The Halo Effect Phil Rosenzweig, 2008-12-09 Why do some companies prosper while others fail Despite great amounts of research many of the studies that claim to pin down the secret of success are based in pseudoscience THE HALO EFFECT is the outcome of that pseudoscience a myth that Philip Rosenzweig masterfully debunks in THE HALO EFFECT THE HALO EFFECT highlights the tendency of experts to point to the high financial performance of a successful company and then spread its golden glow to all of the company's attributes clear strategy strong values and brilliant leadership But in fact as Rosenzweig clearly illustrates the experts are not just wrong but deluded Rosenzweig suggests a more accurate way to think about leading a company a robust and clearheaded approach that can save any business from ultimate failure

A Wilderness of Error Errol Morris, 2014-01-22 Soon to be an FX Docuseries from Emmy Award Winning Producer Marc Smerling The Jinx featuring the author Errol Morris Academy Award winning filmmaker Errol Morris examines one of the most notorious and mysterious murder trials of the twentieth century In this profoundly original meditation on truth and the justice system Errol Morris a former private detective and director of The Thin Blue Line delves deeply into the infamous Jeffrey MacDonald murder case MacDonald whose pregnant wife and two young daughters were brutally murdered in 1970 was convicted of the killings in 1979 and remains in prison today The culmination of an investigation spanning over twenty years and a masterly reinvention of the true crime thriller A Wilderness of Error is a shocking book because it shows that everything we have been told about the case is deeply unreliable and that crucial elements of case against MacDonald are simply not true

Start with Why Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time with more than 56 million views and counting Over a decade ago Simon Sinek started a movement that inspired millions to demand purpose at work to ask what was the WHY of their organization Since then millions have been touched by the power of his ideas and these ideas remain as relevant and timely as ever START WITH WHY asks and answers the questions why are some people and organizations more innovative

more influential and more profitable than others Why do some command greater loyalty from customers and employees alike Even among the successful why are so few able to repeat their success over and over People like Martin Luther King Jr Steve Jobs and the Wright Brothers had little in common but they all started with WHY They realized that people won't truly buy into a product service movement or idea until they understand the WHY behind it START WITH WHY shows that the leaders who have had the greatest influence in the world all think act and communicate the same way and it's the opposite of what everyone else does Sinek calls this powerful idea The Golden Circle and it provides a framework upon which organizations can be built movements can be led and people can be inspired And it all starts with WHY
