The World Book of Love Jul 24 2023 * A record of worldwide scientific research on hope* Including a selection of ten of the world's most hopeful projects* Full of inspiring examples After the worldwide success of The World Book of Happiness and The World Book of Love, author Leo Bormans has spent two years studying the scientific research on hope and meeting the most prominent experts in the field. Hope is not a luxury of the privileged few. It represents a universal psychological resource that can be found in all corners of the world. Hope is all of this: a tool for envisioning definable goals, a coping resource, an expression of trust and openness as well as a spiritual gift earned by faith or ritual. In the course of a lifetime every individual is apt to experience these different shades of hope. The World Book of Hope is an inspiring quest to the breadth and depth of hope. It offers a universal framework for understanding and using the most powerful tool of mankind: hope. Without hope there is no life. In this book, 100 professional researchers from all over the world share what we know about hope. Not spiritual philosophy but evidence-based knowledge of recent experiments and life-long research, set in a language everybody understands. This book unveils the secret power of hope in love and relationships, study and work, health and illness, education and care, freedom and prison, management and leadership, therapy and economy, youth and old age. It even shows how we can make pessimism work and how we can benefit from post-traumatic growth: one door closes, another one opens.

What Love Is All about Apr 08 2022 The word 'love' is most frequently characterized as a thing, yet we would all adore better if we involved it as an action word," About Adoration. Here, at her most provocative and seriously private, social pundit and women's activist, this book offers a proactive new ethic for a general public deprived of frigidity - not the absence of sentiment, but rather the absence of care, empathy, and solidarity. Individuals are isolated, and this will give a model for figuring out how to cherish. Life has an insane approach to changing us. Becoming companions with individuals who just need to utilize us, experiencing passionate feelings for somebody our folks dislike, having our heart broken, and in any event, getting injured by our loved ones. Who could we at any point entrust with our hearts? When could we at any point expect not to be harmed? In Trust, we are reminded that even in fantasies somebody gets injured. You barely at any point meet somebody who won't hurt you. It just happens once, and not every person will encounter that once-in-a-blue moon sort of adoration. We as a whole all need to comprehend what love is and when we are cherished.

The End of Love Jun 22 2023 Western culture has endlessly represented the ways in which love miraculously erupts in people's lives, the mythical moment in which one knows someone is destined for us, the feverish waiting for a phone call or an email, the thrill that runs down our spine at the mere thought of him or her. Yet, a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love, where we fall out of love, when the one who kept us awake at night now leaves us indifferent, or when we hurry away from those who excited us a few months or even a few hours before. In *The End of Love*, Eva Illouz documents the multifarious ways in which relationships end. She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one's will and choice, contemporary love has now become characterized by practices of non-choice, the freedom to withdraw from relationships. Illouz dubs this process by which relationships fade, evaporate, dissolve, and break down "unloving." While sociology has classically focused on the formation of social bonds, *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve. Particularly striking is the role that capitalism plays in practices of non-choice and "unloving." The unmaking of social bonds, she argues, is connected to contemporary capitalism which is characterized by practices of non-commitment and non-choice, practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties. Unloving and non-choice have in turn a profound impact on society and economics as they explain why people may be having fewer children, increasingly living alone, and having less sex. *The End of Love* presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism.

All About Love Feb 24 2021 A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care,

compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The Power of Love Mar 27 2021 It can't be seen, heard, touched, or tasted. You can't measure it, weigh it, buy it, or package it. And yet who would deny that love is the most powerful force on earth? The Book of Love and Hate Jan 18 2023 The author of the Lambda Literary Award winner *Kamikaze Lust* delivers "a thrilling tale of espionage, family ties, sex, love, and betrayal" (The Advocate). Jennifer Baron is a failed Olympic speed skater now running her family's foundation and trying to stay sober, when her billionaire father disappears. She travels to Israel in search of him, becoming recklessly entangled in his illegal dealings and with his enigmatic lover, Gila, a former Mossad agent gone bad. Along the way, she is drawn into the shadow worlds of the Promised Land, where career-jockeying government agents, fake Orthodox Jews, queer Palestinians on the run, and other displaced wanderers scramble to find home amid the endless cycles of war, occupation, and heartbreak. *The Book of Love and Hate* is an unraveling of white-collar crime and its motivations. It's a testament to the magnificent oblivion of love and a shattering of inherited trauma, both personal and historical. "A thriller of literary pedigree, unbound by convention . . . If you're seeking a cathartic resolution in the final pages, you might be disappointed—but you shouldn't be surprised. Not when you're talking about Israel and corrupt fortunes, and madness, obsession, and abuse . . . Just don't expect to find a safe, comforting space in the pages of Lauren Sanders's discomfiting and terrific book." —The Village Voice "Sanders knows how to craft a story. The storyline is riveting, and the personal development of the characters kept me engaged on a deeper level than even her thrilling plot could. Her prose is beautiful and brings you to an ending that is sure to have you reeling." —Windy City Times

The Book of Love May 29 2021 A gorgeously romantic novel you will fall in love with and tell all your friends about!

