The Inner Circle May 11 2022 In 1939, on the campus of Indiana University, a revolution has begun. The stir is caused by Alfred Kinsey, a zoologist who is determined to take sex

out of the bedroom. John Milk, a freshman, is enthralled by the professor's daring lectures and over the next two decades becomes Kinsey's right hand man. But Kinsey teaches Milk more than the art of objective enquiry. Behind closed doors, he is a sexual enthusiast of the highest order and as a member of his 'inner circle' of researchers, Milk is called on to participate in experiments that become increasingly uninhibited ...

Outside Looking In Aug 26 2023 A provocative new novel from bestselling author T.C. Boyle exploring the first scientific and recreational forays into LSD and its mind-altering possibilities In this stirring and insightful novel, T.C. Boyle takes us back to the 1960s and to the early days of a drug whose effects have reverberated widely throughout our culture: LSD. In 1943, LSD is synthesized in Basel. Two decades later, a coterie of grad students at Harvard are gradually drawn into the inner circle of renowned psychologist and psychedelic drug enthusiast Timothy Leary. Fitzhugh Loney, a psychology Ph.D. student and his wife, Joanie, become entranced by the drug's possibilities such that their "research" becomes less a matter of clinical trials and academic papers and instead turns into a free-wheeling exploration of mind expansion, group dynamics, and communal living. With his trademark humor and pathos, Boyle moves us through the Loneys' initiation at one of Leary's parties to his notorious summer seminars in Zihuatanejo until the Loneys' eventual expulsion from Harvard and their introduction to a communal arrangement of thirty devotees—students, wives, and children—living together in a sixty-four room mansion and devoting themselves

to all kinds of experimentation and questioning. Is LSD a belief system? Does it allow you to see God? Can the Loneys' marriage—or any marriage, for that matter—survive the chaotic and sometimes orgiastic use of psychedelic drugs? Wry, witty, and wise, *Outside Looking In* is an ideal subject for this American master, and highlights Boyle's acrobatic prose, detailed plots, and big ideas. It's an utterly engaging and occasionally trippy look at the nature of reality, identity, and consciousness, as well as our seemingly infinite capacities for creativity, re-invention, and self-discovery.

I Walk Between the Raindrops Nov 16 2022 An electric collection of new short stories from the inimitable, bestselling writer of *Talk to Me* and *Outside Looking In* In the title story of *Walk Between the Raindrops*, a woman sits down next to a man at a bar and claims she has ESP. In "Thirteen Days," passengers on a cruise line are quarantined, to horrifying and hilarious effect. And "Hyena" begins simply: "That was the day the hyena came for him, and never mind that there were no hyenas in the South of France, and especially not in Pont-Saint-Esprit—it was there and it came for him." A virtuoso of the short form, T.C. Boyle returns with an inventive, uproarious, and masterfully told collection of short stories characterized by biting satire, resonant wit, and a boundless, irrepressible imagination.

World's End Apr 09 2022 Walter Van Brunt is a dreamer, and a lover of drugs, alcohol and speed. He likes nothing better than to fly along on his motorbike, invincible and immortal. But one day, dodging a mysterious shadow on the road, he crashes into a barrier and loses

his right foot. Walter is a descendant of Dutch yeomen and since the day of the accident he has been haunted by their ghosts. When he receives a new plastic foot he is determined to find his father who deserted his family years ago, and to uncover the secrets of his ancestors.

Budding Prospects Mar 21 2023 Felix is a quitter, with a poor track record behind him. Until the day the opportunity presents itself to make half a million dollars tax-free - by nurturing 390 acres of cannabis in the lonely hills of northern California.

Greasy Lake and Other Stories Apr 21 2023 Mythic and realistic, farcical and tragic, The Washington Post Book World says these masterful stories mark T. Coraghessan Boyle's development from "a prodigy's audacity to something that packs even more of a wallop: mature artistry." They cover everything, from a terrifying encounter between a bunch of suburban adolescents and a murderous, drug-dealing biker, to a touching though doomed love affair between Eisenhower and Nina Khrushchev.

Wild Child Oct 16 2022 A superb new collection from "a writer who can take you anywhere" (The New York Times) In the title story of this rich new collection, T.C. Boyle has created so vivid and original a retelling of the story of Victor, the feral boy who was captured running naked through the forests of Napoleonic France, that it becomes not just new but definitive: yes, this is how it must have been. The tale is by turns magical and moving, a powerful investigation of what it means to be human. There is perhaps no one

better than T.C. Boyle at engaging, shocking, and ultimately gratifying his readers while at the same time testing his characters' emotional and physical endurance. The fourteen stories gathered here display both Boyle's astonishing range and his imaginative muscle. Nature is the dominant player in many of these stories, whether in the form of the catastrophic mudslide that allows a cynic to reclaim his own humanity ("La Conchita") or the wind-driven fires that howl through a high California canyon ("Ash Monday"). Other tales range from the drama of a man who spins Homeric lies in order to stop going to work, to that of a young woman who must babysit for a \$250,000 cloned Afghan and the sad comedy of a child born to Mexican street vendors who is unable to feel pain. Brilliant, incisive, and always entertaining, Boyle's short stories showcase the mischievous humor and socially conscious sensibility that have made him one of the most acclaimed writers of our time.

