Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager Each time I apply for a job I get a reply that there is no vacancy but in this case I have caught you red handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying Attached to my letter is a copy of my CV and his death certificate

**The Sacred Theory of the Earth** Thomas Burnet, 2020-09-28 HAVING given an account of this whole Work in the first Chapter and of the method of either Book whereof this Volume consists in their proper places there remains not much to be said here to the Reader This Theory of the Earth may be call d Sacred because it is not the common Physiology of the Earth or of the Bodies that compose it but respects only the great Turns of Fate and the Revolutions of our Natural World such as are taken notice of in the Sacred Writings and are truly the Hinges upon which the Providence of this Earth moves or whereby it opens and shuts the several successive Scenes whereof it is made up This English Edition is the same in substance with the Latin though

I confess tis not so properly a Translation as a new Composition upon the same ground there being several additional Chapters in it and several new moulded As every Science requires a peculiar Genius so likewise there is a Genius peculiarly improper for every one and as to Philosophy which is the Contemplation of the works of Nature and the Providence that governs them there is no temper or Genius in my mind so improper for it as that which we call a mean and narrow Spirit and which the Greeks call Littleness of Soul This is a defect in the first make of some Men s minds which can scarce ever be corrected afterwards either by Learning or Age And as Souls that are made little and incapacious cannot enlarge their thoughts to take in any great compass of Times or Things so what is beyond their compass or above their reach they are apt to look upon as Fantastical or at least would willingly have it pass for such in the World Now as there is nothing so great so large so immense as the works of Nature and the methods of Providence men of this complexion must needs be very unfit for the contemplation of them Who would set a purblind man at the top of the Mast to discover Land or upon an high Tower to draw a Landskip of the Country round about for the same reason short sighted minds are unfit to make Philosophers whose proper business it is to discover and describe in comprehensive Theories the Ph nomena of the World and the Causes of them This original disease of the Mind is seldom cur d by Learning which cures many others Tis like a fault in the first Stamina of the Body which cannot easily be rectified afterwards Tis a great mistake to think that every sort of Learning makes a Man a competent Judge of Natural Speculations We see unhappy examples to the contrary amongst the Christian Fathers and particularly in St Austin who was unquestionably a Man of Parts and Learning but interposing in a controversie where his Talent did not lie show d his zeal against the Antipodes to very ill purpose though he drew his Reasons partly from Scripture And if within a few Years or in the next Generation it should prove as certain and demonstrable that the Earth is mov d as it is now that there are Antipodes those that have been zealous against it and ingag d the Scripture in the Controversie would have the same reason to repent of their forwardness that St Austin would have now if he was alive Tis a dangerous thing to ingage the authority of Scripture in disputes about the Natural World in opposition to Reason lest Time which brings all things to light should discover that to be evidently false which we had made Scripture to assert And I remember St Austin in his Exposition upon Genesis hath laid down a rule to this very purpose though he had the unhappiness it seems not to follow it always himself The reason also which he gives there for his rule is very good and substantial 1For saith He if the Unbelievers or Philosophers shall certainly know us to be mistaken and to erre in those things that concern the Natural World and see that we alledge our Sacred Books for such vain opinions how shall they believe those same Books when they tell them of the RESURRECTION of the Dead and the World to come if they find them to be fallaciously writ in such things as lie within their certain knowledge
