This thought sets Jon Ronson on an utterly compelling adventure into the world of madness. Along

the way, Jon meets psychopaths, those whose lives have been touched by madness and those whose job it is to diagnose it, including the influential psychologist who developed the Psychopath Test, from whom Jon learns the art of psychopath-spotting. A skill which seemingly reveals that madness could indeed be at the heart of everything . . . Combining Jon Ronson's trademark humour, charm and investigative incision, *The Psychopath Test* is both entertaining and honest, unearthing dangerous truths and asking serious questions about how we define normality in a world where we are increasingly judged by our maddest edges. Celebrating the creative side of failure in a way we can all relate to, *F in Exams* gathers the most hilarious and inventive test answers provided by students who, faced with a question they have no hope of getting right, decide to have a little fun instead. Whether in science (Q: What is the highest frequency noise that a human can register? A: Mariah Carey), the humanities (Q: What did Mahatma Gandhi and Genghis Khan have in common? A: Unusual names), math, or other subjects, these 250 entries prove that while everyone enjoys the spectacle of failure, it's even sweeter to see a FAIL turn into a WIN. Will some students ever learn from their mistakes? We hope not! A new collection of real—and really hilarious—wrong answers. This all-new collection of hilarious, totally wrong, real test answers serves a fresh batch of A+ wit misapplied to F- quiz scores. A little studying would reveal that the most powerful light source known to man isn't "lightsabers," nor do we salt the roads when it snows "to make them taste better." But where's the fun in that? From the same wellspring of failure as the million-selling *F in Exams* series, this special pop quiz collection will amuse and entertain anyone preparing to face down a test paper as well as those just glad to be far away from a classroom. If you are about to take a college entrance examination, attend an interview, or are being considered for promotion or further training, this book will be an invaluable practical resource that will increase your chances of success. INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates

"Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But *Factfulness* does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates

"*Factfulness* by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama

Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this

happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Four books in one: The ultimate compendium of the New York Times–bestselling series filled with hilariously wrong test answers from real-life classrooms. This fun omnibus features the complete content from all four books in the popular series—*F in Exams*, *F for Effort*, *F this Test*, and *F in Exams: Pop Quiz*—plus more than one hundred brand-new, sadly real, hilariously wrong, and sometimes admirably creative student answers (Q: What is the role of a catalyst in a chemical reaction? A: It lists the cats involved). Also including bonus trivia in the form of "Stuff They Should Have Taught Us in School" facts (did you know a sneeze can travel up to 100 MPH?), this A+ collection will amuse anyone facing down a test as well as those happy to have the classroom behind them. From the same hilarious wellspring of failure as the bestselling *F in Exams* and *F for Effort* comes this all-new collection of inventively wrong—yet totally real—test responses by students who don't know the answer, but come up with something better instead. Featuring crucial academic subjects including English (Q: Name a key theme in *Madame Bovary*; A: Cows), Geography (Q: Where can you find the Andes?; A: Google Earth), Science (Q: Describe the properties of a meteor; A: An animal that only eats meat) and more, *F this Test* rounds out the curriculum with an extra-credit section for those tricky elective courses, and demonstrates that it's more fun to laugh when faced with an absolute fail.