T.C. Boyle Stories Mar 09 2022 Gathered into one volume, the first four short story collections of T.C. Boyle, winner of the 2015 Rea Award for the Short Story T. C. Boyle is one of the most inventive and wickedly funny short story writers at work today. Over the course of twenty-five years, Boyle has built up a body of short fiction that is remarkable in its range, richness, and exuberance. His stories have won accolades for their irony and black humor, for their verbal pyrotechnics, for their fascination with everything bizarre and queasy, and for the razor-sharp way in which they dissect America's obsession with image and materialism. Gathered together here are all of the stories that have appeared in his four

previous collections, as well as seven that have never before appeared in book form. Together they comprise a book of small treasures, a definitive gift for Boyle fans and for every reader ready to discover the "ferocious, delicious imagination" (Los Angeles Times Book Review) of a "vibrant sensibility fully engaged with American society" (The New York Times).

The Terranauts Sep 14 2022 From one of America's greatest living novelists, an epic story of science, society, sex, and survival; a deep-dive into human behavior and the question of our future It is 1994, and in the desert near Tillman, Arizona, forty miles from Tucson, a grand experiment involving the future of humanity is underway. As climate change threatens the earth, eight scientists, four men and four women dubbed the "Terranauts," have been selected to live under glass in E2, a prototype of a possible off-earth colony with five biomes—rainforest, savanna, desert, ocean, and marsh. Closely monitored by an all-seeing Mission Control, this New Eden is both scientific project and momentous publicity stunt for ecovisionary Jeremiah Reed, aka G.C.—"God the Creator." In addition to their roles as medics, farmers, biologists, and survivalists, his young, strapping Terranauts must impress watchful visitors and a skeptical media curious to see if E2's environment will somehow be compromised. As the Terranauts face increased scrutiny and a host of disasters, both natural and of their own making, their mantra, "Nothing in, nothing out," becomes a dangerously ferocious rallying cry. Told through three distinct narrators—Dawn

Chapman, the mission's pretty, young ecologist; Linda Ryu, her bitter, scheming best friend passed over for E2; and Ramsay Roothorp, E2's sexually irrepressible wildman—The Terranauts brings to life an electrifying, pressured world in which connected lives are uncontrollably pushed to the breaking point. With characteristic humor and acerbic wit, T.C. Boyle indelibly inhabits the perspectives of the various players in this survivalist game, probing their motivations and illuminating their integrity and fragility to illustrate the inherent fallibility of human nature itself.

A Friend of the Earth May 23 2023 _____ 'A comedy with teeth ... razor sharp and darkly funny' (TIMES) 'Boyle's prose is so good and his imagination so fertile that after a while you just sit back and are swept along' (TELEGRAPH) 'Surreal, daring and compassionate. Easily one of the best books of the year' (MAIL) 'Superb ... if Boyle was from this side of the pond, this is the book they'd all have to beat for the Booker Prize' (SUNDAY TIMES) It's 2025, and 75-year-old environmentalist and retired eco-terrorist Ty Tierwater is eking out a bleak living managing a pop star's private zoo. It is the last one in southern California, and vital for the cloning of its captive species. Once, Ty was so serious about environmental causes that as a radical activist committed to Earth Forever! he endangered the lives of both his daughter, Sierra, and his wife, Andrea. Now, when he's just trying to survive in a world cursed by storm and drought, Andrea re-enters his life. Frightening, funny, surreal and gripping, T.C. Boyle's story is both a modern morality tale,

and a provocative vision of the future.

The Relive Box and Other Stories Jul 25 2023 While T.C. Boyle is known as one of our greatest American novelists, he is also an acknowledged master of the short story and is perhaps at his funniest, his most moving, and his most surprising in the short form. In *The Relive Box*, Boyle's sharp wit and rich imagination combine with a penetrating social consciousness to produce raucous, poignant, and expansive short stories defined by an inimitable voice. From the collection's title story, featuring a Halcom X1520 Relive Box that allows users to experience anew almost any moment from their past to "The Five-Pound Burrito," the tale of a man aiming to build the biggest burrito in town, the twelve stories in this collection speak to the humor, the pathos, and the struggle that is part of being human while relishing the whimsy of wordplay and the power of a story well told. In stories that span a variety of styles and genres, Boyle addresses the enduring concerns of the human mind and heart while taking on timely social concerns. *The Relive Box* is an exuberant, linguistically dazzling effort from a "vibrant sensibility fully engaged with American society." (The New York Times)

