The new, fifth edition of *A Comprehensive Review for the Certification and Recertification Examinations for Physician Assistants* is the foremost trusted preparation resource for the PANCE and PANRE. The text features high-yield outline-format review and pretest and post-test questions based on the blueprint of the National Commission on Certification of Physician Assistants (NCCPA). Developed and endorsed by the American Academy of Physician Assistants (AAPA) and the Physician Assistant Education Association (PAEA), this edition's content reflects up-to-date information and has been reviewed and validated by subject matter experts working hard in the field. Endorsed by the American Academy of PAs (AAPA) and the Physician Assistant Education Association (PAEA), *A Comprehensive Review for the Certification and Recertification Examinations for PAs* is a trusted resource for mastering the core information you need to know to pass the Physician Assistant National Certifying Exam (PANCE) or the Physician Assistant National Recertifying Exam (PANRE). The most complete resource of its kind, this updated edition reflects the latest developments in the field and features engaging study tools, review questions, and new quick-review Pearls to reinforce your knowledge, guide your studying, and increase test-taking confidence. The most complete question-and-answer review for the PANCE and PANRE—now fully revised and updated *Lange Q&A Physician Assistant Examination* is filled with over 1,300 Q&As that help you gear up for the PANCE and PANRE. All questions appear in the style you will see on the actual exam, and are accompanied by a detailed answer explanation and references. In addition, each question in this skill-sharpening guide is conveniently organized by organ system or specialty area to help you quickly zero in on areas of strength and weakness. A valuable opening chapter on test-taking skills and techniques provides score-boosting hints on how to best prepare for taking the exam. Also included with the book is access to one complete online practice test that simulates the test-taking experience. The content of *Lange Q&A Physician Assistant Examination* is reviewed by a team of PA students for accuracy and relevancy and is organized by organ system and specialty areas of practice. The seventh edition of this first-rate test-prep tool is thoroughly revised with 40% new Q&As. The book is also redesigned in an eye-catching 2-color layout that enhances readability and review of the material. Taken together, *Lange Q&A Physician Assistant Examination* has everything you need to ace the PANCE and PANRE. More than 1,300 multiple choice questions with detailed answer explanations and references you will encounter on the national certification and recertification exams. Includes 40% new Q&As, 25 additional illustrations and images, and full-color dermatology images. Provides authoritative coverage of internal medicine and surgery subspecialties. Companion online practice test for the most thorough preparation possible. Designed as a highly visual and practical resource to be used across the spectrum of lifelong learning, *Ballweg's Physician Assistant, 7th Edition*, helps you master all the core competencies needed for physician assistant certification, recertification, and clinical practice. It remains the only textbook that covers all aspects of the physician assistant profession, the PA curriculum, and the PA's role in clinical practice. Ideal for both students and practicing PAs, it features a succinct, bulleted writing style, convenient tables, practical case studies, and clinical application questions that enable you to master key concepts and clinical applications. Addresses all six physician assistant competencies, as well as providing guidance for the newly graduated PA entering practice. Includes five new chapters: *What Is a Physician Assistant, and How Did We Get Here?*, *Effective Use of Technology for Patient-Centered Care*, *Success in the Clinical Year*, *Transitioning to Practice and Working in Teams*, and *Finding Your Niche*. Features an enhanced focus on content unique to the PA profession that is not readily found in other resources, more illustrations for today's visually oriented learners, a more consistent format throughout, and a new emphasis on the appropriate use of social media among healthcare professionals. Provides updated content throughout to reflect the needs of the PA profession, including new content on self-care for the PA to help prevent burnout, suicide, and other hazards faced by healthcare professionals. Guides students in preparation for each core clinical rotation and common electives, as well as working with special patient populations such as patients experiencing homelessness and patients with disabilities. Includes quick-use resources, such as objectives and key points sections for each chapter, tip