Magic Lantern Guides: Canon EOS Rebel T1i/EOS 500D Michael Guncheon,2009 By photographers for photographers Magic Lantern Guides help you get the most from your gear Written specifically for each individual model these books don't water down the hard core information with general how-tos they cover every feature and menu option in easy to follow language unravel the mysteries of flash and offer expert explanations of how to use a camera's special functions And now they're totally redesigned in full colour and looking better than ever *Acting* Terry Schreiber,Mary Beth Barber,2005-06 Offering a wealth of exercises and techniques honed by the author's 35 years of teaching this text shows how actors can free both the voice and the body and explore the subconscious for effective emotional recall *Approaches to the Medieval Self* Stefka G. Eriksen,Karen Langsholt Holmqvist,Bjørn Bandlien,2020-09-21 The main aim of this book is to discuss various modes of studying and defining the medieval self based on a wide span of sources from medieval Western Scandinavia c 800-1500 such as archeological evidence architecture and art documents literature and runic inscriptions The book engages with major theoretical discussions within the humanities and social sciences such as cultural theory practice theory and cognitive theory The authors investigate how the various approaches to the self influence our own scholarly mindsets and horizons and how they condition what aspects of the medieval self are visible to us Utilizing this insight we aim to propose a more syncretic approach towards the medieval self not in order to substitute excellent models already in existence but in order to foreground the flexibility and the complementarity of the current theories when these are seen in relationship to each other The self and how it relates to its surrounding world and history is a main concern of humanities and social sciences Focusing

on the theoretical and methodological flexibility when approaching the medieval self has the potential to raise our awareness of our own position and agency in various social spaces today

Digital Content Creation Rae Earnshaw, John Vince, 2012-12-06 The very word digital has acquired a status that far exceeds its humble dictionary definition Even the prefix digital when associated with familiar sectors such as radio television photography and telecommunications has reinvented these industries and provided a unique opportunity to refresh them with new start up companies equipment personnel training and working practices all of which are vital to modern national and international economies The last century was a period in which new media stimulated new job opportunities and in many cases created totally new sectors video competed with film CDs transformed LPs and computer graphics threatened traditional graphic design sectors Today even the need for a physical medium is in question The virtual digital domain allows the capture processing transmission storage retrieval and display of text images audio and animation without familiar materials such as paper celluloid magnetic tape and plastic But moving from these media to the digital domain introduces all sorts of problems such as the conversion of analog archives multimedia databases content based retrieval and the design of new content that exploits the benefits offered by digital systems It is this issue of digital content creation that we address in this book Authors from around the world were invited to comment on different aspects of digital content creation and their contributions form the 23 chapters of this volume

The Netherlands Indies and the Great War, 1914-1918 Kees van Dijk, 2007-01-01 Kees van Dijk examines how in 1917 the atmosphere of optimism in the Netherlands Indies changed to one of unrest and dissatisfaction and how after World War I the situation stabilized to resemble pre war political and economic circumstances

Ecocriticism and Shakespeare Simon C. Estok, 2011-04-25 This book offers the term ecophobia as a way of understanding and organizing representations of contempt for the natural world Estok argues that this vocabulary is both necessary to the developing area of ecocritical studies and for our understandings of the representations of Nature in Shakespeare
