The Hiram Key Christopher Knight

The Hiram Key Christopher Knight, Robert Lomas, 2011-10-31 Was Jesus a Freemason The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4 000 years of history This astonishing bestseller raises questions that have challenged some of Western civilisation's most cherished beliefs Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Romans Did the Knights Templar the forerunners of modern Freemasonry excavate these scrolls in the twelfth century And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple Rosslyn Chapel in Scotland where they are now awaiting excavation The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history *The Book of Hiram*

Christopher Knight, Robert Lomas, 2004 Presents a history of Freemasonry describing its origins and rituals in relationships to events in the Bible **The Hiram Key Revisited - Freemasonry: A Plan for a New World-Order** Christopher Knight Co-Author, Alan Butler, 2010-07-08 Is Freemasonry nothing more than a benign and charitable men's social club as the Order insists or does it have a deeper and perhaps darker purpose Could these men be part of the Illuminati a group of intellectuals with extremely grand plans for the development of civilization And if so what is the grand plan that these men were so determined to bring about and why should there be such opposition to it Christopher Knight and Alan Butler reveal that present day freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy In the early days of Christianity their views offended and opposed those of the orthodox Church and later in feudal Europe both the State and the established Church considered them heretics and sworn enemies Yet they could not be silenced or defeated and members of this priesthood have continued to this day to work in subtle and sometimes subversive ways to achieve their aims often occupying very elevated positions within Western society and always maintaining complete anonymity to those outside their fellowship The extraordinary story that unfolds in *The Hiram Key Revisited* reveals that the building of the modern world was no haphazard process There was a grand plan and it has succeeded The New World Order is already here The Hiram Key Christopher Knight, Robert Lomas, 1996 The lost secrets of freemasonry The search begins The Knights Templar The gnostic connection Jesus Christ man god myth or freemason In the beginning man made god The legacy of the Egyptians The first freemason The birth of Judaism A thousand years of struggle The Boaz and Jachin Peshier The man who turned water into wine The resurrection The truth breaks free The lost scrolls rediscovered The Second Messiah, 1997 Donation

Turning the Hiram Key Robert Lomas, 2005 New in Paperback Learn about the rituals of this fascinating society This book takes readers beyond *The Hiram Key* to reveal the secrets of the actual Masonic rituals By deconstructing these rituals Lomas discovers the true message behind them a message that is as valid today as it was when the rituals were created Not

only will readers get a step by step insider s look at each of these timeless rituals they ll learn how they can benefit from them in today s world Turning the Hiram Key also explores how these rituals have helped history s most accomplished men to reach their goals from Louis Armstrong and Charles Lindbergh to George Washington and Franklin D Roosevelt to John Wayne and Buzz Aldrin **Who Built the Moon?** Christopher Knight,Alan Butler,2014-03-11 The authors of Civilization One return bringing new evidence about the Moon that will shake up our world Christopher Knight and Alan Butler realized that the ancient system of geometry they presented in their earlier breakthrough study works as perfectly for the Moon as it does the Earth On further investigation they found a consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon no such pattern emerges for any other planet or moon in the solar system In addition Knight and Butler discovered that the Moon possesses few or no heavy metals and has no core something that should not be possible Their persuasive conclusion if higher life only developed on Earth because the Moon is exactly what it is and where it is it becomes unreasonable to cling to the idea that the Moon is a natural object The only question that remains is who built it

The Hiram Key Revisited Christopher Knight,Alan Butler,2014-04-08 THE MOST COMPREHENSIVE AND COMPELLING BOOK EVER WRITTEN ABOUT THE SECRET SOCIETY THAT SHAPED THE MODERN WORLD Freemasonry with its arcane rituals occult symbols and labyrinthine hierarchy has mystifi ed the outside world for centuries But it has become apparent that even the most senior Freemasons do not understand its ancient origins or purpose So what is this powerful and arcane organization really for In this eye opening account two seasoned researchers show that today s Freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy They predicted the birth of the coming Messiah and Jesus Christ was part of their mission Soon after the Crucifi xion they were nearly wiped out by a program of mass genocide conducted by the Romans later in feudal Europe they grew to a position of unparalleled power before being branded as heretics and forced underground But they could not be stopped and they continued to work in subtle sometimes subversive always anonymous ways to pursue their objective a new world order that put God above and yet out of human affairs Uriel's Machine Christopher Knight,Robert Lomas,2012-01-31 What is the standard view of history is completely wrong What if science and writing developed from an advanced prehistoric civilisation in the British Isles What is written evidence in the Dead Sea Scrolls records megalithic history and provides the plans for a machine that could rebuild civilisation following a global catastrophe And what if Jesus and his brother James were practitioners of megalithic astronomy In URIEL S MACHINE Knight Lomas offer powerful new evidence that our planet was hit by seven mountain sized lumps of comet creating a series of giant waves that ripped across the globe Putting together the latest findings of leading geologists with their own sensational new archaeological discoveries they show how a civilisation emerged and was able to build an international network of sophisticated astronomical observatories which provided accurate calendars could measure the diameter of the planet and accurately predict comet impact years in advance The revelation that this is the true purpose of

the great megalithic sites in Western Europe built long before the Egyptian pyramids

