Albion's Seed David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States from the earliest English settlements to our own time It is a history of American folkways as they have changed through time and it argues a thesis about the importance for the United States of having been British in its cultural origins While most people in the United States today have no British ancestors they have assimilated regional cultures which were created by British colonists even while preserving ethnic identities at the same time In this sense nearly all Americans are Albion s Seed no matter what their ethnicity may be The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988 and still help to shape attitudes toward education government gender and violence on which differences between American regions are greater than between European nations

Football Scouting Methods Steve Belichick,2008 Considered the bible of scouting techniques according to the Los Angeles Times Football Scouting Methods explains the basic scouting strategies and insights of author Steve Belichick He was widely viewed as the ablest football scout of his time and coached at the U S Naval Academy for 33 years his son is New England Patriots coach Bill Belichick a three time Super Bowl winner When Steve Belichick died in November 2005 the New York Times headline cited him as Coach Who Wrote the Book on Scouting and quoted Houston Texans General Manager Charley Casserly calling Football Scouting Methods the best book on scouting he had ever read Joe Bellino Navy s Heisman Trophy winner in 1960 told the Times that Steve Belichick was a genius On Monday nights he would give us his scouting reports and even though we were playing powerhouses I always felt we were prepared because he found a way for us to win In recent years Football Scouting Methods has been one of the top ten most sought out of print books used copies have been quite scarce This reissue edition makes the original 1962 text available once again in exact facsimile The book covers how to scout opponents recognize defenses analyze offenses discover tip offs that reveal the opponent s plays compose a useful report self scout and conduct postgame analysis Steve Belichick taught many younger men how to scout and how to watch film and how to prepare their teams for the next week s game David Halberstam noted in the Washington Post and his best student was his own son Bill Belichick one of whose greatest skills as a coach to this day remains his ability to analyze other teams figuring out both their strengths and their vulnerabilities and shrewdly deciding how to take away from them that which they most want to do When CBS asked Bill Belichick to name his favorite book he replied Well I ve got to go with my dad s Football Scouting Methods I d have to go with that

**A Pearl in the Storm** Tori Murden McClure,2009-04-07 In the end writes Tori McClure I know I rowed across the Atlantic to find my heart but in the beginning I wasn t aware that it was missing During June 1998 Tori McClure set out to row across the Atlantic Ocean by herself in a twenty three foot plywood boat with no motor or sail Within days she lost all communication with shore but nevertheless she decided to keep going Not only did she lose the sound of a friendly voice she lost updates on the location of the Gulf Stream and on the weather Unfortunately for Tori 1998 is still on record as the worst hurricane season in the North Atlantic In deep solitude and perilous conditions she was nonetheless determined to prove what one person with a mission can do When she was finally brought to her knees by a series of violent storms that nearly killed her she had to signal for help and go home in what felt like complete disgrace Back in Kentucky however Tori s life began to change in unexpected ways She fell in love At the age of thirty five she embarked on a serious relationship for the first time making her feel even more vulnerable than sitting alone in a tiny boat in the middle of the Atlantic She went to work for Muhammad Ali who told her that she did not want to be known as the woman who almost rowed across the Atlantic Ocean And she knew that he was right In this thrilling story of high adventure and romantic quest Tori McClure discovers through her favorite way the hard way that the most important thing in life is not to prove you are superhuman but to fully to embrace your own humanity With a wry sense of humor and a strong voice she gives us a true memoir of an explorer who maps her world with rare emotional honesty