boxes with useful advice, abundant tables and images, and more than 130 updated case studies. Evolve Educator site with an image bank is available to instructors through their Elsevier sales rep or via request at <https://evolve.elsevier.com>. The new edition of a textbook by a former dean of student affairs at Louisiana State U. written for RA training purposes. The material covers confrontation and crisis management, social issues, drug abuse, sexuality, sexual orientation, issues of race and gender, and educational outreach. Annotation Reinforce your understanding of essential nurse assisting skills and competencies! Corresponding to the chapters in *Mosby's Essentials for Nursing Assistants, 7th Edition*, this workbook uses a variety of exercises, activities, and review questions to help you get the most out of your textbook. Checklists make it easier to study and practice each of the 75 procedures in the text. And the *Competency Evaluation Review* section helps you prepare for the certification exam with a review of content, skills evaluation, and two practice exams! Answers are provided for the review and exam questions included in the *Competency Evaluation Review* section. Wide variety of exercises reinforces your understanding of important concepts with matching, multiple-choice, labeling, fill-in-the-blank, and case study questions, plus crossword puzzles. *Competency Evaluation Review* section includes a review of content, review questions for all key topics, skills evaluation, and more. Two practice examinations help you study for the written certification exam. Procedure Checklists help you prepare for the demonstration portion of the certification exam. Answers are provided for the review and exam questions included in the *Competency Evaluation Review* section. NEW exercises cover new chapters in the *Mosby's Essentials for Nursing Assistants, 7th Edition* textbook. This textbook for nursing assistants will

prepare students not only to function in the traditional nursing assistant role in nursing homes, hospitals, and home health, but also will prepare students to advance their careers. A nursing assistant student who uses this text will have a firm foundation by which to transition to an LPN and ultimately an RN role. The text offers a compelling art program, a direct, conversational writing style, and an emphasis on professionalism and humanism. A back-of-book CD-ROM includes an audio glossary. Provides all the information you need to be a successful nursing assistance. Textbook for the Veterinary Assistant offers a comprehensive guide to the NAVTA-approved curriculum for veterinary assisting programs. Written by leaders in the profession and copublished with NAVTA, the book covers the complete list of NAVTA Veterinary Assistant Essential Skills. Specifically tailored for veterinary assistants and veterinary assistant students, the book uses an engaging writing style to provide a concise, user-friendly approach to the material. With chapters on medical terminology, clinical skills, office procedures, client communication, and more, the book equips veterinary assistants with all the information they need to succeed. A companion website offers interactive multiple-choice questions, the figures from the book in PowerPoint, teaching activities, breed study guides, and a sample cover letter. Textbook for the Veterinary Assistant is a must-have resource for all veterinary assistant students and those studying for the Approved Veterinary Assistant certification exam, and serves as a useful refresher for veterinary assistants in practice. Excel as an Assistant Cameraman (AC) in today's evolving film industry with this updated classic. Learn what to do—and what NOT to do—during production and get the job done right the first time. The Camera Assistant's Manual, Sixth Edition covers the basics of cinematography and provides you with the multi-skill set needed to maintain and transport a camera, troubleshoot common problems on location, prepare for job interviews, and work with the latest film and video technologies. Illustrations, checklists, and tables accompany each chapter and highlight the daily workflow of an AC. This new edition has been updated to include: A fresh chapter on the entry level camera positions of Camera Trainee/Production Assistant Coverage of emerging iPhone apps that are used by filmmakers and ACs on set An updated companion website offering online tutorials, clips, and techniques that ACs can easily access while on location (www.cameraassistantmanual.com) All new sample reports and forms including AC time cards, resumé templates, a digital camera report, and a non-prep disclaimer Instruction and custom forms to help freelance filmmakers keep track of daily expenses for tax purposes The Camera Assistant's Manual, Sixth Edition is an AC's bible for success and a must-have for anyone looking to