowl. It was also a revelation. Both delicious and damaged, it seemed a physical metaphor for the many curious and unexpected situations she's found herself in throughout her life, from her brief career as a six-year-old wrestler to her Brady Bunch-style family (minus the housekeeper and the familial harmony) to her ill-fated twenty-something job at the School of Rock in Los Angeles. As a way to bring order to chaos and in search of a more meaningful lifestyle, she finds herself more and more at home in the kitchen, where she begins to learn that even if the results of her culinary efforts fall well short of the standard set by glossy food magazines, they can still bring satisfaction (and sustenance) to her and her family and friends. Full of hilarious observations about food, family, unemployment, romance, and the extremes of modern L.A., and featuring recipes as basic as Toasted Cheerios and as advanced as gâteau de crêpes, *Bon Appétit* is sure to resonate with anyone who has tried and failed, and been all the better for it.

Invisible Inkling Nov 17 2021 From award-winning author Emily Jenkins and New York Times bestselling illustrator Harry Bliss comes the first book in a sweet, quirky chapter book series about a boy and his invisible friend, Inkling. Perfect for fans of *Clementine* and *Ivy and Bean*. This series is a great choice for emerging readers who are ready for chapter books. The thing about Hank's new friend Inkling is, he's invisible. No, not imaginary. Inkling is an invisible bandapat, a creature native to the Peruvian Woods of Mystery. (Or maybe it is the Ukrainian glaciers. Inkling hardly ever gets his stories straight.) Now Inkling has found his way into Hank's apartment on his quest for squash, a bandapat favorite. But Hank has bigger problems than helping Inkling fend off maniac doggies and searching for pumpkins: Bruno Gillicut is a lunch-stealing, dirtbug caveperson and he's got to be stopped. And who better to help stand up to a bully than an invisible friend?