Without a Hero Jul 13 2022 T.C. Boyle was first feted as a master of the short story for his

critically acclaimed Greasy Lake. With these stories applauded by People magazine as "wickedly comical," he displays once again a virtuosity and versatility rare in literary America today. T.C. Boyle Stories II Feb 05 2022 A second volume of collected short fiction—from the bestselling author and winner of the 2015 Rea Award for the Short Story Few authors write with such sheer love of story and language as T.C. Boyle, and that is nowhere more evident than in his inventive, wickedly funny, and always entertaining short stories. In 1998, T.C. Boyle Stories brought together the author's first four collections to critical acclaim. Now, T.C. Boyle Stories II gathers the work from his three most recent collections along with fourteen new tales previously unpublished in book form as well as a preface in which Boyle looks back on his career as a writer of stories and the art of making them. By turns mythic and realistic, farcical and tragic, ironic and moving, Boyle's stories have mapped a wide range of human emotions. The fifty-eight stories in this new volume, written over the last eighteen years, reflect his maturing themes. Along with the satires and tall tales that established his reputation, readers will find stories speaking to contemporary social issues,

from air rage to abortion doctors, and character-driven tales of quiet power and passion. Others capture timeless themes, from first love and its consequences to confrontations with mortality, or explore the conflict between civilization and wildness. The new stories find Boyle engagingly testing his characters' emotional and physical endurance, whether it's a group of giants being bred as weapons of war in a fictional Latin American country, a Russian woman who ignores dire warnings in returning to her radiation-contaminated home, a hermetic writer who gets more than a break in his routine when he travels to receive a minor award, or a man in a California mountain town who goes a little too far in his concern for a widow. Mordant wit, emotional power, exquisite prose: it is all here in abundance. T.C. Boyle *Stories II* is a grand career statement from a writer whose imagination knows no bounds.

What if it were possible to speak to the members of another species—to converse with them, not just give commands or coach them but to really have an exchange of ideas and a meeting of minds? Did apes have God? Did they have souls? Did they know about death and redemption? About prayer? The economy, rockets, space? Did they miss the jungle? Did they even know what the jungle was? Did they dream? Make wishes? Hope for the future? These are some the questions T.C. Boyle asks in his wide-ranging and hilarious new novel *Talk to Me*, exploring what it means to be human, to communicate with another, and to truly know another person—or animal...

When the Killing's Done Apr 02 2024 'How can you talk about being civil when innocent animals are being tortured to death? Civil? I'll be civil when the killing's done.' The island of Anacapa, off the coast of California, is overrun with black rats which are threatening the ancient population of ground-nesting birds. Alma Boyd Takesue of the National Park Service is the spokesperson for a campaign to exterminate these man-introduced rodents once and for all. Alma, highly self-disciplined with a stubborn streak, speaks as a conservationist, though the fact that her grandmother was once stranded on Anacapa for three weeks with nothing but thousands of crawling rats for company might explain some of her zeal. With days to go before the aerial rat-poisoning, Alma's plan is in danger of sabotage. Dave LaJoy and Anise Reed, a pair of notorious environmental activists, are

recognisable from a distance by his knotted dreadlocks and her flame-red cyclone of hair. Dave is an electronics salesman with barely-controlled rages, for whom the plight of the rats is yet another of life's many injustices, along with lazy tramps and second-rate wine. Anise is a struggling folk singer with her own, terrible reasons for getting involved in 'the cause'. From the outset, Alma, Dave and Anise are at ideological loggerheads. But when Alma's sights turn to the infestation of non-native pigs on Santa Cruz - where Anise was brought up by her single mother and a clan of ranchers - the stakes are raised, and the debate threatens to boil over into something much more real... When the Killing's Done is T.C. Boyle's blistering new novel, a sweeping epic of family, ecology and the right to life - no matter what the fallout.

The Harder They Come Sep 26 2023 Acclaimed New York Times bestselling author T.C. Boyle makes his Ecco debut with a powerful, gripping novel that explores the roots of

violence and anti-authoritarianism inherent in the American character. Set in contemporary Northern California, *The Harder They Come* explores the volatile connections between three damaged people—an aging ex-Marine and Vietnam veteran, his psychologically unstable son, and the son's paranoid, much older lover—as they careen towards an explosive confrontation. On a vacation cruise to Central America with his wife, seventy-year-old Sten Stensen unflinchingly kills a gun-wielding robber menacing a busload of senior tourists. The reluctant hero is relieved to return home to Fort Bragg, California, after the ordeal—only to find that his delusional son, Adam, has spiraled out of control. Adam has become involved with Sara Hovarty Jennings, a hardened member of the Sovereign Citizens' Movement, right-wing anarchists who refuse to acknowledge the laws and regulations of the state, considering them to be false and non-applicable. Adam's senior by some fifteen years, Sara becomes his protector and inamorata. As Adam's mental state fractures, he becomes increasingly schizophrenic—a breakdown that leads him to shoot two people in separate instances. On the run, he takes to the woods, spurring the biggest manhunt in California history. As he explores a father's legacy of violence and his powerlessness in relating to his equally violent son, T. C. Boyle offers unparalleled psychological insights into the American psyche. Inspired by a true story, *The Harder They Come* is a devastating and indelible novel from a modern master.
