Samsung Galaxy ,2021 How to Operate Samsung Galaxy Z Fold 3 Tom Scott,2022-11-25 MASTER YOUR Z FOLD OPERATION LIKE A PRO On the face of it the Samsung Galaxy Z Fold 3 isn t vastly different to the Z Fold 2 that came before it Even still though it continues its position as the top dog of foldable phones That massive folding display is a real eye

catcher even if the under panel camera UPC isn't always totally convincing. That there's been no price increase for the Z Fold 3 is a real statement of intent. It's actually a lower asking price than when its predecessor first went on sale. Don't get us wrong though; it's not cheap by any means, and so you've got to really want to invest in this ambitious idea, including the aspects that don't feel quite ready. Owning a folding device inevitably comes with its share of foibles; here, the screen reflections, central crease, and the under display camera are the obvious ones, but for sheer show-off factor, the Z Fold 3 is an unbeatable piece of modern technology.