prosper in this highly technical and ever-changing profession. This convenient, money-saving package includes Mosby's Textbook for Nursing Assistants, 7th edition, the workbook for Mosby's Textbook for Nursing Assistants, and Mosby's Nursing Assistant Video Skills DVD 3.0 - Student Version. With step-by-step instructions for over 100 nursing assistant procedures, "Mosby's Textbook for Nursing Assistants, 8th Edition" makes it easy to master the skills you need to succeed as a nursing assistant. Known for its visual approach and comprehensive, easy-to-read coverage, this market-leading text emphasizes the importance of the patient or resident as a person, communication, safety, comfort, effective delegation, and teamwork and time management. This edition provides expanded content on the person's rights and pressure ulcers. The updated companion CD includes three new procedures, an updated audio glossary, and more. Written by respected educator Sheila Sorrentino and expert co-author Leighann Remmert, "Mosby's Textbook for Nursing Assistants" makes nurse assisting easy to learn. Complete coverage includes the knowledge and skills needed by the nursing assistant; -- A clear, readable writing style is supplemented with hundreds of full-color photographs and illustrations; -- Over 100 procedures are divided into pre-procedure, procedure, and post-procedure sections for easier learning; -- Skills on the NNAAP exam are highlighted throughout and have been updated to match the 2012 test plan; -- Delegation Guidelines identify your specific responsibilities in accepting commonly delegated tasks; -- Teamwork and Time Management boxes indicate ways you can efficiently work with and help nursing team members; -- Promoting Safety and Comfort boxes detail measures and cautions for providing safe, effective patient care; -- Caring About Culture boxes help you learn about the beliefs and customs of other cultures so you can provide appropriate care; -- Focus on Children and Older Persons boxes provide age-specific information about the special needs, considerations, and circumstances of children and older persons; -- Focus on Long-Term Care and Home Care boxes highlight information vital to providing competent care in these settings; -- Focus on Communication boxes provide guidelines for what to say and ask when communicating with residents, visitors, and the nursing team; -- Key abbreviations are included at the beginning of each chapter, with a comprehensive glossary at the back of the book; -- Key terms introduce chapter content with the important words and phrases; -- Chapter Review Questions are useful in guiding your study, reviewing what you have learned, and studying for a test or the competency evaluation; -- CD icons indicate skills included on the companion CD; -- Video clip icons indicate skills for which video clips are included on the free Evolve companion website; -- Video icons indicate skills included in the Mosby's Nursing Assistant Video Skills 3.0 DVDs (sold separately); -- The Workbook and Competency Evaluation Review corresponds to chapters in the text and encourages learning with a wide variety of exercises and activities that challenge you to remember what you've learned. It also includes over 100 checklists, one for each procedure in the textbook. NEW! The Person's Rights and Pressure Ulcers chapters provides expanded information on these key areas; -- NEW Focus on PRIDE boxes highlight personal and professional responsibility, rights and respect, independence and social interaction, delegation and teamwork, and ethics and laws to help you promote pride in the person, family, and yourself; -- Two laminated, pocket-sized cards include information on normal vital signs, common measurement conversions, positioning, the 24-hour clock, and abdominal and lateral regions; -- Updated companion CD contains interactive procedures, including three new procedures, learning exercises, an updated audio glossary, and a new Spanish audio glossary with phrases and terms. An updated A&P review, Body Spectrum, is available on the CD and on the Evolve companion website. Master the role and the skills of the physical therapist assistant! Fundamental Orthopedic Management for the Physical Therapist Assistant, 4th Edition helps you apply the principles of orthopedic science to physical therapy interventions. First you will learn how to assess flexibility, strength, endurance, and balance, and then you'll become a more valuable PTA by learning the essentials of tissue healing, gait and manual therapy, biomechanics and kinesiology, and the management of orthopedic patients by region and condition. This edition includes a new full-color design and illustrations, and broadens its scope with new chapters on topics such as musculoskeletal imaging and women's issues related to physical rehabilitation. Written by clinician and educator Robert Manske, along