How to Fall in Love with Anyone Apr 20 2023 "A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, "Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation" (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists' research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love with Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star).

A Theory of Love Oct 15 2022 A follow-up to her successful debut *Charleston* and set in the world's most glamorous landscapes, this moving new love story from Margaret Bradham Thornton draws on a metaphor of entanglement theory to ask: when two people collide, are they forever attached no matter where they are? Helen Gibbs, a British journalist on assignment on the west coast of Mexico, meets Christopher Delavaux, an intriguing half-French, half-American lawyer-turned-financier who has come alone to surf. Living lives that never stop moving, from their first encounter in Bermeja to marriage in London and travels to such places as Saint-Tropez, Tangier, and Santa Clara, Helen and Christopher must decide how much they exist for themselves and how much they exist for each other. In an effort to build his firm, Christopher leads a life full of speed and ambition with little time for Helen and even less when he suspects his business partner of illegal activity. Helen, a reluctant voyeur to Christopher's world of power and position, searches far and wide for reporting work that will "take a bite out of her soul"—refugees in Calais, a mountain climber in Chamonix, an orphaned circus performer in Cuba. *A Theory of Love* captures the ambivalence at the center of human experience: does one reside in the familiar comforts of solitude or dare to open one's heart and risk having it broken? Set in some of the most picturesque places in the world, this novel questions what it means to love someone and leaves us wondering—can nothing save us but a fall?

A Counting of Love Nov 15 2022 A Counting of Love, is a book about love in all her facets, wearing all her faces and in all her seasons, harsh and beautiful. 'Love has a way of finding you in the long grass, when you are not looking for her--not searching for anything other than yourself. That's when love walks in on soft feet, taps you on the shoulder, sits down with you and whispers your name. Isn't this a beautiful mystery--how love is an anchor, a compass, a map and a home.' Following the success of her debut volume of poetry, Stripped, Glasgow poet Liezel Graham's distinct voice continues in her second collection of poems, A Counting of Love. With her trademark honesty, Graham explores motherhood, autism, relationships, grief and loss, her relationship with faith and spirituality, and nature. She writes with a raw and vulnerable voice, leaving the reader with a sense of the beauty that might be found at the heart of any struggle. 'Writing of difficult things with the kind of wisdom that only comes from walking the difficult road, from carrying a weight of sorrows, she shines dignity and truth in dark places, her words make grief a less lonely place, they spur the weary on. She manages to capture joy and the ability to see beauty still in the depths of sorrow. Brave, broken, beautiful, with a soulful joy that feels like a rebellion, there are loads of days I think she's the best thing on the internet.' -- Vicky W. '...a beautiful well-worn heart that shows through in each of her poems. She is a gifted poet and storyteller, weaving a parachute of hope from heartache, trauma and loss.' -- Bethany H.

A Book About Love May 22 2023 "Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all." —David Brooks, *The New York Times* Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer's *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it's easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of "falling" in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.

The Goomba's Book of Love Nov 27 2023 Move over Miss Lonelyhearts . . . Steven R. Schirripa, author of the runaway bestseller *A Goomba's Guide to Life*, is back with more life lessons from the neighborhood. Recalling stories of his own colorful journey from the streets of Bensonhurst to the bright lights of Las Vegas and stardom as Bobby "Bacala" Baccalieri in the HBO hit series *The Sopranos*, Schirripa observes the finer points of amore in all its forms—love for his mother and her Sunday sauce, his wife and kids, his friends, his goomar on the side, even for his car (and he better not catch you eating in it, if you know what's good for you). Alternately touching, telling, and laugh-out-loud funny, *The Goomba's Book of Love* proves that no one loves as fiercely (or as frequently) as a goomba.

In Praise of Love Dec 29 2023 The renowned French philosopher's "ode to love's power to unite in the face of eternity, and its optimism in the face of pain" (Publishers Weekly). In a world rife with consumerism, where online dating promises risk-free romance and love is all too often seen as a mere variant of desire and hedonism, Alain Badiou believes that love is under threat. Taking to heart Rimbaud's famous line "love needs reinventing," *In Praise of Love* is the celebrated French intellectual's passionate treatise in defense of love. For Badiou, love is an existential project, a constantly unfolding quest for truth. This quest begins with the chance encounter, an event that forever changes two individuals, challenging them "to see the world from the point of view of two rather than one." This, Badiou believes, is love's most essential transforming power. Through thought-provoking dialogue edited from a conversation between Badiou and Truong, a vibrant cast of thinkers are invoked: Kierkegaard, Plato, de Beauvoir, Proust, and more, create a new narrative of love in the face of twenty-first-century modernity. Moving, zealous, and wise, Badiou's "paean to the anticapitalist, antiessentialist, unifying power of love" urges us not to fear it but to see it as a magnificent undertaking that compels us to explore others and to move away from an obsession with ourselves (Publishers Weekly). "Finally, the cure for the pornographic, utilitarian exchange of favors to which love has been reduced in America. Alain Badiou is our philosopher of love." —Simon Critchley, author of *The Faith of the Faithless*