God's Blueprint Christopher Knight, 2015-05-12 From the co author of the international bestseller Who Built the Moon comes this well researched scientific study of the possibility of a divine creator or God This book puts the idea of God on trial Whilst the case has been hotly disputed over recent generations with scientists on one side and theologians on the other evidence either way has been thin on the ground Faith belief without evidence has been the basis for the world's major religions Most scientists reject the notion of God because they require factual empirical evidence in order to accept any proposition as being real However new information has become available which appears to provide hard nosed evidence of God's existence Can faith be replaced by understanding and can scientists formally embrace once again the concept of a supreme being as they did in Isaac Newton's day Nothing less than God's blueprint appears to have been discovered found by chance by the author while researching the science of the Neolithic late Stone Age people of western Europe The case will be tried taking the evidence step by step You the reader are the jury You must evaluate the evidence as the proceedings develop and to aid you there will be a brief summing up at the end of each section At the close of the book you are asked to make a judgment as to whether the case is proven or not Does God exist

The Hiram Key Christopher Knight, Robert Lomas, 1997

Civilization One: The World is Not as You Thought it Was Christopher Knight, Alan Butler, 2014-01-30 one of the biggest breakthroughs of all times this is the definitive proof that civilisation is thousands of years older than historians believe Colin Wilson A breakthrough book The last four thousand years are never going to be the same again Graham Hancock This is the amazing story of how a quest to try to crack the mystery of the Megalithic Yard an ancient unit of linear measurement led to the discovery of compelling evidence pointing to the existence of an unknown highly advanced culture which was the precursor to the earliest known civilizations such as the Sumerians and the Egyptians There must have been a Civilization One Knight and Butler reveal the secrets of an extraordinary integrated measuring system which might have been lost to the world for ever It was a system far more advanced than anything used today which forms the basis of both the Imperial and Metric measure systems These ancient scientists understood the dimensions motions and relationships of the Earth Moon and Sun they measured the solar system and even understood how the speed of light was integrated into the movements of our planet Their conclusions fly in the face of everything that we thought we knew about the origins of the modern world but the evidence is incontrovertible And the implications of these revelations go far beyond the fascination of the discovery of a super science of prehistory they indicate a grand plan which will have far reaching theological ramifications

Before the Pyramids Christopher Knight, Alan Butler, 2014-03-04 This page turning study of the Giza pyramids British henges and the megalithic measuring system could completely change the way we view our remote past and origins Robert G Bauval author of The Orion Mystery The suggestion that the Giza pyramids were laid out to represent the stars of Orion's belt with the position of the River Nile reflecting the Milky Way was first put forward by the renowned author Robert Bauval in his bestselling book The Orion

Mystery In Before the Pyramids Christopher Knight and Alan Butler reveal that the British henges were arranged in the same formation but much earlier They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain Their next stunning discovery takes us to modern times They have found evidence that the whole Megalithic measuring system has survived into the 20th century There are examples in Washington DC even in the positioning and construction of the Pentagon which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge dating to 3 000 BC

Born in Blood John J. Robinson,2009 Its mysterious symbols and rituals had been used in secret for centuries before Freemasonry revealed itself in 1717 But where had this powerful organization come from and why had Freemasonry been attacked by the Roman Catholic Church Robinson answers those questions and more

Turning the Solomon Key Robert Lomas,2007-09 New in Paperback The Masonic secrets of our founding fathers Turning the Solomon Key is an exhilarating quest to discover the Masonic influences which George Washington brought to bear on the layout of Washington D C In this second book of his Key trilogy Robert Lomas has used Masonic rituals and Washington s own diaries to uncover the symbolic reasoning behind the positioning of the White House and the Capitol and in the process he disposes of many anti Masonic urban myths This exciting and authoritative detective story then investigates the sources of creative behavior to reveal a hitherto unsuspected Secret Science of Masonic Astrology which underpinned Washington s actions The builders of Washington DC knew a great secret about the human condition In Turning the Solomon Key scientist and Masonic expert Robert Lomas explains exactly what it was Turning the Solomon Key at its heart explains why high achieving individuals share certain astrological characteristics and why the Freemasons who founded our nation planned Washington D C the way they did

Uriel's Machine Christopher Knight,Robert Lomas,1999 What was the true purpose of the great megalithic sites in Western Europe In this international bestseller the authors question the standard views of history and the development of science They show how in megalithic times a civilization emerged able to build an international network of sophisticated astronomical observatories Further they show that recently revealed Dead Sea Scroll texts contain precise details on the building of a machine in the reconstruction of a shattered world From the Paperback edition

The Lost Key Robert Lomas,2011-06-09 Robert Lomas is the bestselling co author of The Hiram Key and other international bestsellers on Freemasonic mysteries Many say he is the model for Dan Brown s hero Robert Langdon The Lost Key contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make Here is the truth behind the hints in Dan Brown s The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved

when the next stage of initiation has been achieved Dramatic episodes include the re enacting of an ancient murder from 3 000 years ago in full gory detail lowering the candidate on the end of a rope into a dark vault under the floor of the temple holding a dagger to the candidates naked breast and making the candidate attend his own funeral In the secret teachings revealed to some high level initiates there is a type of instruction which seems curiously similar to religious and mystical teachings Astrology angels chakras and the powers of the mind to operate independently of the body such as in remote viewing are all a part of Freemasonic lore Robert Lomas is both a physicist he teaches physics at Bradford University and a Freemason Here he reveals to a wider public and also explains these secret teachings for the first time He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins they are very much part of the strange paradoxical world opened up by the latest thinking in quantum physics This is why he prefers to call them Supranatural
