Angel, Falling Oct 14 2023 Young women disappear with depressing regularity in the Southern city of Atlanta, Georgia. Unfortunately, no one really cares if they ever show up again. Private detective Bennett Cole knows this better than most. He's had his share of tough cases that didn't turn out so well, and he'd rather not take this latest one on. But when the friend of a missing young woman named Angel asks him to find her, Cole ignores his instincts and accepts the job. It's a case that will take Cole from Atlanta's seamy underbelly to the playgrounds of the rich and famous on the beaches of Florida. And in his search, he finds far more than he bargained for—violence, drugs, and Angel, a woman who is not at all what she seems. With the help of a beautiful massage therapist, Cole confronts unlikely suspects, encounters deceit in the wealthy enclaves of West Florida and Atlanta, and even stumbles upon a murder or two. As the mounting tension and danger nearly drag Cole to his knees, he realizes that his quest for the truth about Angel may send him straight to the depths of hell. Hard-hitting and action-packed, *Angel, Falling* will draw you into Cole's quest for the truth.

*Mullahs, Merchants, and Militants* Mar 27 2022 A thousand years ago, a vast Arab empire stretched from the Asian steppe across the Mediterranean to Spain, pioneering new technologies, sciences, art and culture. Arab traders and Arab currencies dominated the global economy in ways Western multinationals and the dollar do today. A thousand years later, Arab states are in decay. Official corruption and ineptitude have eroded state authority and created a vacuum that militant Islam has rushed to fill. In *Mullahs, Merchants, and Militants*, Glain takes us on a journey through the heart of what were once the great Islamic caliphates, the countries now known as Lebanon, Syria, Jordan, Israel/Palestine, Iraq and Egypt, to illustrate how a once prosperous and enlightened civilization finds itself at a crossroads between a Dark Age and a New Dawn. As late as a century ago, what we call the Levant was a prosperous trading bloc. By carving the region into proxy states and emirates after the First World War, the Western powers Balkanized and undermined the Levantine economy. That in turn prepared the ground for a regional autocracy that rejected economic openness and religious tolerance, qualities that had made the old Islamic caliphates great. Today the Arab world has opted out of the global economy, with tragic consequences. It is up to the new generation of leaders -- and the Western governments that created the modern Middle East -- to reverse the sclerosis and revive the region.

**The Seventh at St. Andrews** Sep 20 2021 An acclaimed Scottish golf course architect who

had to go to America to make his name lands the most coveted commission in all of golf: to design the first new course in almost a century for the town of St. Andrews, the game's ancestral home. David McLay Kidd became a wunderkind golf course architect before he was thirty years old, thanks to his universally lauded design at Bandon Dunes on the Oregon coast. When the town of St. Andrews announced in 2001 that a new championship course was in the works—the town's first since 1914—Kidd fought off all comers and earned the right to make golf history. Author Scott Gummer was there to chronicle the days in the dirt and the nights in the pubs, the politics and histrionics, all with exclusive access to David Kidd, his team, and the St. Andrews Links Trust. Unfolding in arresting you-are-there scenes, *The Seventh at St. Andrews* follows the young master at work as Kidd, with his sharp tongue, leads his accomplices in transforming a plot of flat, uninspiring farmland—smack in the middle of which sits the town's sewage plant—into a rollicking golfing adventure and the most anticipated golf course opening in a generation. Murphy's Law seems to govern the process, however, as everything that can go wrong seemingly does: from epic wooly weather, to cattle grazing on the site, to vociferous opposition among the townsfolk, to bureaucrats so stuck in their ways they cannot be budged even with one of Kidd's bulldozers. The story chronicles the decade-long journey from the first notion of a seventh course to its official opening. Kidd & Co. exceed everyone's expectations by building a magnificent throwback course that looks to have been shaped by the wind and rain and nature rather than modern machinery. *The Seventh at St. Andrews* brings the underappreciated art of golf course design to life, and along the way profiles an unforgettable cast of characters that includes Kidd's jovial father, a golf legend in his own right; Kidd's taciturn right-hand man; and the roustabout Scottish shaper, the Da Vinci in a 'dozer who is the heart of Kidd's crew.

**Hope Personified: Frances Maschal Landers** May 29 2022 Explorer Christopher Columbus discovered the tropical Caribbean island of Hispaniola in 1492. Its western third would become Haiti. After three hundred years of slavery and colonial rule, Haiti became the world's first black republic. Over two hundred years later, Haiti's children continue to search for hope as they grow up against a backdrop of poverty, unemployment, civil unrest, disease, disasters, hunger, and illiteracy. At age sixty, Frances Landers took her first mission trip . . . to Haiti. The children entranced her. But could she even dream of making a difference? Partnering with a tall, visionary Haitian priest, and stepping out in faith, she accomplished far more than she could possibly have dreamed. In 1981, Frances raised money for a small school in Haiti. Thirty-five years later, her Haiti Education Foundation educates thousands of children in dozens of schools in remote mountain villages. Environments of energy and expectation have replaced illiteracy and lethargy. Frances HEF has changed tens of thousands of lives in Haiti. And across the United States, too, as people experience the joy of helping others help themselves. The story of Frances Maschal Landers is nothing short of a miracle. Yet even miracles are burdened with struggle . . . progress against setbacks, the love of the Lord against the darkness of voodoo, the construction of schools against the destruction of an earthquake. Join Frances on her journey. You will emerge at the end, like she, personifying hope.

