

# Quick Setup Guide

Read the "REGULATIONS" sheet first to ensure that you use the printer safely. Read this "Quick Setup Guide" before you set up the printer.

- Before you can use the printer, you must set up the hardware and install the driver.
- Verify the operating system on your computer (Windows® XP / Vista / 7, Windows XP® or Windows® 2000 / SP or Macintosh®).
- The interface cable is not a standard accessory. Please purchase the appropriate interface cable for the interface you intend to use (Parallel, USB or Network). Most existing parallel cables support bi-directional communications, but some might have an incompatible pin assignment or may not be IEEE 1284 compliant.
- If you are an Administrator, configure your network printer settings referring to the Network Quick Setup Guide (separate cable).