with a team of expert contributors, this text is your complete guide to success in physical therapist assisting! Comprehensive coverage addresses not only core concepts related to orthopedic care, but also includes biomechanics, pharmacology, in-depth reviews of the types of tissue healing, and the PTA's role in physical assessment and interventions. Over 600 illustrations and 75 summary tables reinforce orthopedic concepts and procedures. A focus on critical thinking and application prepares you for the treatment room and for the clinical practicum portions of the curriculum. Review questions at the end of each chapter prepare you for the kind of critical thinking you will be required to do in practice. Key terms and learning objectives begin each chapter, serving as checkpoints for understanding and helping you study effectively for examinations. Glossaries in each chapter make it easy to find definitions of key terminology. Useful appendices provide a quick reference to information such as commonly used medications, fracture eponyms, and reference ranges for lab tests. NEW Differential Diagnosis and Emergent Conditions chapter shows how similar symptoms can mask potentially dangerous pathologies and conditions, and may require re-evaluation by the supervising therapist. NEW Musculoskeletal Imaging chapter explains in basic terms the various types of musculoskeletal imaging

used when examining musculoskeletal injuries. NEW Orthopedic Management Concepts Specific to Women chapter covers the issues, pathology, and progression of women's health issues as they relate to physical rehabilitation. NEW! Full-color design and illustrations add clarity to anatomy and procedural drawings and make it easier to learn important concepts. NEW! Important Concepts highlight useful tips and tricks of patient practice. NEW student resources on the Evolve companion website include critical thinking applications, weblinks to related sites, and references with links to Medline® abstracts. Wide variety of exercises reinforces your understanding of important concepts with matching, multiple-choice, labeling, fill-in-the-blank, and case study questions, plus crossword puzzles. Competency Evaluation Review section includes a review of content, review questions for all key topics, skills evaluation, and more. Two practice examinations help you study for the written certification exam. Procedure Checklists help you prepare for the demonstration portion of the certification exam. Answers are provided for the review and exam questions included in the Competency Evaluation Review section. NEW exercises cover new chapters in the Mosby's Essentials for Nursing Assistants, 7th Edition textbook. Entering its 6th edition, Physician Assistant: A Guide to Clinical Practice is the only text that covers all aspects of the physician assistant profession, the PA curriculum, and the PA's role in clinical practice. It is designed as a highly visual and practical resource to be used across the spectrum of lifelong learning, enabling students and practicing PAs to thrive in a rapidly changing health care system. Teaches how to prepare for each core clinical rotation and common electives, as well as how to work with atypical patient populations such as homeless patients and patients with disabilities. A succinct, bulleted writing style; convenient tables; practical case studies; and clinical application questions throughout enable you to master key concepts and clinical applications. Helps you master all the core competencies needed for certification or recertification. Addresses all six Physician Assistant Competencies, as well as providing guidance for the newly graduated PA entering practice. Includes quick-use resources, such as objectives and key points sections for each chapter, tip boxes with useful advice, abundant tables and images, and 134 updated case studies. Features chapters for the 7 core clinical rotations and 5 common electives, with key guidance on how to prepare effectively and what to expect. Provides updated health policy information, expanded information about international programs, cultural competencies, and pearls and pitfalls on working internationally as a PA. Outlines the basic principles of Interprofessional Education - an important new trend in medical education nationally. New chapters cover: Maximizing Your Education, Future of the Profession, Principles of PA Education, Managing Stress and Burnout, and many other topics. This convenient, money-saving package is a must-have for nursing assistant students! It includes Mosby's Textbook for Nursing Assistants, 7th edition text, and Mosby's Nursing Assistant Video Skills- Student Version DVD 3.0. Designed for shorter programs of 85 hours or fewer, Mosby's Essentials for Nursing Assistants, 6th Edition provides coverage of the concepts and skills that are essential for becoming a nursing assistant.