*Diesel Particulate Emissions Landmark Research 1994-2001* Mar 07 2023 The need for manufacturers to meet U.S. Environmental Protection Agency (EPA) mobile source diesel emissions standards for on-highway light duty and heavy duty vehicles has been the driving force for the control of diesel particulate and NOx emissions reductions. Diesel Particulate Emissions: Landmark Research 1994-2001 contains the latest research and development findings that will help guide engineers to achieve low particulate emissions from future engines. Based on extensive SAE literature from the past seven years, the 45 papers in this book have been selected from the SAE Transactions Journals.

A Year Straight Jan 17 2024 After having spent nearly her entire adult life dating women (and liking it), Elena Azzoni felt pretty secure in her sexual orientation: she'd even just been crowned Miss Lez 2007. Then, one day in yoga class, a male teacher moved in close to adjust her pose . . . and she suddenly found herself intensely—bafflingly—attracted to him. Eventually she initiated a flirtation with him; after that, there was no going back. *A Year Straight* is a chronicle of the hilariously disastrous year following Azzoni's abrupt dive into the world of dating men: old enough to drink and keep her own hours, but as clueless as an adolescent when it comes to deciphering men's words and actions, Azzoni is uniquely positioned to find herself in some ridiculously absurd scenarios. Often cringe-worthy and occasionally unbelievable, *A Year Straight* is a wildly entertaining look at one woman's experiences dating a new sex—the opposite sex.

*Introduction to Private Investigation* Jan 05 2023 *Introduction to Private Investigation* is designed to provide the essential knowledge and procedures needed to operate successfully as a private investigator. It is both an instructional textbook for those individuals desiring a career as a private investigator, and a resource manual that can be an invaluable tool for later reference. The approach is a direct, concise style, which facilitates comprehension by novices as well as experienced private investigators, and makes possible competent and professional performance of all types of private investigation. The purpose for writing this book is to fill the existing need within the field for a precise comprehensive text detailing the development of skills necessary for professional investigative work. In addition, there is a lack of recent, up-to-date textbooks currently available to individuals wishing to learn about private investigation. *Introduction to Private Investigation* will help fill this void. This easy-to-read textbook for investigators is filled with practical information and stories that will provide extremely valuable training. One unique attribute of the book is its

commitment to the practice of private investigation in the private business sector as well as the public sector. Another notable quality is its concern with both the portrayal of private investigation as a legitimate professional discipline and the subsequent degradation of the popular, media propagated misconceptions of private investigators. Two new chapters have been added in this second edition, "Criminal Defense Investigation" and "Bioethics, Investigation, and the Occult," due to a complete lack of material for each subject pertaining to Professional Investigation. It will enable the professional investigator or apprentice to sharpen the skills they use every day. Be it undercover, surveillance, interviewing, case preparation, or courtroom testimony, even the most seasoned veterans understand the need to be on top of their game in order to provide clients with the best possible results. This book will help you accomplish that understanding. It will provide you with the basic skills, knowledge and required tools before you go into battle with the Scales of Justice.

Hilo Chief Detective Koa Kane, a cop with his own secret criminal past, finds a mutilated corpse—bearing all the hallmarks of ancient ritual sacrifice. He encounters a host of obstacles as he pursues the murderer—an incompetent local medical examiner, hostility from both haoles (Westerners) and sovereignty advocates, and a myriad of lies. Koa races to discover whether the victim stumbled upon a gang of high-tech archaeological thieves, or learned a secret so shocking it cost him his life and put others in mortal danger. Will Hilo's most respected detective stop this sadistic fiend—or will the Pohakuloa killer strike again, with even deadlier consequences? Perfect for fans of Michael Connelly and James Lee Burke While all of the novels in the Koa Kane Hawaiian Mystery Series stand on their own and can be read in any order, the publication sequence is: Death of a Messenger Off the Grid Fire and Vengeance Treachery Times Two Retribution

Automotive Ignition Systems Explained - General Motors Jun 29 2022 AUTOMOTIVE

**IGNITION SYSTEMS EXPLAINED - GM (General Motors Ignition Systems) By MANDY CONCEPCION** This book, concentrates on testing procedures and techniques dealing specifically with General Motors family of vehicles (Chevy, Buick, Pontiac, Old, Cadillac, GMC). The book provides specific operational characteristics or how the system works, as well as how to test them. Special care is given to present the procedures without the use of expensive equipment and tools. Often times with just a test light and multi-meter. Here we cover most of GM's previous and current ignition systems. The first section presents the principles and inner workings of modern diagnostic systems from a generalized perspective for those of you not familiar with the subject. Careful attention is given to expose all major systems from distributor based to COP or distributorless ignition. The other subsequent sections concentrate on GM specific procedures. This book is a great companion for those of you wanting to learn more about the subject of automotive ignition systems, for both professional and DIY technicians, auto-tech students and instructors wanting to use material for in-class training. It is also a deal reference work for on-the-job ignition testing. All sections have been updated to reflect modern state of technology, since all out books are periodically updated as technology changes. With that in mind, enjoy your readings.

Table of Contents \* - Basics of Modern Automotive Ignition Systems (Basic facts and information on ignition systems.) \* - The Mechanical Ignition System (Explains the basics of a mechanical ignition systems, the coil high voltage generation, the job of the Platinum points, as well as ignition coil induction process.) \* - The ignition switch (The Distributor, Ignition Coil, Ignition Timing, Ignition Wires, Spark Plugs (Covers basic and advanced concepts on these components.) \* - The Electronic Ignition System (Covering pick-up coils, speed sensors, relluctor tone rings, switching of the ignition coil and voltage level developed in newer systems.) \* - The Distributorless Ignition system (distributorless ignition and how to follow its circuit, operation and testing.) \* - GM H.E.I. (Even though it's an older system, there're plenty of these systems around and make for a primer on electronic ignition.) \* - General Motors Ignition Cassette System (Learn to test these systems in detail.) \* - GM Compression Sense Ignition (CSI enables the Powertrain Control Module to determine proper engine phasing (cam position) without the use of a separate camshaft position sensor.) \* - Testing GM Ignition Control System on 4.3L, 5.0L and 5.7L (diagnose and test a BAD Ignition Control Module and Ignition Coil for the 4.3L, 5.0L and 5.7L engine family.) \* - Testing the Ignition Control System on a QUAD-4 (GM 2.4L) (With this test, you'll be able to pinpoint the problem to the Ignition Control Module (ICM) or the Crankshaft Position Sensor (7X CKP Sensor).) \* - Testing Ignition Control System on a GM 3.1L, 3.4L (This section will help you test the Ignition Control Module (ICM) and 3X, 7X Crankshaft Position (CKP) Sensor on all of the GM 3.1L and 3.4L overhead valve engines.) \* - Testing GM COP Ignition Systems on GM 4.8L, 5.3L, 6.0L and 8.1L (Every step is explained in plain English and with photos to guide you every step of the way. Also, all tests are ON CAR tests and done without a Scan Tool.)

**Love Is Something You Do** Feb 06 2023 On January 12, 2010, a 7.1-magnitude earthquake struck the country of Haiti. The world reacted in shock to the news reports of the devastation. Immediately responding to the catastrophe were Love A Child ministry founders Bobby and Sherry Burnette, who had somehow escaped death. In the days following, they came to believe they had been spared in order to minister to the desperate needs all around them. When the earthquake hit, Bobby and Sherry had already served in Haiti for many years. *Love Is Something You Do* is the extraordinary narrative of the Burnettes' lifelong journey of faith and compassion. If you love a great story, find a place to settle in and read one fascinating account after another. Travel the path that led them to Haiti—a land of mountains, colorful cultures, and insightful proverbs, but also of extreme poverty, oppressive voodoo, and despair. Experience their early years in street ministry, their life-threatening adventures and accidents, their incidents of miraculous healings and financial provision, and their standoffs with witch doctors and evil spirits. Above all, be renewed by their message of hope and peace, through which they continue to transform people's lives spiritually, physically, educationally, and vocationally—giving Haitians a life of dignity and purpose they had never dreamed possible.

*Bachelor Nation* Jan 25 2022 \*A New York Times Bestseller\* The first definitive, unauthorized, behind-the-scenes cultural history of the Bachelor franchise, America's favorite guilty pleasure. For sixteen years and thirty-six seasons, the Bachelor franchise has been a mainstay in American TV viewers' lives. Since it premiered in 2002, the show's popularity and relevance have only grown—more than eight million viewers tuned in to see the conclusion of the most recent season of *The Bachelor*. Los Angeles Times journalist Amy Kaufman is a proud member of *Bachelor Nation* and has a long history with the franchise—ABC even banned her from attending show events after her coverage of the program got a little too real for its liking. She has interviewed dozens of producers, contestants, and celebrity fans to give readers never-before-told details of the show's inner workings: what it's like to be trapped in the mansion “bubble”; dark, juicy tales of producer manipulation; and revelations about the alcohol-fueled debauchery that occurs long before the Fantasy Suite. Kaufman also explores what our fascination means, culturally: what the show says about the way we view so-called ideal suitors; our subconscious yearning for fairy-tale romance; and how this enduring television show has shaped society's feelings about love, marriage, and feminism by appealing to a marriage plot that's as old as the best of Jane Austen.
